

Miriam  
*and*  
Zack

hello!

So nice to meet you!

We sincerely thank you for taking the time to learn about our family and would be so grateful for the opportunity to support you on your adoption journey. We want nothing more than to share our extremely loving, safe, supportive and fun home with your child. We are committed to providing your child with the unconditional love, support, opportunities and resources that they need to pursue their dreams.

# meet Miriam

I'm a Veterinarian who specializes in Radiology.

I work from home so am lucky to spend a lot of quality time with my family.

I have two brothers, one older and one younger.

Growing up, I lived in Greece, Montreal and throughout the United States.

My favorite place to be is on the beach here in San Diego.

I love baking, bike rides, trips for ice cream and just spending time at home with my family.

# meet Zack

I'm a stay at home dad and high school wrestling coach.

We spend most of our time playing outside, getting dirty and exploring.

I have two younger brothers.

I've lived across the country but my favorite place is here in sunny San Diego.

I like fishing, skateboarding, hiking, working out, and spending time at the beach with my family.

# our STORY

We met around 17 years ago at our local college hangout and have been inseparable ever since! This Summer we celebrate our 12 year wedding anniversary and look forward to celebrating many more! Having had a challenging pregnancy with our oldest son, it felt natural to pursue adoption to grow our family. Our two youngest children are both adopted so we are very familiar with the journey that is adoption. It would be a dream come true to welcome one more baby to our fun and loving crew! We are so grateful for the possibility of sharing this journey together as we try to complete our family.

# our story continued...

We live in San Diego and can't imagine a more wonderful place to raise our family. We have settled into our forever home on a beautiful, quiet, cul-de-sac only a mile from the ocean! We spend almost every day outdoors enjoying our large grassy yard with playset, skate ramp, veggie garden and many fruit trees (perfect for climbing!). When not in the yard you'll almost always find us on bikes or scooters. We take many family bike rides around our little downtown area or straight to the beach! We try to connect with our extended family as much as we can and are fortunate to have such an amazing and loving support group of siblings, grandparents, aunts, uncles and cousins.

# our PROMISE

We feel so blessed to be able to share our family and so many of our favorite memories with you. We imagine our book of memories and adventures as one that continues to grow as our family grows...filled with fun trips to the beach, plenty of cake and cookies, and little siblings that have developed the close bonds that we share with our own brothers. If you can imagine your adoption story as becoming a part of our own, we sincerely welcome the opportunity to take this journey together.

# THANK YOU
