About Us

We are Tony, Missy & David

We are goofy, happy, loyal, and imaginative. We believe a house isn't a home without a dog and the smell of something delicious cooking. We also believe that every person deserves honesty, kindness, integrity and most of all - love. We love to be together, family is number one to us- we see our families weekly! We welcome nights in as a family with movies and game night, but have a good balance of loving to go out on the town exploring, finding a new place to try...or catching a hockey game!

How We Met

We initially met in high school through a mutual friend, but we didn't start dating then. It was only after a couple of years, a few cross-country moves, and some life lessons that we reconnected online and in our Native state of Arizona

Since getting married, we have still kept that spark between us, always laughing, cracking jokes, and keeping each other on our toes, We are a team, best friends and have a strong foundation with one another.

David

Hopeful brother, actively seeking a partner in crime!

Born 12/2020- he's by far the best thing to come out of 2020 and the light of our lives.

A sweet note from David's first mom, "I'm so glad you guys are the ones to love him. I couldn't have asked for a better family for him ❤️"

Tony...in Missy's words

He's simply the best. The hardest worker. A hands on dad, he's the first to be on the floor playing with our niece and nephew and goofing around. He loves all things sports and movies, and has a bucket of knowledge on both! He's the guy who still opens your door and has an unwavering kindness, he's the person who would give you the shirt off his back. He's patient, loving, romantic and prioritizes our family above all else. He's the best dad to our son, the house is lit up when he is home. I love watching him be a dad, I'm the luckiest for getting to have him as my husband and David's dad ♥

Missy...in Tony's words

She's what keeps our house going. She's filled with so much love, compassion, and just pure instinct. I've never seen her in a more natural role than that of being a mom. She loves fiercely and is a friend to everyone. She loves celebrating all the little things in life with a batch of cupcakes from scratch. She lights up rooms, is outgoing, adventurous and filled of life and joy. She's the most amazing woman I know.

Our Home

Our 4-bedroom home is located in the suburbs of Phoenix, AZ. We bought our house in 2016, and have since filled it with many wonderful memories and created a home. We live in a great community filled with walking paths, schools, and parks, truly a safe and cozy place for children to grow up. We share a close relationship with our family and live within 20 minutes of everyone!

Family

We are blessed with the best family. We are close to both of our families and see them weekly. They are loving, supportive, and always have our backs. We're also lucky because both of our moms watch our son while we work, so he's always safe and having fun at "grandma daycare" to get better socialized we have him spend lots of time with his cousins, and our friends and their kiddos! David is named after both our father's who are the best men we know.

Some of our favorite things ...Hockey 🐉

...Disney

Tony's extended family lives in Florida, we find ourselves going to Disney World annually to visit family and experience the magic of the parks!

...Baking

You can find us experimenting in the kitchen on any given night, baking is something we've always done as a family. Especially during the Holiday season!

believed in miracles*

To a loving mother,

We hope you are staying well and that your journey to finding the right family for you and your baby brings you the peace of mind you need. We look forward to learning about you, hearing your story, learning your hopes, wishes, and building trust (on your terms of course)

We're Missy & Tony, we're hoping to adopt a second time and give our son a partner in crime! We are the proud parents of one adoptive son, David- he was adopted at birth and is the light of our/our family's world. Adoption is really important to us, aside from David changing our lives in the best way, My (Missy) dad is adopted, as well as, many of my cousins. We've been lucky to connect with my dad's biological family and form life-long relationships! We are very familiar with how beautiful adoption can be. We're also fortunate to share a special bond with David's first mom, it's been a high priority for us to make her proud and honor her wishes.

We can't imagine the range of emotion and uncertainty you're feeling, they're valid, and while we can't take them away, we hope to offer some help. We're hopeful to build a relationship, be respectful of your wishes and boundaries, and be all around supportive. We are happy with an open, semi-open, or closed placement, whichever you feel is the best for you <3

This is what we can assure you about us:

Your child will always have a safe place to call home.
