

Craig & Marissa

Hello!

Thank you for taking the time to learn a little about us. We have been married 11 years and are excited to grow our family through adoption again. After years of not conceiving naturally, we felt led to adopt and the journey brought us to the blessing of our son. We are eager to adopt again and share our love, family, and blessings with another child.

A little about us...

We met 12 years ago through church and have been together ever since. We have enjoyed growing our marriage over the years and in October 2014 added a son to our family through adoption. We have built a solid foundation in putting Christ at the center of our marriage and family and will continue to do so.

Craig is a successful self employed business owner. He has a flexible schedule which will allow him to be a part of school activities that many dads never get to experience with their kids.

Marissa works part time as the early childhood director at our church. She has a flexible schedule and is open to staying home again full time after the adoption.

Together, we enjoy outdoor activities, camping, and traveling (we have been to 9 countries and all over the US). We have both always been involved in serving in various ways at church and enjoy helping others. We love spending time together, with our son, and with family. We look forward to sharing all our joys with your child.

What she says

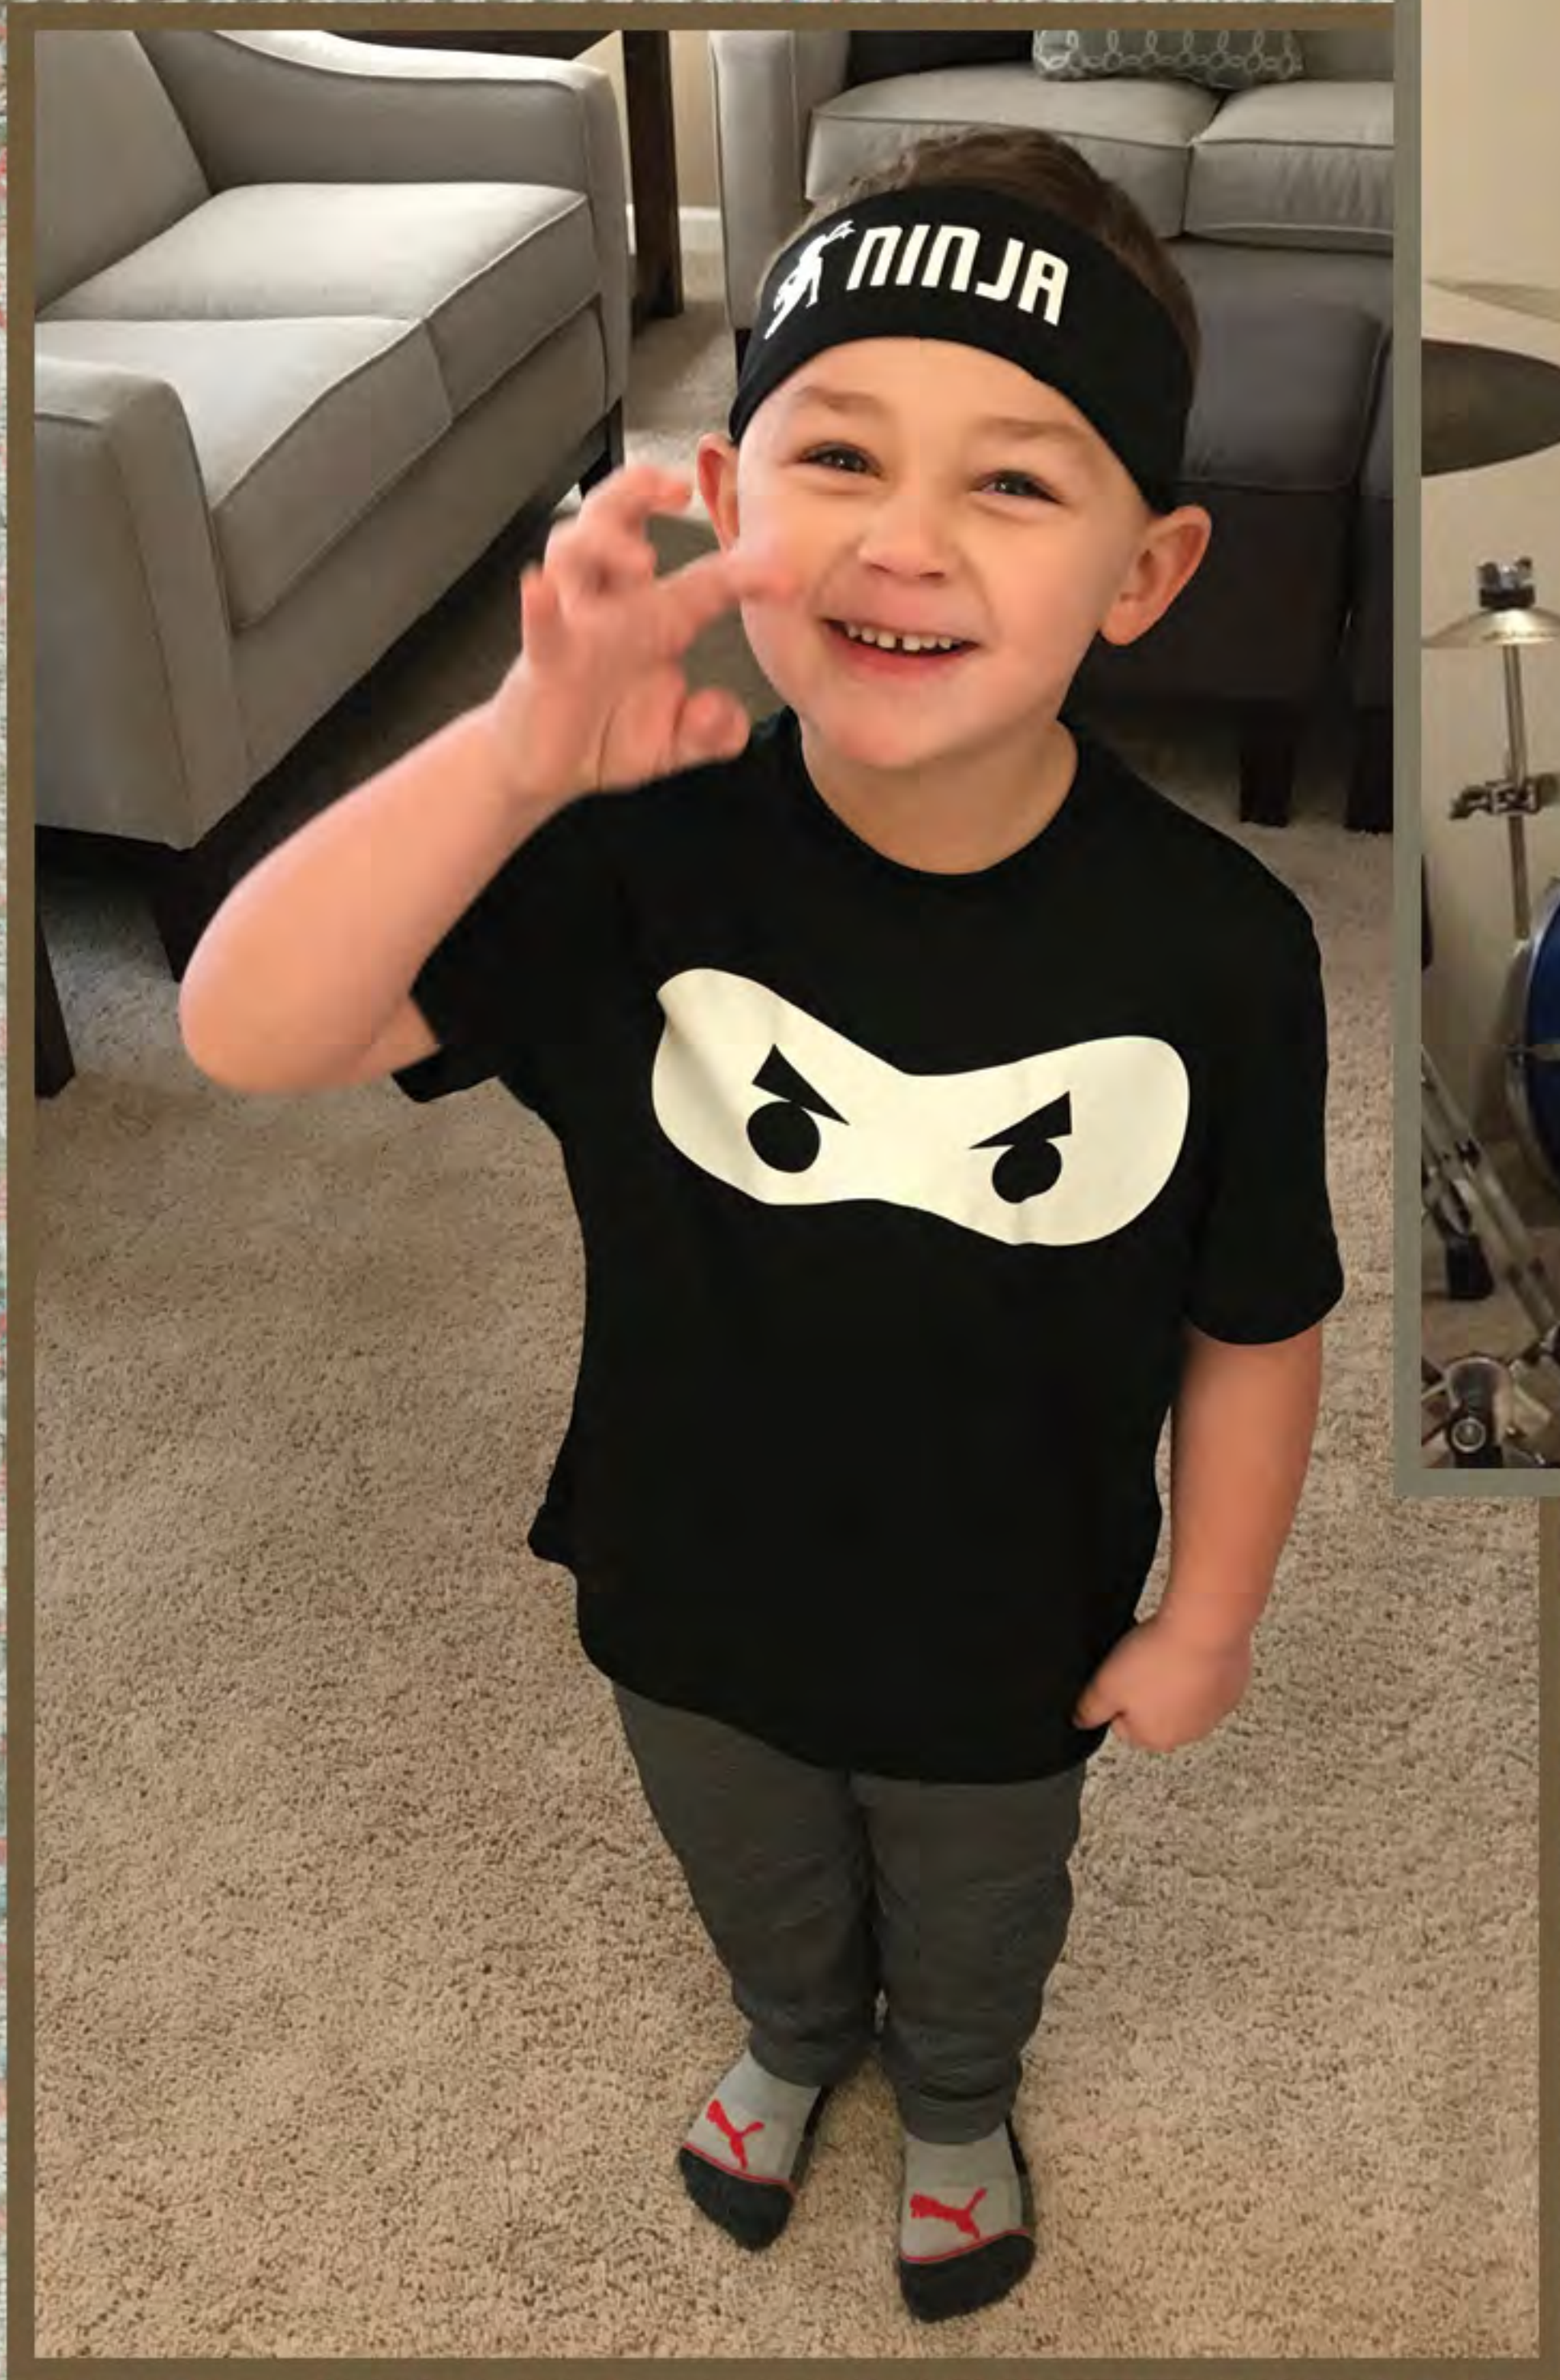

Craig never ceases to amaze me with the things he can do! He is a business man, a handy man, and is very creative with graphic arts. He is very hard working and accomplishes anything he puts his mind to. He enjoys many hobbies like photography, skiing, boating, playing the drums, mountain biking and anything outdoors.

Craig is solidly committed to Christ and our marriage. He is a kind-hearted man who values his wife and son and always makes time to spend with us, even coming home for lunch on weekdays to see us. Everyday he comes home from work excited to see Isaiah. I love watching him play with him in the evenings and hearing all the laughter. He is a loving and protective father. He is an unwavering source of love, encouragement, and support for me and Isaiah and I know he will be the same for our next child.

What *he* says

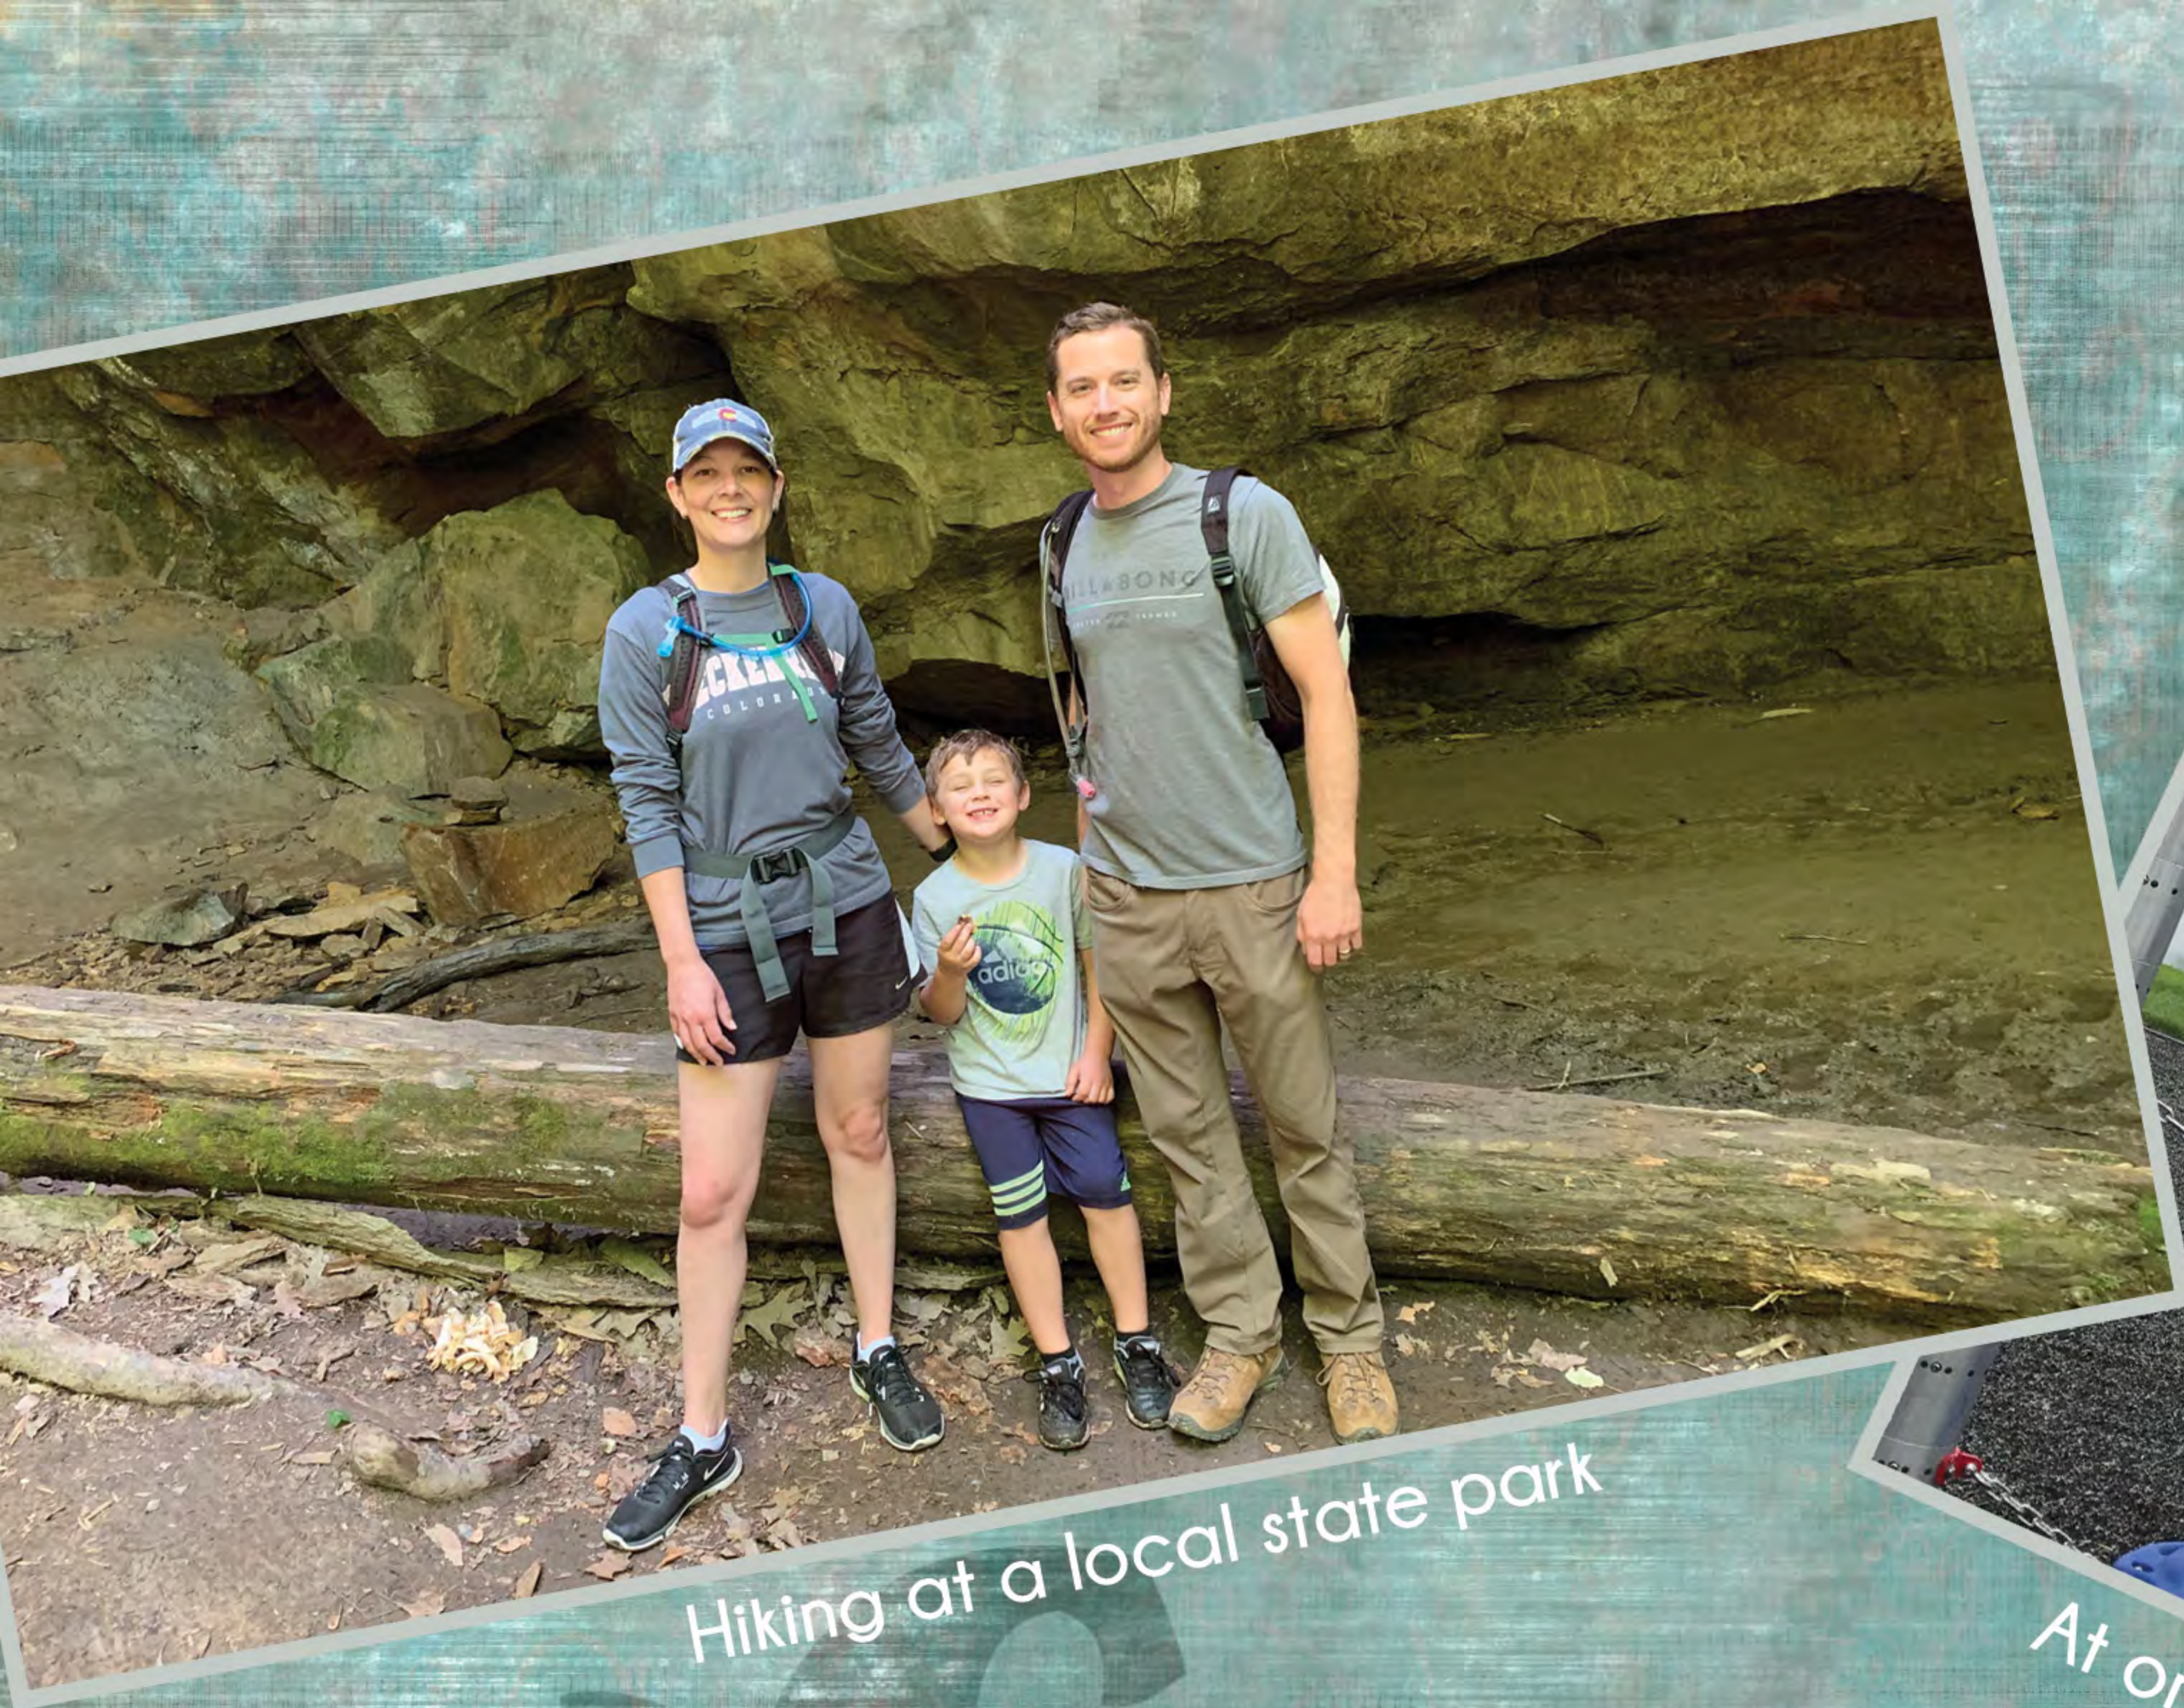

Marissa always impresses me with her work ethic when she puts her mind towards something. She is an extremely hard worker, creative, and very sharp in that she grasps things quickly. She is such a generous person and always looks for ways to go out of her way in order to help others. Marissa is an easy going and patient mother. She loves playing outside with Isaiah and teaching him to read and write, and Spanish. She enjoys ballroom dancing, puzzles, games, and Disney movies. She has been to Disney well over 74 times (Florida and California) in her life and doesn't plan to stop anytime soon. It is always a joy to watch her turn into a kid again each time she enters the park.

Isaiah

Isaiah is currently 4.5 years old. We adopted him at birth through domestic adoption and have been in love ever since we first laid eyes on him. He is a very smart and active boy. He loves being outside, building things, camping and playing drums. He is always wanting to help Dada and Papa fix things. He is such a blessing to our lives and we are forever grateful to his birthmother.

Home Sweet Home

We live in the Indianapolis area, between the city and the country, which gives us the best of both worlds. Our home sits on 5 acres with a creek in the back.. We have a pool to swim in and plenty of room to run, play, and ride the Gator around. We are close to schools, our church, parks, splash pads. Any sport or activity a child would wish to try out is offered here. Indy has a great children's museum and zoo. There are also state parks to enjoy the outdoors.

Family is very important to us! We are both very close to our immediate and extended families. Both of our families are Disney lovers and are thrilled to have another young child to join in our annual Disney vacations.
