

Katelyn

and Gibson

Dear Expectant Mama,

Thank you for taking the time to read my profile. I admire your courage and strength in considering adoption for your child. I can never know how difficult this decision is for you, but I hope you have all the support and resources you need to make a plan for the future of you and your child.

If you do choose me, know that I am so excited to build a strong and on going relationship with you, because you will forever be a part of my family.

*With love,
Katelyn*

About Me

I am half Hispanic and was born and raised in Austin, Texas by my single mom with my three sisters and two brothers. Both of my brothers had special needs and one was adopted, so at a very early age I learned about caring for others and that families come in all shapes and sizes.

My mom always encouraged us to help others and be the best versions of ourselves. She was a very involved parent during my childhood, and I knew she loved me by her actions and how she worked to give us all the best life she could. How mom raised me is how I want to raise my future child; surrounded by love, opportunity, and diversity.

Favorite holidays:

Christmas (I love to decorate and bake!) and Halloween

Hobbies: Baking cakes, wood working, and reading mystery novels

Movies:

Enchanted and Pride & Prejudice

Music: Country and Top 40

Food: Fajitas

Place to travel: Places with hiking trails

Kate (as told by her best friend Delia)

I've watched Katelyn as she plays with my kids. She is compassionate and caring. She gets down on her hands and knees to play with them when they ask to play. When my husband is away, she is always there to help me when I need her. I know she will be a wonderful parent and I can't wait for our kids to play together. Kate is patient, adventurous, fun, caring, loving, and secure.

The Furry Family Members

Gibson is a 8 year old Greater Swiss Mountain Dog mix. He loves to play outside and be pet by everyone he meets, from the smallest child to the oldest adult.

Tex is the kind of cat that will curl up on your lap while you watch TV or read a book. Strangely enough his favorite thing to do is play in water.

Grant's favorite past time is curling up in a sunny spot on the couch for a nap. He is shy at first, but quite the cuddler once he gets to know you.

Our Home

I love living in my house. It's situated in a quiet cul-de-sac, and with 4 bedrooms, it has room to grow. When I saw it's big backyard with nine trees, lots of room to run and play, a garden, a hammock for naps, and space for a playset, I could immediately picture all the memories I could make there with friends and family!

childhood books!

Extended Family

Though my siblings live in Texas and in France we stay connected through texts, FaceTime, and trips to see each other every year! Past family vacations have included France, Colorado, and New York!

A family trip to meet the giraffes at the zoo where one of my sisters work!

When my siblings and I get together there is bound to be at least one silly photo!

Friends

I have an amazing support network of friends from many different backgrounds. They have been very encouraging on my journey to parenthood and I can't wait to share the ups and downs of parenthood with them.

The background of the image features a delicate watercolor illustration of green leaves. The leaves are elongated and pointed, with soft, blended edges and a variety of light green and sage tones. They are scattered across the white background, creating a natural and serene atmosphere.
