

Thanks for checking out our profile
and wanting to learn a little more
about our family! We recognize this
decision to choose someone else to
parent your child could be very
difficult, but we appreciate your
consideration. We hope through our
profile we show our active, loving,
and sometimes goofy selves and give
you a better understanding of what our
life is like.

the places

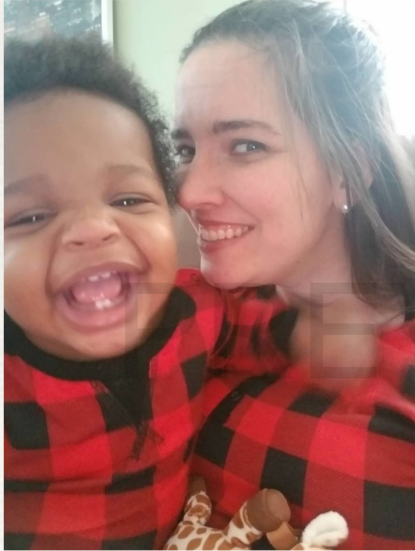

We live in the Chicagoland area, which gives us access to TONS of family-friendly activities. Whether we spend the day picking apples, at the aquarium, or eating Portillo's french fries, we love getting out of the house and exploring our neighborhood.

Both of our families raised
us to be huge sports fans,
so we keep up the tradition
by attending as many games
as possible. We even got to
attend the World Series
Champs parade in Boston to
help Cassie's family
celebrate the Red Sox in
2018!

Matt about Cassie

Cassie is the single best person I know. She's 32 years old, works in law enforcement, and has a Master's degree in Social Work. She is incredibly kind and driven and I've loved getting to witness her growth throughout our relationship. She has the greatest sense of humor and a wonderful relationship with her mom. Cam and I are so lucky to have her!

Cassie about Matt

Matt is also 32 years old and works as a logistics planner. He is the most caring person I've ever met and shows me so much grace and kindness that I feel lucky every day to raise a family with him. He is always willing to make an extra trip to the grocery store or bring me coffee when I've had a long night at work. In addition to this, he's a blast to hang out with! He always knows how to make me laugh and reminds me not to take life too seriously.

We appreciate the time you have taken to learn more about us. We hope our children stay curious, find their passion, learn to love others unconditionally, and understand their adoption stories. Family outings will be the norm and we look forward to supporting our kids at sporting events, concerts, academic competitions, or whatever excites them! We are ready to teach them as little or as much about you as you'd like and are open to talking more about that if you think we are the right fit. Thanks again for taking a glimpse into our life and we wish you all the best on this journey.
