

Brandon & Michelle

Hi there!!!

We are Brandon and Michelle. It's so nice to "meet" you!

We want to thank you so much for looking at our profile. We realize this may not have been planned and may be a challenging decision, but we admire you and your strength in finding a plan that's best for you and your baby.

We understand and respect that this moment is tough and is about you and your choice! It would honestly be an honor for you to consider us, and even more so "choose us"! We would feel privileged for you to even take the time to look through our pictures and hopefully get to know us and our family through this book.

Please know our hearts are in the right place and devoted wholeheartedly to providing the best life for this baby. We want to welcome you to take a glimpse into our family, so maybe you can learn more about us and see that our intentions are pure. We pray for you and your decision.

WITH LOVE,
Brandon & Michelle

Welcome to our lives!

We met and have been together since 2012. We have a very loving, caring, kind, nurturing home, filled with laughter love, and security.

We are so excited to grow our family through adoption. We live a very blessed life with so much love and life to give, we would feel so fortunate to share it with a child. We both have great jobs, live in a beautiful safe home, in a great diverse community, and have wonderful family and friends. We can provide such an amazing stable and wonderful life for a child if given the opportunity and trust to do so.

We have always wanted and pictured having a big family. It just didn't happen...well...naturally. We actually always thought about adoption, even many years ago, and thought maybe this was divine intervention. Maybe this is meant to be and we were meant to do this.

We're excited to be loving, supportive, caring parents.

We will emphasize the importance of growing into a good honest, loyal and hardworking individual who will love and accept all kinds of people.

We will help teach them the importance of doing well in school, follow their passions and strive to do something special with their lives.

We always envisioned a festive Christmas morning, fun family dinners, and baking cookies together.

We look forward to teaching them how to ride a bike, building an igloo after the first big snowfall, helping them get through those tough math problems.

WE HOPE AND PRAY YOU MAY TRUST AND CONSIDER US.

MEET MICHELLE

I was born and raised in Staten Island, New York. My mom was born in Puerto Rico and raised in New York. My dad was born in Brooklyn, but his parents migrated through Ellis Island from Poland and Ukraine during the war. I've always been extremely close to my family and they are very supportive and show unconditional love. I currently work in the hospital as an anesthesiologist assistant. It's a great job that allows me to have a stable and blessed life. I enjoy being home, cooking, baking homemade cookies, and making homemade pasta with family! I love living an active and healthy lifestyle. I appreciate nature, the outdoors, the ocean, and lakes. I've always loved animals, especially my crazy dogs.

WHAT BRANDON SAYS ABOUT MICHELLE

"Michelle is a very grounded, stable, and responsible person who loves to laugh and enjoy life. She is a woman of her word and I can always count on her. I am so excited to see her become a Mom!"

I enjoy computers, new technology and innovative ideas. I like to keep busy and do projects around the house.

Is a 9-year-old golden retriever. She's the sweetest teddy bear. She loves to be loved on and even more so, loves her treats. She is so happy to be around kids and likes to sleep by their side to protect them.

Rosie

Is a 5-year-old long hair chihuahua. She is super sweet and loves to wag her tail and give kisses to anyone she meets. She's little but mighty and loves to spoon with you when you sleep.

MEET OUR FRIENDS & FAMILY

Michelle

I've always been super close with my family and friends. My parents are my rock, and they are the best parents I could ever ask for. They are always there for me. They only live a mile away and so excited to be grandparents and spoil this baby.

My older brother lives in New York, but comes down often, and can't wait to be an uncle. I have a whole network of friends, aunt, uncle, cousins, nieces and nephews that live nearby.

Brandon

I have a 16-year-old son that lives in St Louis with his mom. We are very close, talk every day and see each other often. He is an A+ student, polite and great in athletics. He would make an excellent older brother and great role model. My mom lives in Florida but visits often. She is always there for me to listen and offer support and advice. My dad to this day still lives an active lifestyle and is always there for me. I have an older sister that I enjoy going to outings and sporting events with her and her family. I also enjoy listening to stories and reminiscing with my 90 year old grandmother That to this day lives in my childhood home.

WE BOTH HAVE A NETWORK OF GREAT FRIENDS AND FAMILY

WE'RE BLESSED TO HAVE IN OUR LIVES.

OUR HOME & COMMUNITY

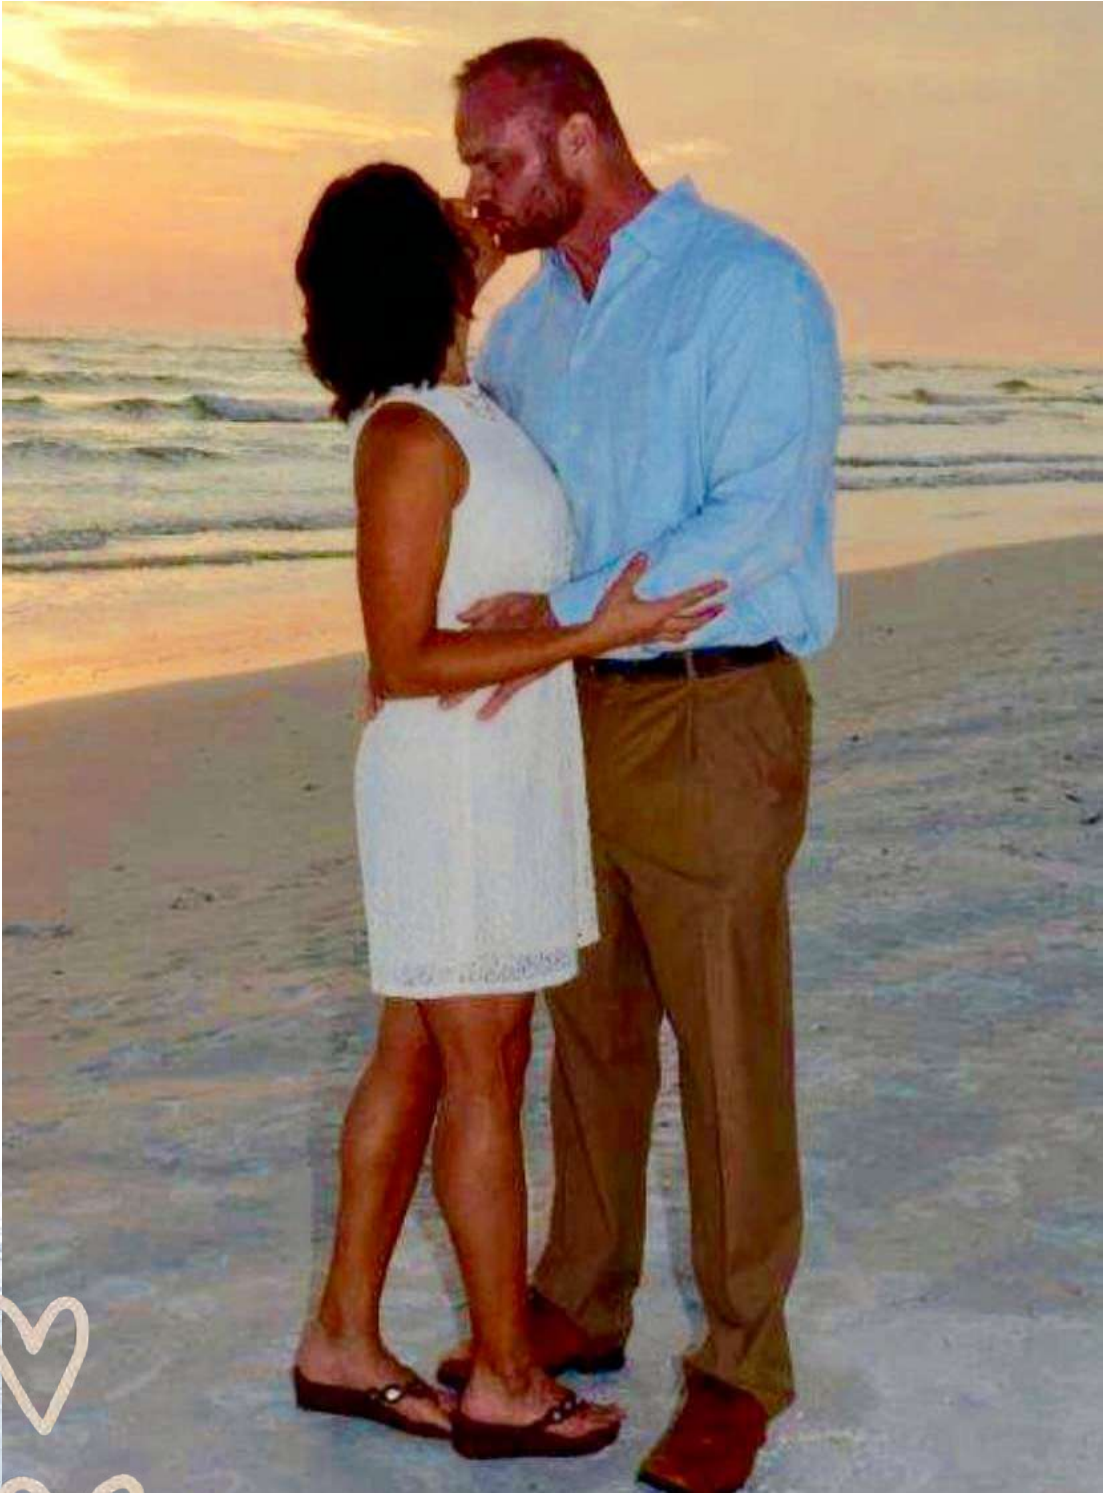

We live in a very diverse North Georgia suburb that is safe, family-oriented, and has a top-rated school system. Our neighborhood is very safe with lots of kids playing running and riding bikes in the streets. We live in a five-bedroom home we built in 2016 with the idea to fill it. We have plenty of room, we're anxiously yet patiently waiting to share it with our special child. We love our home and where we live. It's beautiful, safe, and filled with love.
