

Matt & Alissa

Dear Expectant Mom,

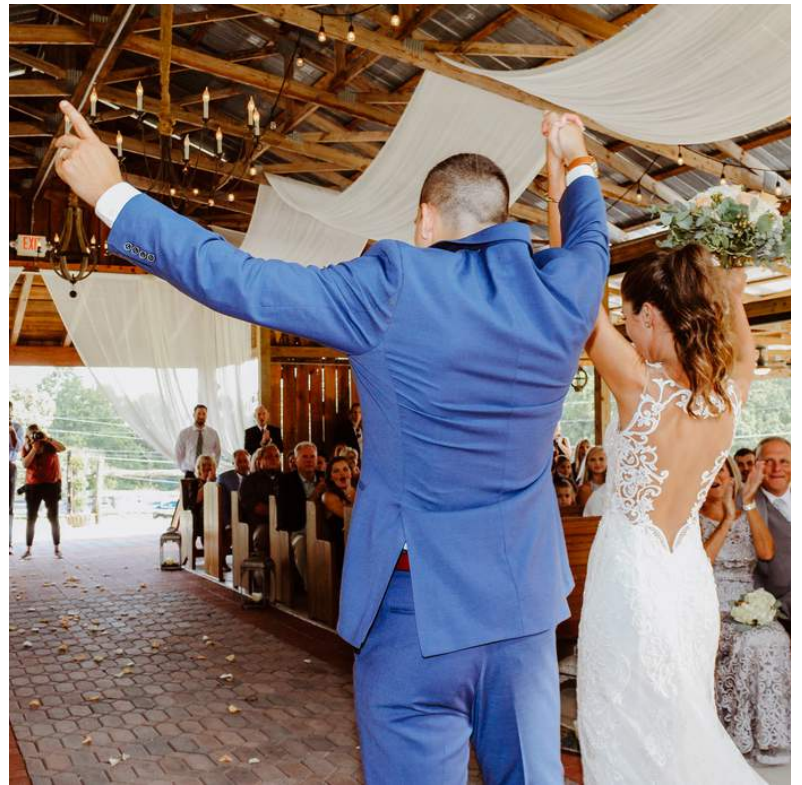

We are the Matt and Alissa, and we are filled with joy and gratitude that you are taking the time to look through our profile. We have prayed over you and your baby; we know that this is a challenging time and admire you for the decision you are making. We pray that the God of all comfort brings you peace that surpasses understanding in this season. We hope these pictures truly say a thousand words and give you a glimpse of what life with us would be like - filled with a lot of love, laughter, family, and Jesus. We hope to be able to talk to you soon!

Home

We live in metro Atlanta, minutes away from all of our extended family. Alissa's family has lived in the same town for five generations; between sports, birthday parties, pool meet ups, and holidays - there is always a family gathering on the books. In our down time, we love lazy days and snuggles at home!

Our Family

We love living just 15 minutes away from Charlie, Truett, Elliott, Dillon, and Melody because there are a lot of water balloon wars to be had, popsicles to be eaten, and cuddles to be shared!

Fendley

We love our fur baby, Fendley! Fendley tags along with us practically everywhere - including work. Everyone adores her and her sweet temperament.

Home away from home - Church!
