

Mike & Brittany

Hello from Michigan! We appreciate you taking the time to learn more about us. We are an adventurous Christian couple who are excited to grow our family once again through the blessing of adoption. We are looking forward to providing a loving and stable home for your child and having him or her experience all that the country life has to offer. We are excited to begin this journey with you!

We are an enthusiastic Christian couple who have been married 7 years. After struggling with infertility God blessed us with two wonderful boys through adoption, and we are so excited about the possibility of adopting again. Whether it is spending summer days at the beach, going on new hikes to see waterfalls, or ice skating in the winter, we are a family that loves being in the outdoors. We enjoy playing sports, movie nights, coffee shops, and getting together with family and friends. We love to travel and do so often! We are grateful for Mike's job as an airline pilot which provides our family with an unlimited amount of free flights. We enjoy visiting new places, experiencing new cultures, and trying different foods. We love that we are able to make so many memories as a family and look forward to sharing these adventures with your child.

My Husband Mike

Mike is a kind and loyal man with an incredible work ethic. I am constantly amazed at his willingness to always put others first and lend a helping hand. He can always make others laugh through his goofy sense of humor and is a kid at heart. Mike was born and raised in Texas and is a huge Longhorn sports fan. He is a great cook and is continually exploring new recipes. He also enjoys golfing, hockey, and learning about technology. Whether it is playing ball, building forts, or making superhero pancakes, Mike is a very devoted father who will do anything to make our boys happy! He is looking forward to teaching your child how to ride a bike and be confident and kind.

My Wife Brittany

Brittany is the most thoughtful, faith-driven, and caring person I know. She is very outgoing and always makes sure our days are filled with new adventures and lots of fun. She is upbeat, witty, and the biggest family supporter. You won't find anyone who loves Christmas more than her, meaning our tree and lights are up before anyone in town. Brittany also loves animals and using her creative abilities in the woodshop making neat signs and puzzles. She is an incredible mother full of joy and patience. Our boys love her living room dance parties and trips to the zoo. She is looking forward to helping your child pursue their individual talents and dreams.

We have been blessed to adopt both of our boys and it has been such a joy to watch them grow and learn new things each day. Tyus is full of energy and gives the best hugs! He loves to play outside, legos, ride his 4-wheeler and build things with his dad. Decklan is a very happy toddler who loves puppies, airplanes, and going on tractor rides. Both Tyus and Decklan are biracial so sharing and embracing their heritage is important to us, and we promise to do the same for any child who joins our family!

Our Home

We love spending time outdoors!

Fun with the animals!

We have been blessed to build our dream home out in the country where we get to experience all four seasons to their fullest. We are fortunate to live within walking distance of multiple family members including Brittany's father, brother, sister in-law, two nephews, and aunt and uncle. All family members live separately on 80 acres that includes an indoor basketball court, tennis court, ice rink, and a fenced in field that is the home to two horses, a mini pony, a donkey, and chickens. Our boys love caring for and interacting with the animals. We enjoy being able to hike through the woods in our backyard, build forts, and ride four-wheelers through the trails. We are weekly attenders at a local church and participate in a weekly Bible study. Brittany enjoys helping out with the Sunday school programs and in the nursery. We have a great church family. Our community has a great school system, beautiful beaches, many fun parks, and is a very safe place to live.

Plenty of room to run and play!

Also part of our home is our Golden Retriever Bernie who loves people, swimming, and chasing tennis balls!

Our Family

When it comes to family we are blessed in abundance. We were both blessed to have been raised in Christian homes and continue to be very close to our immediate and extended families. Brittany has one older brother. He and his wife have two boys. We enjoy living close to them and frequently get together for game/movie nights, cookouts, and to just hang out. Our boys love playing with their cousins and we are grateful that they will be able to grow up together. Mike's parents live in Texas along with two of his sisters and his brother. He also has a sister who lives in Idaho with her husband. We enjoy visiting them multiple times a year. Our families make sure that no achievement or milestone goes uncelebrated, and are very active in our children's lives. Everyone is excited for another child to love!

A few of Our Traditions

We enjoy visiting different amusement parks. Mike and Tyus love roller coasters!

Brittany absolutely loves Christmas! We are most likely the first ones in town to have our tree and lights up. Matching Christmas pajamas are a must!

Every fall we look forward to going to our favorite family friendly resort in Texas with Mike's family. We especially love the lazy rivers through the countryside!

We carve pumpkins every fall and have an Easter egg hunt in our backyard with family every spring.

Every summer we rent out a large cabin on Lake Superior with a group of our friends. We enjoy going swimming, tubing, kayaking, and having camp fires. One year we even got to see the Northern Lights!
