# Adoption Cost & Fee Breakdown

## Cost - More Details

### **COST OF THE ADOPTION – CALIFORNIA FINALIZATION**

This situation does come to us through an advertising service so there is a fee for that.

The estimated cost of the adoption is approximately \$41,500 which includes an Advertising Service Fee; Case Management and Legal Fees; Birth Mother Expenses; ICPC Fee, Motion Fee to terminate the rights of the father; Adoption Service Provider; Independent Counsel; State of California, Department of Social Services.

### **COST OF THE ADOPTION – NON CALIFORNIA FINALIZATION**

Estimated cost of the adoption as a NON California finalization is \$26,500. *This includes an advertising service fee, limited case management fee, and anticipated birth mother living expenses.*

**PLEASE NOTE:** *For an out of state finalization, (non-California families)* our office will not be involved in managing the case or handling the legal portion of the case. You will need to finalize in either your home state or state where mother resides. You will be required to obtain an attorney and/or agency in addition to any third-party providers as needed under the law of the state where finalization will occur.

We are unable to quote the cost for those items in another state. We are also unable to say what your state allows for payment of birth mother living expenses. You will need to add the cost of any fees, costs and expenses in either your state or birth mother's state to the estimated cost we provide.

### **TOTAL ESTIMATED COST OF THE ADOPTION: \$34,000.00 - [SEE COST DETAILS](#)**

Please be realistic in regards to your ability to pay the total estimated cost of the adoption by the time the expectant mother delivers her child. If you do not have the total amount required for this adoption available, AFMC recommends that you get PRE-APPROVED for an adoption loan BEFORE you submit for this or any other situation that exceeds your current budget to make sure the adoption will not fall through due to an inability to pay.
