Courtney has a confirmed initial OB visit scheduled for July 10, 2020.

Medical records for her methadone treatment, along with toxicology reports, have been requested. Per Courtney, toxicology reports will confirm reported opiate, xanax, and marijuana use.

Additional Information:

Courtney is a 29 year old Caucasian woman who is 13 weeks pregnant with an estimated due date of 1/21/2021. Gender of baby is unknown. Due date was determined via ultrasound. Race of baby will be Caucasian.

Courtney resides with the birth father of baby, Joshua, who is also the legal father. Joshua executed Consents on 7/14/2020. He is very supportive of her adoption plan and they intend to select an adoptive family together. Courtney reports having 2 children in her care.

Courtney previously placed 2 children through this Adoption agency.

Courtney and Joshua would like a 2 parent mom/dad and they are open to families who have other children in their home.

Courtney and Joshua would like an open adoption with pictures and updates until the child is 18 years old and yearly visits in Florida.

Courtney has a beautiful open adoption with the adoptive family of her son who she placed in 2019. They have a natural, fluid relationship with direct phone communication and frequent picture and update sharing.

Courtney wishes to have a post-adoption relationship similar to that dynamic.
