OUR ADOPTION PROFILE BOOK

# Dear Birth Mother,

When you read this I hope you know that you are loved, even by us, though we have never met. We pray for you, and we hope that you feel comfort in reading this. You are strong, and you are brave, and you will make the right choice for you and your baby when you listen to your heart. The choices before you may seem like too much to bare, and no matter what you choose, we will be here for you if you choose to reach out.

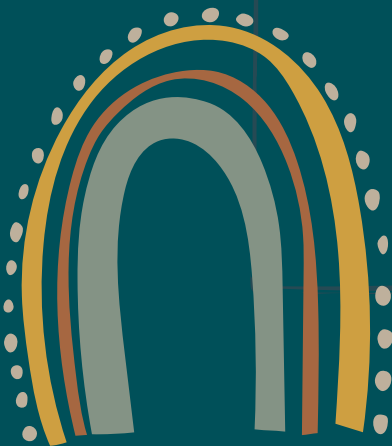

Our main goal is to meet and connect with an expectant mother who can align the hopes and dreams for her child, with those of our family, and the rest of the story can write itself based on the circumstances that follow. We are prepared to take on whatever trials and struggles may arise, as long as it is safe for you and your child.

We know and understand that the situation that you are in is different. Hard. Confusing. Overwhelming. And undoubtedly given to you because you have the strength to endure it. You are strong, you are worthy, and you are brave. You are going through something that nobody will ever fully understand, but we are here to support you, listen to you, help you plan, and offer words of love and encouragement while you navigate the road ahead.

We would love to share a little about our family, to give you a feel for who we are, but please don't hesitate to reach out if you have any questions! I promise, we are just as nervous and scared as you are, haha!

With love from,

Stephen & Tiffany

# Our Story

Stephen and I met online, we actually started dating the day he got out of the Army. Good thing, now he won't forget our dating anniversary! lol! He drove all the way from upstate New York to middle of nowhere Ohio to go on our first date and meet for the first time!

Fast forward 5 years, we are married, with a beautiful home in the country with two pups!

Not only are we married, we are soulmates and truly best friends, We call each other just to talk and he's the first person who I want to tell about anything... We have nothing but love in our relationship, and it's built on a foundation of trust, compassion and patience! Sprinkled in with a ton of laughter and jokes on each other!

# Meet Tiffany

hi! I'm Tiffany! I'm a Registered Nurse, I've been a nurse for 10 years now! wow time flies! I've worked with patients from every culture. I truly just love my patients! I love talking to people of all aspects of life and learning about their lives and what I can do to help.

I absolutely love traveling! I've been to 10 countries! Some of my absolute favorite memories as a child was traveling with my parents and brother and camping! We always had such a blast, I can't wait to have our future children to grow up exploring the world, learning about different cultures, their own culture and making so many memories along the way!

## Stephen Said...

Tiffany is the most kindhearted person I have ever met. She is so loving , caring and driven! She is my best friend and I cant wait to grow old with her!

# Meet Stephen

hello, I'm Stephen, I'm a Machinist and I have my bachelor's degree in mechanical engineering. I'm also an Army Veteran who served for 15 years as a combat engineer, paralegal and NCO. I was born in West Virginia and was raised in southern Ohio.

## Tiffany said...

Stephen has been such an influential leader to many young adults that didn't have parents or proper guidance. Stephen has led hundreds that could then become exceptional soldiers and have come back years later to thank him for his guidance. Stephen is truly an amazing human being, he is patient, kind and the most loving, kind, non-judgmental soul I have ever met. He has not only lived in many countries and cultures, but he has also speaks 5 different languages!

I love building engines, working on my trucks and rebuilding them from the bottom up. I cant wait to teach our future children how to work on their vehicles and build a long lasting bond with our children. I can't wait to build our kids first car with them!

# Called To Adoption

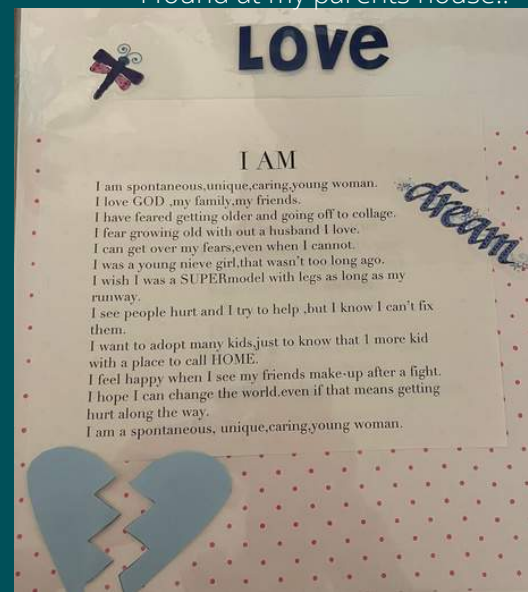

I absolutely think God is the one who planted adoption in our hearts and who has led us here.

While we have not adopted children yet, adoption has been in our hearts for a long time. When I (Tiffany) was 12 years old, I wrote a poem about adopting children, and giving children a loving home... While that wasn't feasible at 12 years old, it goes to show you how long adoption has been in my heart. I sincerely believe that God has called us to adoption and will place that same knowing in our future children's expectant mama's hearts too about us.

# Meet Our Family

Tiffany's Parents!

John and Janet live down the street! They are super excited to become grandparents! They've only been begging us for forever lol!! They've been married for 33 years!! We are both super close to them! Jared is Tiffany's younger brother, by 3 years. He is a project manager!

Stephen's Mom Charlie and Sister Tori! They live in West Virginia! We often go down and visit them! We are really blessed to have such a supportive family!

Holidays are really important to our family!! We have a large extended family and we always have a big bash on Thanksgiving and Christmas! Our family can't wait to spoil a baby!

# Meet Our Dogs!

We love to also hang out with our two dogs! Autumn is our rescued blue heeler and Cooper is our adopted redbone hound dog! They are both excellent with children, our niece comes over and plays with them on a weekly basis and they are fantastic with her, even if she's a bit much with them periodically! They don't mind and go on with playing. We have never had an issue with them around children.

# Home Sweet Home

NE, OHIO

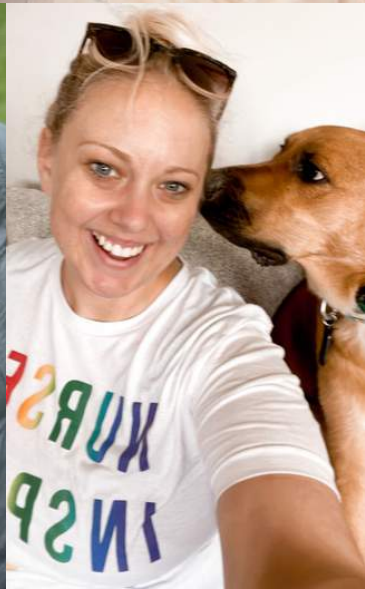

We are from rural NE, Ohio. We have a charming fixer upper ranch home in the country we just completely redid! It's on 1.5 acres, with 3-bedroom, 3 bath home with an enormous garage and a perfect back yard. My parent's house is 3 houses down the road with 30+ acres and they have an enormous pond and a swimming pool that we enjoy all summer along! Everything dies of old age around here and it is incredibly safe.

Our elementary, middle school and high school I is about 2 miles from our home. I went to school there my entire childhood and graduated from there. Our niece Mila goes to school there now, and she's in 1st grade! She actually loves her teachers, and they do an incredible job doing extra one-on-one learning since it's a small school, you're not just a number..

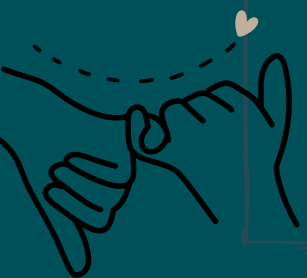

# Our Promise...

Our promise to you, more than anything we want you to know we will love your child unconditionally. We will nurture them to grow up and be the best person they can possibly be. We promise God will be at the center of your child's life. We will give them all the attention they needs and deserves! Your child will get the best education, and guidance we can give them. We are prepared to take on whatever trials and struggles that may arise. As our adoption story takes shape, we will be committed to continuing to educate ourselves on our particular situation. When we have questions, we will not hesitate to seek guidance from people who have traveled this path before. This is not a journey we can do without the love and support from our family & friends. Last but not least, we will make sure your child knows their first mother.. and how much you loved and cared for them! You will never be forgotten!
