

Nathan & Christa

Dear Expectant Mom,

We understand how hard this process must be for you and I'm sure you're wondering how you will find the right family; one with lots of unconditional love, stability, laughter and care.

We're a home with adopted and biological children who cannot wait to welcome your child into our family, and welcome you in through whatever relationship you choose. Your child will always know how much you love them, and the great sacrifice you made for them.

We'll raise your little one to love the Lord, and love others. They'll be happy, confident, strong, and adventurous.

When you're ready, reach out and we'll set up a time to meet. We cannot wait to meet you, hear your story, and learn about your dreams.

With much love,

Nathan, Christa & family

To our Future Child

We are Nathan & Christa, but you'll call us Daddy & Mommy. We haven't met you yet, but we already love you so much and pray for you every day. We can't wait to give you a beautiful life.

Daddy & mommy have been married 17 years, we are best friends, and love doing life together.

Daddy is very tall. He works for a major University and finds ways to make communities healthier and safer for everyone.

Mommy stays at home teaching and caring for the kids, but she's also a birth doula - which means she helps mommies have babies at the hospital.

Both mommy and daddy are certified financial coaches, they help families figure out how to do well with money.

What your brothers & sisters say, "Daddy is so funny, and creative, he likes to paint and cook.",
"He loves to play with us and teach us interesting things."
"Mommy is loving and kind, she takes good care of us, she reads to us, and loves to sing,
and listen to music.", "She always tucks us into bed."

You have 2 sisters and 3 brothers who are so excited to play with you, and teach you all kinds of things.

This is your home. It has a big yard, swing set, and lots of room for adventures.

You're going to have a full, beautiful life filled with adventure and opportunity, surrounded by lots of family and friends.

We love to be outside, and play together in all kinds of weather.

Our home is filled with love and laughter, music and art.
We love after-dinner dance parties, building blanket forts in the living room, and play dates with cousins and church friends. Plus, you have 2 sets of grandparents that cannot wait to spoil you!

Daddy's Family.

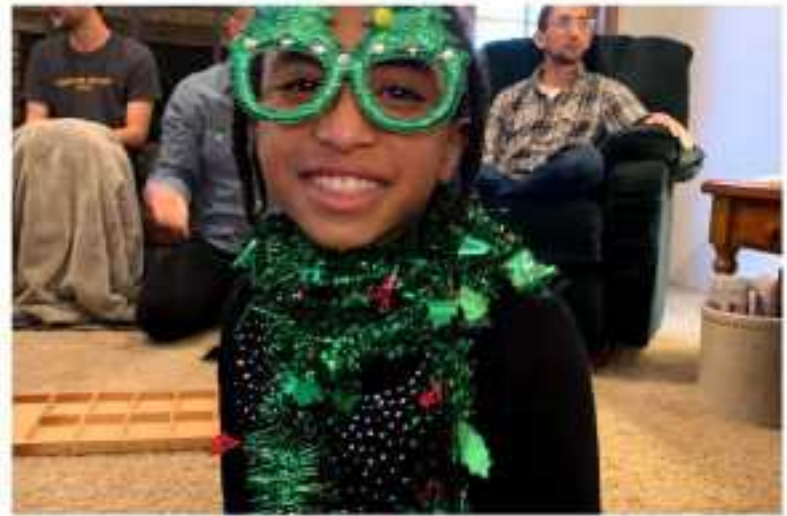

You have lots of cousins, aunties and uncles, and we do all sorts of fun things together.

Mommy's family.

We have so much fun together, with adventures around every corner.

We especially love to hike together.

We Love You.

We're so excited for you to be part of our family.

Thank you.

It's hard to sum up our whole family in a few pictures but we hope this book has given you a window into our lives. We have a lot of fun as a family and our lives are filled with adventure, but we also work hard together and we strive to instill a thirst for learning and excellence. When a child loves to learn, is given lots of opportunities, and is surrounded by love they're well equipped to grow into adults who thrive and succeed.

Mom, we look forward to meeting you. Please reach out when you're ready to start a conversation. We want to know you, and know your story.
