

Dear Potential Birth Parents,

We are Suzy and Larry. We met many years ago and developed a friendship that turned into our love story. I fell in love with Larry for his incredible loyalty. Larry fell in love with my kindhearted manner. We are madly in love with each other and extremely dedicated to our relationship.

We wanted to start a family to share in the wonderful life we had created. We have always wished to have children and while we cannot have a child naturally, this challenge has not diminished our desire to start a family. We have so much love to give and want to make our family complete by bringing a child into our hearts. From this moment on we made our decision to adopt...

Suzy...

Suzy has a successful and rewarding career as a doctor. She takes pride in her work and enjoys the time with her patients and co-workers. Suzy is compassionate, loving, giving, and an excellent listener. She does anything and everything to make her family, friends, and patients feel happy and at peace. Suzy has a sweet and sometimes silly sense of humor. She loves to host dinners at our home for family and friends. She comes from a Hispanic background and loves to celebrate her heritage. She hopes to teach her child Spanish as they grow and looks forward to carrying on her family traditions. Our friends are so important to us and being around our loved ones is what is the most important thing in our lives.

Her thoughtfulness, patience, and warmth will make her an excellent mom. She shares so much of herself with everyone in her life. I have always known Suzy to be a kind and caring person who lives life to the fullest.

Larry...

I am so lucky to have a man like Larry in my life. He is a dedicated, hard worker. Larry has a successful career as a Chief Operating Officer for a non-profit healthcare organization. It is extremely important to him to make sure his family is safe and stable.

Larry is fun and loves to make people laugh. He tells jokes and the kids in our life love to be around him. He always puts family first and is willing to lend a helping hand to a friend or neighbor in need. He is active and loves being outside.

I greatly admire Larry's unselfish and loving nature, and I am so proud to have him in my life. I cannot wait to begin the journey of parenthood with him. He is an incredible dad.

Guzy's Family...

I feel so lucky to have a family that is so supportive in all that I do. My mom and stepdad live just minutes away from me and I love spending time with them whenever I can. They are so excited to be grandparents and have been extremely supportive in my decision to adopt. They love coming over to barbecue and we love celebrating holidays together.

I could not have asked for a better sister. She is my rock and truly my best friend.

Although we live in different cities, we make a point to see each other multiple times a year. We travel together and love seeing the world and exploring new cities. My sister is a therapist and social worker. She loves being around kids and cannot wait to be an aunt!

Larry's Family...

My mom and stepdad also live very close to us. We truly cherish the time spent together as a large, growing family. We share so many traditions and love making memories. I have siblings that live in various parts of the country. We get together as often as we can. My parents are wonderful grandparents and look forward to welcoming another child into their lives.

I am lucky enough to have two children from a previous relationship. I love taking the kids on family vacations. I consider myself a hands-on dad and the kids are so excited to have a baby brother or sister.

We hope that in reading this letter and looking at the special times that we have shared that you have some sense of who we are. We know that if we are fortunate enough to adopt, this child will be so loved because we are two generous, kind-hearted, responsible people who have so much to give. We promise to raise this baby to love others, be kind and compassionate, and always be willing to help others in need.

Our home is filled with family and laughter. We will protect and guide this baby into childhood and adulthood. We are excited about this new phase in our journey together and look forward to bringing a child into our lives. We are honored to be considered as adoptive parents and we would love the opportunity to meet with you.

Warmest regards,
Suzy and Larry
