We have advanced and ongoing , training and coursework in trauma and it's impact on child development. We are willing and able to facilitate travel as appropriate to keep family connections.

I am a Kindergarten teacher and have spent the last 17 years teaching and advocating for children. I have the ability, and willingness to be a stay at home mom with these children as long as needed after placement.

Jason is a Detective Sergeant at the local police department and is very involved in the community and dedicated to being a strong husband and father to his children.

Diversity , and social justice are important to us. Our children attend an amazing private school with a very diverse student body and the opportunity to embrace and experience a diverse community and a world class education including winter sports , foreign language, outdoor learning , and an outstanding art and music program!

There is so much more that we would love to share with you about our family and we hope you will reach out so that we can share more with you!
