Our Letter To You

Hello, we are Levi and Brandi. We are very excited to be on this journey with you and we are praying for you daily. First and foremost God is the center of our marriage and our home and we are very involved in our church family. We are both 32 years old . We own our family electrical contracting business which Levi operates full time, while Brandi stays at home with the kids. We have five kids Ezekiel (10), Esther (9), Gideon(7), Phoebe (5), and Priscilla (3). We also have a labradoodle named Daisy and a boston terrier named Winston. Even though we already have five children of our own, the Lord has made it very clear to us that there is one more and that this one should come through adoption. We promise to give this baby unconditional love, a safe home where the baby will thrive and will always have someone to play with. We just want you to know we are so thankful for your consideration and hope this helps you get to know us a little.

With love,
Levi and Brandi

About Levi

I grew up in a small town in Indiana, with my parents, one sister, and two brothers. My childhood consisted of loving the outdoors, learning to work hard, and going to church with my family. After high school I went to one year of bible college before coming home to work in the family electrical business. Today I am a master electrician and for the last 8 years have owned and operated the family business. Our business is growing a thriving and has given our family some great opportunities, best of all it has allowed Brandi to stay at home with our kids for the last 10 years. I enjoy teaching our kids about the fishing, hunting, and how to be hard workers. These things are great but the greatest job I have as dad and husband is to be the spiritual leader of our family. I am excited to teach and lead this child that God is bringing to us!

About Brandi

I come from a small town in Indiana where I lived with my parents and two sisters. I grew up loving and playing basketball from a young age. My days were spent shooting hoops in our driveway with my parents and sisters. My family vacationed frequently to beaches or on cruises. Also my sisters and I would go on camping trips with my grandma where I discovered how much I enjoy being in God's creation. After high school I did a couple years of college, including one year of Bible college. Levi and I had our first child and since I've been blessed to stay home and pour all my energy and love into our children. I enjoy reading, teaching, cuddling, and just having fun with our kids daily. I pray daily for wisdom and strength as I intentionally raise our children to first love God and secondly love others. Being able to stay at home with our children has been the most rewarding experience of my life and I cannot wait to love and teach another!

13 Years and I Still Choose You

Levi is...

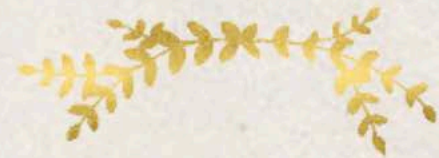

- fully reliant on God
- an incredible leader by example
- self sacrificing
- hard working
- persevering and determined
- wise in his decision making
- spontaneous and hilarious
- talented in all sorts of handy work
- encouraging
- incredibly loving

Brandi is...

- loving
- caring
- full of compassion
- a humble servant to others
- strong and confident
- gives to others
- wise beyond her years
- studies God's Word

Our family :
Ezekiel, Esther, Gideon, Phoebe, and
Priscilla

Our favorite place to be is at the beach. We go a couple times a year, and we go to the beach to paddleboard, explore, fish and even catch crabs! Vacations are some of our favorite times to do something new.

and like to explore different beaches in different states. We love to snorkel, something we all look forward to as its a time to get away and experience new together.

Levi's Family

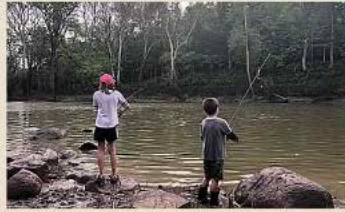

We live close to my parents and get together often. My brother and sister live out of state but we still are able see them during holidays or Facetime. My parents have created a legacy of a very strong faith and commitment to the Lord which they have passed down to their children and grandchildren.

Brandi's Family

We live close to my parents and my sister's families. They all like to support everyone's kids. Whether its a baseball game or a school event they do their best to attend. My parents have hearts that give and love to make each child feel special in their own way.

Thank you for taking the time getting to know our family.

With Love,
Levi & Brandi
