

Jennifer & Todd

Our Letter to You

Thank you so much for taking the time to learn about and consider us as your child's adoptive parents. It is our hope that this book gives you a glimpse at how much we love each other and how thankful we are for the incredible support system surrounding us. Even though we have never met, we have a tremendous amount of admiration for your strength and courage during this process.

We cannot imagine the feelings you have, or will experience, in your decision to plan an adoption for your child. We offer our sincere support during this time. From a very early point in our engagement, we had adoption in our hearts.

We promise that your baby will be loved and cherished, nurtured and guided. We promise to read to your child and make sure they get a good education. We promise to support him/her in whatever they are passionate about in life. We promise to give hugs every day and surround them with love.

We hope that this letter and these photographs provide a glimpse of the loving home we have to offer.

Thank you so much for giving us the opportunity to tell you about our dreams for the future. It is important for us to be open with an adopted child about their roots, background and story, and especially to honor the importance of you, their birth mother, in their life. Your trust in us is humbling.

Kindly,

Jenn & Todd

Our Story

We met in 2014 when Todd was in town for a job interview. We're both very outgoing and love to talk so we immediately hit it off. After 3 years of dating, Todd proposed in July 2017. We were married in a beautiful ceremony six months later. We have tried to get pregnant, but were not successful. We discussed adoption early on in our relationship. Our time together has been special beyond words, but our heart's desire is to grow our family. We love one another unconditionally and are thrilled to hopefully one day become parents together.
