

## JIM + LACIE

Thank you for taking the time and making space in your heart to look through our profile.

We're a fun-loving, kindhearted family of three, and are happiest when we are around those we love. We look forward to learning about your journey and are open to whatever level of contact you'd like to have.

# OUR *Story*

We came together through mutual friends and have been married for 7 years. Being parents always meant a lot, and we were fortunate to welcome our son Luke into the world in 2015.

There are days when life is low-key and it's a Netflix and PJs kind of day, but there are also days filled with adventure. Such as,

- Exploring the outdoors,
- Playing at the local playground,
- Jumping around at the trampoline park or,
- Traveling to the beach for vacation.

Our journey to adoption began with the desire to grow our family that evolved into supporting a birth family looking for peace of mind. We look forward to learning about your beautiful family and look forward to enriching our lives.

## our home IN PENNSYLVANIA

Our home is a ranch-style design with a touch of farmhouse decor on the inside. Simple and cozy is what we are drawn to. Our home is shared with two loving cats (Sadie & Frank), has a fully finished basement, lots of outdoor space, and is located in a wonderful neighborhood. We look forward to creating a space for your child to feel at home.

We are surrounded by,

- Plenty of other kids to play,
- Located in a respected school district, with an elementary school across the street,
- Within walking distance from the newly developed park, and even the local fire department,
- Plus fun activities and events all just a short drive away.

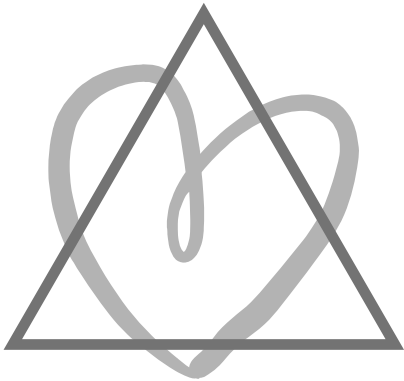

We are centralized to all our needs.
