

## We are Charles and Jessie from Pennsylvania

We hope to give your child a great life. We live in a rural area with wide open spaces. Your child would have a life where he or she will get to be outdoors and learn about the earth. We will provide opportunities for your child to enjoy what the world has to offer.

*Religion Child to Be Raised: Christian Preferred Gender of Baby: Either*

# Charles

**Ancestry:** European

**Religion:** Christian

**Occupation:** Teacher

**Education:** M.Ed.

**Hobbies:** Fishing, hunting, farming,  
basketball

# Jessie

**Ancestry:** Eastern European

**Religion:** Christian

**Occupation:** Registered Nurse

**Education:** BSN

**Hobbies:** Kayaking, painting, reading, animal care

*On a three-day weekend we like to explore a variety of venues. We have taken trips across the state for musical concerts. We have visited Charlie's Aunt Linda in Virginia and enjoyed the Christmas light festival at Busch Gardens. And sometimes we will take a drive to a National forest and enjoy the sights and animals. Close friends of ours have a camp about an hour or so north of us. In the summer we go up to float the river and, in the winter, we can keep warm in the cabin or visit the shops! Usually we like to take advantage of a three-day weekend to enjoy something out of the ordinary.*

*Our last vacation was to Florida to visit our great nieces and nephews and Charlie's brother. They moved to Florida a year and a half ago, and we have visited several times. Jessie loves the beach and spending time with the kids. Charlie ventured on a jet ski ride with his brother! We enjoy visiting local shops and museums with our family, as well as, taking time to relax beside the ocean and enjoy fresh seafood!*

*One of the biggest things we hope to teach our child is respect for all life, including his or herself. We spend a lot of time with animals, and we hope to share this passion with our child. Jessie has worked in animal rescue and pet therapy, and we both care for our farm animals daily. We hope to teach him or her to be kind and to think of others. We also want to support him or her to follow what makes them happy and pursue as many opportunities as he or she chooses. We want to share memories with our child of enjoying our church and community and family.*

*A child would enrich our lives in so many ways. We have dreamed of sharing our lives together and with children since we started dating. Charlie looks forward to taking your child fishing and teaching them about animals and nature. Jessie can not wait to take him or her trick-or-treating, watching his or her face light up on Christmas morning, or just snuggling and enjoying a story on a rainy day. Our friends and family are also waiting to welcome a child with open arms and to spoil them with time, love and probably presents too!*

*We want to share with our child always that his or her birth mother made the most loving and selfless decision for him or her to have a wonderful life. We hope to instill a sense of pride and belonging in our child about adoption. We want to ensure that our child knows that adoption was god's plan for his or her life and how much love he or she is always surrounded by. What he or she knows specifically about you will be based on the level of openness you are comfortable with, but we always want to reflect on you and adoption in a positive manner.*
