

Tyler and Katrina

DEAR EXPECTANT PARENTS,

Hello! We want to thank you so much for taking the time to learn about us and considering our family. We're so excited about adopting and bringing a child into our family. God has placed a sincere desire to adopt and we feel strongly about this path. We hope our story will help you in making a choice. Please know that no matter what you choose, we wish you and your child all the best. We hope this book gives you a glimpse into our lives. We look forward to meeting you!

Tyler & Katrina

About Us

Tyler and I met through mutual friends during the summer of 2005. We went on our first date at the end of June and two weeks later, we watched fireworks on the fourth of July. It was at the end of that night that I knew I loved Tyler and wanted to be a part of his life and have a lifelong husband and friend in him. Luckily, he felt the same way.

We'd been dating for two years in 2007 when Tyler proposed to me on the beach during his family vacation. I was completely caught off guard, but of course said yes. We were married about sixteen months later in October 2008.

We tried to have children but God had other plans. We have chosen to follow the path of adoption because I cannot safely carry a baby. Tyler and I share the same morals and values and treat each other with love and respect. We are both active in our church and have the best church family you could ask for. We love to go on vacations, gather with family, hang out with friends. We also like cheering on the Alabama Crimson Tide, going to the movies, taking our dog, Buddy to the park and just being each others best friend.

We've been together almost 17 years and recently celebrated our thirteenth wedding anniversary in October 2021. We've had our share of ups and downs, but have never given up. We pray through every situation, good or bad and trust in the Lord to guide us each and every day. We hope you can see who we really are through this book and enjoy reading and looking at it as much as we have had making it.

Home Sweet Home

We live in a quiet, established neighborhood. We have a park, walking trail, museums and playground close by. In the summer months, we also have a splash pad and community center pool. We are in between two major cities, so there is always something to do. Our friends with babies & small children are always up for playdates.

Nursery

The nursery is decorated in the cutest Noah's Ark/Baby animals theme. It is simple yet sweet and we can't wait to bring our little one home. The nursery is right across the hall from our bedroom, so we will easily be able to get to him/her.

H  ME

Tyler... by Katrina

Tyler is the most hard-working, faithful and generous person I know. He puts his whole heart into his church, family, and friends. He has a servants heart and is willing to help anyone in need. He is always willing to help me with anything and I do the same for him. Tyler is good with children of all ages since he volunteers in VBS and AWANAS at church and has had experience with his cousins babies. He also takes great care of our dog, Buddy and we love him both. I love seeing him interacting with children and can't wait until the day he will become "daddy".

Katrina..... by Tyler

Katrina is a very loving and caring person. She enjoys taking care of people and giving gifts. Katrina has always taken care of me and been a huge part of my life for many years. The best ways to describe Katrina are; giving, considerate, kind, warm-hearted and compassionate. Katrina shows these qualities by loving me, her family and her friends in showing her love by acts of kindness, words of encouragement, and being an overall genuine person. Katrina will be a good mother because of her genuine interest for her love of children at our church and one day our own child. When she's interacting with children, she is truly smiling from the inside out. She will be a great "mommy" to our baby.

Tyler's family is a very loving and fun group of people. Tyler's parents were married over thirty years and in 2016, Tyler's mother and my wonderful mother-in-law passed away unexpectedly. Our hearts were broken, but the grace of God, family, and friends helped us get through it. . The rest of Tyler's family lives locally and we go to church together with some and don't live far from the remaining cousins, aunts, and uncles. Tyler's family is ready for a new little one to join the group. We spend most holidays as a large combined family and have the best time.

family

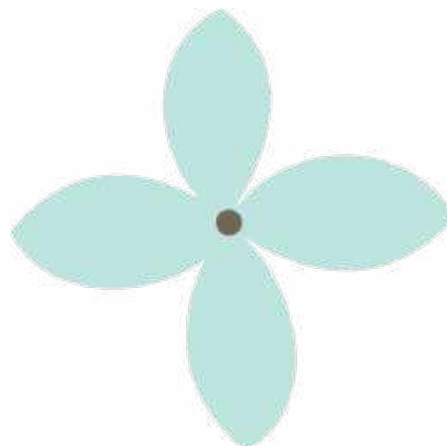

My family is small in number, but make up for it by being funny, loving and thankful for Tyler in so many ways. My Grandparents helped raise myself and my younger sister who is excited to spoil her niece and nephew as well as help take care of them on Fridays since she is off. Since Tyler and I have been married, we have joined Tyler's family at all major holidays and all have a great time. When the baby arrives, I will be off with them until my maternity leave is up, and my mom will watch the baby when I go back to work. I am so grateful to have a support system willing to help.

Family

Simply put, happiness to us is: our Faith, our Family and our Friends. Without all of these things, we would be nothing. The simple things in life are what should truly matter. We hope you have enjoyed our book.

Please know that whoever you choose to parent your child, we will be praying for you and your baby. This is such a selfless & brave decision you're making. We hope you find peace and comfort with this bible verse. We have clung to it throughout this adoption journey and will continue to do so until God places that special Momma and precious baby in each others paths. We know that God will provide no matter the circumstances.

“For I know the
plans I have for
you,” declares
the LORD, “plans
to prosper you
and not to harm
you, plans to
give you hope
and a future.”

JEREMIAH 29:11
