

Dear Expectant mom/parents

We are Priscilla, Fletcher e Sofia, a lovely family from Minnesota.

We appreciate you taking your time to learn about us and hope you consider our family a perfect match as adoptive parents. We can't wait to provide a WARM, SECURE and HAPPY family environment (with lots of hugs and kisses) for another child.. We cannot imagine how this moment is so delicate and difficult to you, we admire and respect your selflessness! Please know that no matter what you choose, we wish you and your child all the best. We hope this book gives you a glimpse about our family. We look forward to hearing about your ideas!

SWEET *moments*

Our relationship began like a nice friendship; we found each other on Facebook and started to talk by chat. We discovered a more and more strong connection with us, so a natural interest was arising between us. We met first time in New York in Time Square; that was a great opportunity to us be closer. We had fun moments like playing Ping Pong and doing some nice tours around Time Square area. That time Priscilla lived in Brazil – Rio de Janeiro and Fletcher in Minnesota. Fletcher visited Priscilla in Brazil a couple of times and she went in Minnesota also. On June 2016 we married with a nice party in Fletcher's mom house. Priscilla moved to America and now we live in a beautiful home with our daughter Sofia.

Why we want to adopt

We want to adopt because we wish a sibling for our daughter to play, love and grow with. At this time we are not able to have a child on our own.

Being open to Diversity

We both believe that all humans - no matter their race, ethnicity, heritage, religion or sexual orientation - are interconnected beings and deserve equality,, love, kindness and respect. We feel that diversity in a family is truly a strength. Priscilla is from Brazil and brought her culture upbringing to our family and it added more areas to explore and enjoy.

My Career by Fletcher

I received an accounting degree from the University of Minnesota and spent most of my working life in the accounting world. I have serviced the health care property management and insurance industries and spent the majority of my life in the food industry. I'm currently still there. Accounting is a very secure job to help raise a family.

My Career by Priscilla

I have degree in Early Childhood Education and Library Science and I worked in both of these fields when I lived in Brazil. I'm proud to say I helped several children in my work in Day Care and Schools. I also worked as a secretary in a big hospital, doing documents for student doctors. When I came to America I knew I would start over and I did it! Now I'm in the culinary industry! What I think is that spending the majority of my time with my children is the most important part of my week, I work just weekends.

OUR *home* AND NEIGHBORHOOD

We live in a suburb of Minneapolis in a spacious apartment with a large living room, a huge master bedroom and a bedroom for the kids. Our kitchen is large with a connecting dining room. Our complex has a playground, swimming pool, game courts and a large green area. We also live close to many parks, schools, libraries and play centers. Our neighborhood is safe, has plenty of parks around, friendly neighbors and many kids.
