

RAQUEL
and
DARION

About Raquel

Hi, my name is Raquel. My parents are from the Dominican Republic and have been married for 50 years. I am one of three children. I have an older brother and younger sister. I have one niece that is currently attending college and we love to spend time with her.

I work with cancer patients and have been a radiation therapist for about 13 years. I enjoy traveling, running, and spending time with friends and family. We love hosting Christmas and Thanksgiving gatherings almost every year. I look forward to sharing and building more memories with our growing family!

About Darion

Hi, my name is Darion. I earned my B.S. in Civil Engineering from Georgia Tech, and I worked in the field for many years before starting a real estate investment business with my younger brother, Trent. I enjoy traveling, attending sporting events and spending time with my childhood friends who are like my extended family. I serve on the boards of several non-profit organizations that focus on eliminating homelessness and promoting education.

Our Story

HOW WE FOUND EACHOTHER

It all started when we met online back in 2009, before it was popular. Our first date was in a cozy coffee shop in the city. We sat and spoke for hours over a cup of coffee and dessert. Our third date was sky diving, an adventure we would never forget. From that moment forward, we were inseparable.

We valued our time together and enjoyed getting to know each other. We spent the next few years going on dates and spending all of our free time together. We were engaged by November of 2011 and married in June of 2012. Together we enjoy traveling, sporting events, concerts and spending quality time together and with our friends and family. We are excited for this new chapter in our life and we look forward to expanding our family through adoption.
