*Thank you for taking the time to consider us as you make this difficult decision. The fact that you are choosing what you believe is the best option for your child in adoption shows us how very strong you are. We hope you will see the love we have for each other, our family, and our future child through this book. If you so choose, we promise to love your child unconditionally. We would be so excited to bring your child into our family! Our goal will be to always speak honestly with your child about your love for them. We sincerely thank you for your strength and dedication to your child's future.*

*We look forward to meeting with you!*

CHRISTINA

**Christy loves to travel, especially to Disney World.**

**Growing up, she wanted to work in a forensics lab or be a teacher; however, her love of math led her to become an accountant, which later evolved into a career of fixing accounting systems. Christy enjoys playing pranks and loves trying to make people laugh. She has a big love for '90s music and enjoys cross-stitching and crafting.**

**My wife is amazing:** I am constantly impressed by how on top of everything she is. She is a **bubbly, kind** person who is always in a **cheerful** mood. She is also one of the most determined and focused people I have ever met. I continuously witness her accomplishing goals she has set for herself. I am so impressed by her work ethic and appreciate her attitude toward any problem she may face. We work so well together as a unit, and together we prove to be a formidable team. There is little I feel we couldn't accomplish together. I think we balance one another out exceptionally well. I am so grateful to have her as a constant in my life and value her support and companionship. My wife glows in the presence of children. She loves playing with them and talking to them. She is so amused by just about anything her niece does, and it's almost comical to watch.

*AARON*

**Aaron loves tinkering, researching, and fixing anything complex and mechanical. Music accompanies him in everything he does, and he taught himself how to play guitar. Cooking and grilling are his best skills; he loves a good steak! Aaron loves his family and is all about togetherness.**

Aaron is very **kind** and always takes care of the people he loves. I was initially drawn to him because he was nice, and I fell for him even more when I saw how he always went out of his way to help others. Aaron is full of integrity and always tries to be the best husband and son he can be. He is a **great listener** who can be **goofy** and **funny**, too. He always makes sure his mom is taken care of and has nice things. We also have a mutual love for Disney World and Survivor, which further bonded us. Aaron is the funny guy when it comes to kids. He always tries to make them laugh and jokes around with them. He is pretty good at keeping children entertained.

# H O M E + P E T S

**Our home** has three bedrooms and two bathrooms in a quiet and nice neighborhood in Louisville, KY. We live down the street from my parents. Our neighborhood always has kids playing outside, and we cannot ask for better neighbors. There is a private Christian school outside of our neighborhood that we intend to send our children to. We live within minutes of a park, and next to a biking trail.

**Louisville** has a zoo, an amusement park, a science center for kids, and so many parks. There are always activities going on in our community. Some neighborhoods not too far from where we live have decorating competitions for Christmas and Halloween. However, Louisville is best known for the Kentucky Derby. Our community is so much fun in the weeks leading up to Derby. We have a giant fireworks show, hot air balloon races, steamboat races, bed races (yes, bed races!), and so much more.

**Abe**, AKA Abey Baby is our little cuddler and LOVES to be wrapped and tucked in a blanket or laying in the sun. He would play fetch ALL day if we let him. He is very gentle and very easygoing.

**Ellie**, AKA Elle Belle, is what we call our 'momma dog'. If anyone is upset or cries (including Abe), she is right there to assist. She will also circle the house before going to bed to make sure everyone is home and in the right spot.

She will not lay down to rest until everyone is in their bed.

*adopt*

*We have been trying to conceive for six years and have had several miscarriages. We were told we had unexplained infertility –the doctors were unable to diagnose why we were having trouble getting pregnant and staying pregnant.*

*Adoption has always been in my heart because my older sister was adopted as a newborn. She is my best friend, and adoption brought us together. I could not imagine what my life would have been without her. I am so grateful that her birth mother placed her into our lives.*

*We will always honor your wishes on how open you want the adoption to be. We want to make sure you are loved and cared for in the adoption, too.*

## OUR FAMILY *Traditions*

Our holidays are always about being with one another. We spend Christmas Eve at my parents' house, where my older sister does most of the cooking, and we all feast. My mom always gives us at least one handmade gift. She makes quilts and made one for everyone in the family last year. On Christmas morning, we go over to Aaron's mom's house, where we have a scrumptious breakfast consisting of eggs and shrimp and then open presents with his brother. Our dogs always get gifts and are pros at opening them. Birthdays are a big deal no matter the age. We celebrate big with cakes and presents. It is an excellent way to get the family together outside of traditional holidays.

We have so much to share with your child. If you choose to give us this privilege to adopt your child, we promise to love them unconditionally for their entire life. We promise we will always hold you in a special place in our hearts. We will always have the utmost respect for you and instill that in your child. Your child will know they are loved, protected, and cared for at every moment. We wish you the best in everything you do, especially in the coming months, as you face these difficult decisions. We pray God gives you strength and the comfort to do what is best for you and your child.

THANK YOU SO MUCH  
FOR CONSIDERING US.
