

Jay and Katy

Jay has a great sense of humor and is always making us laugh. We are his first priority and he works very hard for our family. He is an example to our kids of what it means to be a Godly dad and husband.

Jay enjoys being outside doing anything from working on the farm, taking walks to playing with the kids . One of his passions is a love for vintage cars. He has a 65 mustang that he frequently takes out for a drive.

Katy is a great friend and help mate. She is a dedicated stay at home mom where she is raising and educating our children with a Christ centered focus.

Katy has a special gift of ministering to people who are going through tough times and need someone that is willing to listen to their life challenges.

In her free time Katy enjoys gardening, reading , and antique hunting.

We again want to express our thankfulness to you for taking time to get to know our family. Having biological and adopted kids your child will be abundantly loved and accepted for their unique self. Our family will encourage and equip them to be exactly what God has created and designed them to be.

We have always strived to make Christ the center of our home. As a family we attend and serve in our church. We and our children have a personal relationship with the Lord and truly try to live that out in our home daily. We have and are praying for you and your baby.

With Prayer, Jay & Katy
