

*Hello,* Thank you for looking at our book. We don't know where you are at in the process, and we do not take lightly the decision you are making. We hope God will bring you peace about your decision and lead you to the right family who will support and love you. We have been wanting to expand our family through adoption and would love to talk with you if you decide you would like to know more about us. May God bless you, your baby and your future.

# *about us*

## **HOW WE MET**

We met in high school while working at a movie theater together. Our first date was at Jeremy's High School prom, and we dated through college. Once we graduated college in 2010 we got married. We were married in the same church Mary grew up attending and the same church her parents were married in. We had our wedding reception at the same location of our high school prom.

*a little about*  
**JEREMY**

Jeremy grew up in a large family, third out of six children. He has two brothers and three sisters. Growing up he was involved in boy scouts and played soccer. Jeremy graduated in 2010 and has worked since as a civil engineer. He loves his kids and spends lots of time with them. He is a nerd who loves Star Wars, board games, super hero movies, and going to Disney World. He stays busy serving in our church every Sunday and running around after the kids at home.

*a little about*  
**MARY**

Mary grew up in a small town on a farm. She loved animals and riding her horse as a kid. She is the youngest, having grown up with two older brothers. Her parents still live on the farm. Mary enjoys spending time with her kids. She is a stay at home mom who enjoys (when she has free time) watching episodes of FRIENDS and eating all the chips and salsa she can. On the weekends she serves at church helping in children's ministry. Her goal is for her kids to love and serve Jesus and go on as many adventures as they can!

## A LITTLE ABOUT OUR WILL

William was born right before Valentines Day in 2014. He is a fun and creative kid who loves to be outside. His favorite place is on Mary's parents' farm seeing the cows and taking a ride on the gator. William is adventurous and outgoing. He enjoys his friends and cousins and having a good time. Some of William's favorites include the Kansas City Chiefs, trucks and tractors, and asking questions about everything! William is already a great big brother and would love another sibling.

### A LITTLE ABOUT OUR EMMA

Emma is our little holiday baby born right before Christmas in 2016. She is the sweetest, most nurturing little girl. She loves babies and would truly love being a big sister. She is both sassy and caring and loves to dance and sing. She enjoys playing with other kids, especially her cousins who are some of her best friends. Like her momma, she would also eat nothing but chips and salsa.

Silver Dollar City

Cutting down our  
Christmas tree

We love the holidays, especially Christmas. We like to cut down a real tree and go see Christmas lights in our matching PJs. We enjoy going to Silver Dollar City with family to see the lights and take the train ride.

THESE ARE OUR  
FAMILY & FRIENDS

Mary and her cousin

# Adventures

One of our favorite ways to spend time together is to take a family vacation. We have traveled to Disney World several times, the Rocky Mountains, Smokey Mountains, Hawaii, and many different beaches. Our last Disney World trip was to celebrate the adoption of Mary's niece and nephew with Mary's entire family.

Halloween Fun  
We go to Jeremy's work Halloween party every year.

We also have made fall traditions of going to the apple orchard and sunflower farm to see the flowers.

Fun at Mary's Parents Farm

To celebrate the adoption of our niece and nephew, the whole family went to Disney World!

Emma's first trip to Disney

## *Our promise to you...*

Thank you for taking time to read our book. We hope that it helped show who we are as a family. We would love to expand our family through adoption. We believe God will place this book in the right hands. If you want to know anything about us, please ask. We will love and cherish another child and would be so thrilled to share this journey with you.

We would be open to any level of contact you are wanting throughout life. We will be completely honest and teach any child who enters into our family via adoption to be proud of their adoption story, birth family and culture.

We will do our very best to continue educating ourselves on adoption and raising an adopted child. We have been praying that God puts another child in our family and we know that He will be faithful.

Sincerely,  
Jeremy & Mary
