

Dear Potential Birth Parents,

We are Ashley and John. We met when we were just 15 years old in high school. We shared a bond for punk rock music. John played in a band and I was front row at every concert. Our friendship grew into a forever love. We are madly in love with each other and extremely dedicated to our marriage. We have been married for over 8 years and love every minute of our journey together.

We wanted to start a family to share in the wonderful life we had created. We have always wished to adopt children and we have so much love to give and want to make our family complete by bringing a child into our hearts. We have such a strong foundation and are ready to start our family. We are so excited to begin our adoption journey...

"There is beauty in everything, but not everyone sees it".

Ashley...

Ashley is undoubtedly the hardest working woman I know. She just received her Doctorate in Health Leadership. Along with that amazing achievement, Ashley is a college professor and Speech Pathologist. It truly amazes me that when she puts her mind to something she achieves it with ease. Ashley takes pride in her work and enjoys the time with her students and co-workers.

Ashley is compassionate, loving, giving and an excellent listener. She does anything and everything to make her family, friends and students feel happy and at peace. Ashley has a sweet and sometimes silly sense of humor. She loves to host Sunday dinners at our house for family and friends. She is a great interior designer and enjoys traveling to new places near and far.

Ashley's thoughtfulness, patience and warmth will make her an excellent mom. She shares so much of herself with everyone in her life. I have always known Ashley to be a kind and caring person who lives life to the fullest.

John...

I am so lucky to have a man like John in my life. John has a successful career as an accountant and has always been a great provider. It is extremely important to him to make sure his family is safe and stable. I am so lucky to have a husband like John. He is fun and loves to make people laugh. John is the most loyal, caring, and dedicated man I know. He has been my rock for more than half of my life. He's my favorite roommate! Being with John just feels like home.

John loves to play the guitar. It is what brought us together and I admire his passion for music. He loves to watch movies and play video games. John has a huge family of cousins and loves spending time with them. We go on family vacations and he is always the first one at any baseball game or dance recital.

I greatly admire John's unselfish and loving nature, and I am so proud to have him in my life. I cannot wait to begin the journey of parenthood with him. I know he will be an incredible dad.

Ashley's Family...

My parents, Fran and Kevin, are the true meaning of love and marriage. They have been married for over 40 years. They always made family time a priority and still do to this day. My dad is an iron-worker. He is one of the most loyal men I know. My mom is a real estate agent. She is such a gentle woman who loves to be around her family. They did everything to provide for my sister and I and they are still my best friends to this day. I know they would love nothing more than to become grandparents. They are going to love this child beyond compare.

My sister, Allison, is an executive assistant. She is a strong, independent woman who has been there for me from the very beginning. We have been close our entire lives and are still the best of friends. Allison loves children and is so excited to be an aunt. She is going to spoil this child with so much love.

John's Family...

My parents, Pat and Kevin, are such wonderful parents. They instilled in me a strong work ethic and dedicating their time to making sure their children had an abundance of success. They stuck by each other's side for many years and grew a wonderful family out of love and happiness. My dad is an accountant. He is extremely kind and everything I have learned and become is because of him. My mom is a genetic counselor. She is very patient and loves with her whole heart. They are so excited for me to become a father and to have their first grandchild.

I am so lucky to have two brothers, Brian and Tim, who I can call my best friends. Brian is a lawyer and he is married to Jen. Tim is a stock broker. They both are so much fun to be around and we enjoy spending holidays together. We have created so many memories and I know they are so excited to have a niece or nephew.

We hope that in reading this letter and looking at the special times that we have shared that you have some sense of who we are. We know that if we are fortunate enough to adopt, this child will be so loved because we are two generous, kind-hearted, responsible people who have so much to give. We promise to raise this baby to love others, be kind and compassionate, and to always be willing to help others in need.

Our home is filled with family and laughter. We will protect and guide this baby into childhood and adulthood. We are excited about this new phase in our journey together and look forward to bringing a child into our lives. We are honored to be considered as adoptive parents and we would love the opportunity to meet with you.

Warmest regards,
Ashley and John
