

*We adopted A.J. in 2017 in Las Vegas, Nevada. He is our pride and joy. He is always on the go and would live outside if we let him. His favorite things to do are play in the backyard on his swing set, dig in the dirt, mow the grass with his toy lawnmower, play with cars and trucks, go on bike rides on his Strider bike, go to swimming class, and go to gym class. A.J. is looking forward to a baby sibling to add to our multiracial family.*

*We think of A.J.'s birth family as an extended part of our own family. We go to visit his mother, half-sister, and Grandma in Las Vegas once a year. Between visits, we maintain an open relationship with them via email, text, and letters. A.J. has two other half-siblings who live in Kansas City with their adoptive families. We also maintain an open relationship with them via texts and visits.*

*Jim was born in Detroit, Michigan and moved to Colorado in 2001. He is smart, witty, selfless, compassionate, and*

*hardworking. He works for Children's Hospital as a Biomedical Engineer. He received experience when he was in the United States Air Force.*

*In his spare time, he enjoys working in the yard, hiking, photography, and watching sports (especially Rugby that he coached for many years).*

*Tina is a Colorado native. She is loving, caring, and a bit goofy. She is a stay at home Mom and loves every minute of*

*it. She has her Masters degree and has over ten years of experience in the blood banking industry. In her free*

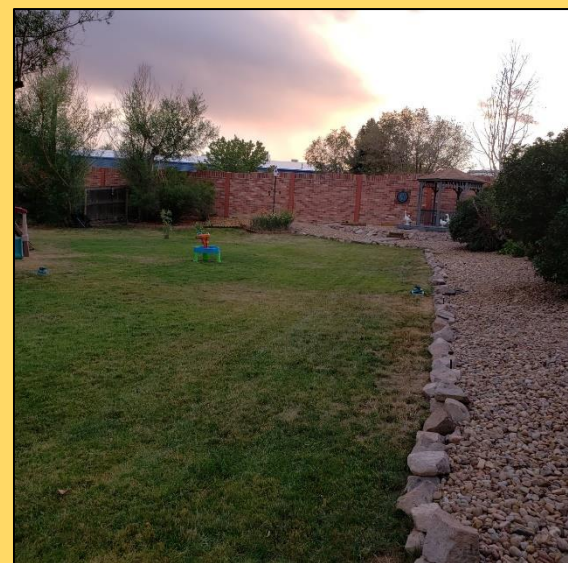

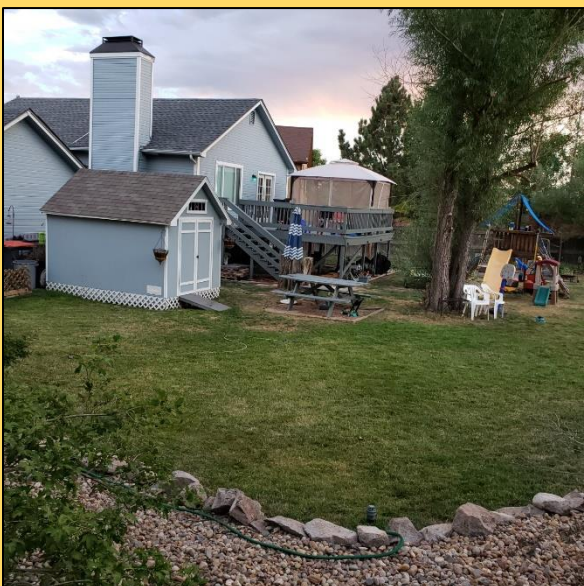

*time, she enjoys reading, singing, cooking, and helping run a United for Adoption social media group.*

*We own a three-bedroom, two-bathroom, single family home with a finished basement. Our neighborhood is maintained by an HOA and is near schools, daycares, hospitals, doctor offices, community centers, libraries, and several parks. Included in our HOA are a clubhouse, pool, playground, tennis court, and golf course. There is a walking path*

*that circles the outskirts of the golf course which is a mile long. We use the pool for family swims and the path for family walks often. The neighborhood is full of children of all ages. We sit on a ¼-acre lot that has a fenced in yard with a lot of room for running and playing.*

*As a family, we enjoy going on walks/bike rides, playing with our dogs, traveling, attending church, serving in our church kid's ministry, attending United For Adoption support group outings, and spending time with family and friends. We are excited to share our hobbies with your child, but most of all, we are excited to start new hobbies based on your child's own interests. We can't wait to go on family vacations or just hang out in our home playing in our backyard, walking our neighborhood, reading books, and playing with toys and crafts.*

*We love celebrating all traditional holidays together including New Years, Valentine's Day, St. Patrick's Day, Easter, Fourth of July, Halloween, Thanksgiving, and Christmas.*
