About Us

We were both born and raised in Utah, in faith filled homes. Our faith in Christ is the rock that helps us through this crazy thing we call life. We have been married for 6 1/2 years and love spending time together. Noah was born in 2016, he is such a blessing in our life, and is so much fun to be with.

Jared

Jared is a glass half full type of a guy! He connects with each person he meets, and makes them feel loved. He is a loving, and attentive father. He is usually found playing Legos, sports, and reading to our son Noah. The neighborhood kids have affectionately nick-named Jared "number one fun adult".

You can often see Jared drinking a diet coke. One thing you won't find him doing is drinking milk that is even 1 day past the expired date. Jared is always serving and helping anyone and everyone he can. He has a big heart and fun personality.

Adventures

We are very active and love being in the outdoors. We love to travel as a family and love the chance it provides us to learn about different cultures. However, we are lucky that Utah has so much to offer too. From the beautiful mountains that offer camping and hiking to the amazing lakes that offer boating and swimming. We enjoy spending time at family cabins To top it off, Disneyland isn't too far away. We all love to spend time at the happiest place on earth.

Traditions

We love Halloween! We love the costumes, carving pumpkins, and making graham cracker haunted houses. In the spring we get together and ride four wheelers, decorate Easter eggs, and eat delicious food! The summer is always time to be outside, camping with family, and boating. We love to drive around and look at Christmas lights.

Our Home

We moved into our home in 2015. We have loved our home, and love having family and friends over to enjoy each others company. Our neighborhood has a lot of young, and older families. The kids are constantly playing outside with each other in our cul-de-sac. Our neighbors are warm and friendly and we get together for our annual 4th of July neighborhood BBQ. We feel so lucky to live in such an active, safe, and fun neighborhood.
