## About Us

We are Hayden & Jonathan, a family of 5 from sunny Arizona! We are eagerly waiting for a beautiful child like yours to become a part of our forever family! After two miscarriages and trouble getting pregnant, we were graciously blessed with 3 beautiful children. We are SO GRATEFUL for the joy our children bring, and the miracle they are in our lives. After our 2nd miscarriage, we began to learn more about adoption. We immediately and undoubtedly knew this was something we wanted to pursue. We have faith in God, hope, and infinite love waiting for the opportunity to grow our family.

*Hayden has her Master's Degree in Social Work, and has a sibling that has adopted 3 beautiful children of their own. We have seen first hand the blessings of adoption in our community, and within our family circle. Adoption has taught us that family goes beyond blood, it is born in the heart. It is rooted in love and community, instead of biology.*

# *a little about* **JONATHAN**

*I grew up in Sacramento, California where I spent my childhood at the community pool, playing on the Jr Golf tour, & traveling to tournaments all over the country. My mom was a teacher and wedding DJ so I was raised on great music, and love old school R&B. I was also an Eagle Scout and served a 2 year mission for my church in Ohio. My siblings and I are very close and we went on many family vacations together. That time spent with them are some of my fondest memories. I look forward to taking my children on more vacations, and sharing those experiences with them.*

## **FUN FACT...**

*I have bowled 2 perfect 300 games (I have the rings to prove it haha). I also have made 3 hole-in-one shots in golf!*

# *a little about* **HAYDEN**

*I grew up in Mesa, Arizona and experienced life through sports and family. I love to cook & have fond memories of cooking in the kitchen with my grandma. I also love-love sports and am so grateful for the experiences, opportunities, and life-long friendships they provided me. Volleyball blessed me with a college scholarship to play in South Carolina. I was able to pursue my education and eventually got a Masters Degree in Social Work. My greatest memories in life are not from the items I have, or the things I've purchased. I get joy from living life and making memories with friends and family.*

## **FUN FACT...**

*I was inducted into my high school Hall of Fame for my athletic accomplishments in Volleyball, Basketball, & Softball.*

## WHAT HAYDEN LOVES ABOUT JON

*Jon plain & simply is an amazing father. Jon is a very balanced person. He is someone who constantly strives to be the very best he can be.*

*He is honest in all his dealings, and seeks to provide his family with spirituality, peace, joy, and happiness. His strengths include patience, drive, and a ton of curiosity; which leads him to research and ask questions about how and why things work the way they do. Those around him enjoy his positive honest attitude and outlook toward life. Everyone that ever comes into contact with Jon enjoys his company. He is very personable and easy to talk to.*

*Hayden is a very hands on mom. We are blessed to have her at home everyday to raise our kids! She feels strongly about being with our children as much as possible. Being a full-time parent is the most important role/job to her right now. Our family is her priority. She loves to raise our family, and is a great example to us all. Hayden has a great sense of humor, and is easy to talk to. She is someone people want to be around and converse with; she is the best listener!*

*We are so lucky to have her in our lives. I love her dearly and look forward to spending our life together.*

## WHAT JON LOVES ABOUT HAYDEN

# *So very blessed*

*Our oldest child/daughter has the sweetest disposition. She attends school, dance gymnastics,, & music class. She is a great big sister, always willing to share, and loves to read books and play with her brothers. She sings and dances wherever she goes!*

*Our middle child/son is a comedy show. He loves to be silly & is always on the go. He is a busy body that loves to play and get into things. He follows his sister every where she goes, & loves to play with his brother.*

*Our youngest child/son is Mr. Chill. He is go with the flow & always has a smile on his face. He laughs often and is a fun loving brother.*

# forever FAMILY

*Our immediate family circle has a lot of love and support to share. Hayden comes from a blended family of 10 siblings. Amongst her siblings there are currently 25 cousins, 18 of which live within ten driving minutes. Her siblings/family get together at minimum once a month, and all the cousins play and play and play! Jon's family is also blended and consists of 3 other siblings, and a brother-cousin. (He is more like a brother than a cousin since they were raised together.) Amongst his siblings there are 9 cousins, 6 of which actually live in the neighborhood. Our families see each other multiple times a week. Amongst our two sides of the family there is a lot of love, faith, family, friendship, fun, and support to give to our new little one. There is absolutely no difference in the amount of love we have for the biological children/cousins versus the adopted or married into our family cousins. We all are anxious to bring another child into our fun loving life!*

# CAREERS

# REACH FOR THE STARS

*Hayden: I have a Master's Degree in Social Work, but put my career on hold to raise our children. Being a mom is the most important thing to me. I feel strongly about staying home to raise them while they are young and impressionable. I have a strong desire to help others, and will go back to the field of Social Work when the time is right.*

*Jon: I am Self-Employed & own my own seasonal Christmas Light Installation Company with my cousin. We have been in business for 11 years! Hayden & I also have a Land Investment company that we manage in the off season. Being self-employed allows me a flexible schedule, so I can spend time everyday with our kids!*

WAITING FOR ANOTHER

little MIRACLE

*Thank you for taking the time to get to know our family! We want you to know that we are willing to be as open with the adoption that you are comfortable with. This child will always know that they were adopted and are loved by you and us both. We know that this decision was not taken lightly, and we sincerely empathize with you. As the birth parent(s) we think you are so admirable and you will ALWAYS be spoken about with respect and with the highest regard. Jon's brother is half African-American, and our adopted nieces/nephews are half Hispanic and half Korean. We are all open-armed to any race, ethnicity, and culture. If there are any cultural customs or family traditions you have, we would love to learn and hear more about them so we can incorporate them into the child's life. Thank you for your time, and we look forward to learning and hearing more about you!!!*

JOYFUL  
thanks

FOR YOUR TIME &  
INTEREST IN OUR FAMILY!
