

Cassy & Luke

Hey, we are Luke and Cassy! Thank you so much for taking the time to learn about us. We are an open book and hope that you enjoy learning about us as prospective parents.

Our Story

We grew up in the same small town and attended the same school. We even did many of the same activities! Despite these similar circles, we were four years apart in school so we never made a connection.

In 2011, after Luke moved home from the East Coast, Cassy was visiting home from college and we finally ran into each other. Luke knew from the moment he saw her he was going to marry Cassy! Luke finally got up the courage to ask Cassy out on a date; the rest is history. The next year and a half was filled with travel and adventure and learning more about each other. We got engaged and were married in April of 2013.

We talked often about kids and we looked forward to raising our own. We welcomed our son, Zane in 2014. In 2015, just 13 months later we welcomed our daughter Rayln! We were shocked to find out three months after Rayln was born that we were pregnant with our third child.

We welcomed Mae into the world in 2016. We had three amazing kids under the age of 3! We have been so blessed.

When Mae turned 2, we were ready to have another child! It was then that we started our journey to adoption.

In December of 2020, we were pleased to match and bring home sweet Jack; it has been such a blessing. We have always wanted a large family and would love to expand our family once again.

About Cassy by Luke

Cassy loves unconditionally in a way that I have not seen before. Her ability to show love to those in our community, our church, and within our friend groups is something I didn't know existed. When I say that Cassy has a heart of gold, it is an understatement. God has given her the ability to walk along others as they are encountering challenges; she helps to carry those weights and does it with such amazing grace.

As a wife, Cassy is the heart of our home and ensures that we are all nurtured and cared for in such a way that we never want for more. As a mother, she is a natural! I am jealous of my kids! She loves her kids in an amazing way that is unique to each of them. She has the ability to understand their love language and she fills them up by supporting them exactly how they need to be supported.

As a woman, look out! Not only is she the most beautiful woman I have ever seen but she is the hardest working person I have met. When we first got together, she worked three jobs to pay for her schooling and also helped raise three of her cousins at the same time. I am in awe of her beauty, strength, and her love of the Lord!

About Luke by Cassy

Luke has the biggest heart, seriously...the biggest. He is always there for his family, his friends, associates at work and also strangers. His kind heart makes him the most gentle and compassionate husband and father, who always puts his family first. He gets up way earlier than he has to for work so he can be home around four o'clock to sit down and eat supper with us every single night.

Not only is he the best of the best at being a great hubby and father, but he and his brothers also run a nonprofit for veterans and active-duty military to help them get them outdoors.

Speaking of the outdoors, Luke loves it; anything from trail riding in his Jeep to kayaking down the river. He loves the Lord and is such a great head of his household; he truly shows what integrity is all about.

Our Kiddos

Zane is our oldest and he takes that very seriously as he loves to watch out for his sisters and brother. He is passionate about art, loves taking things apart and wants to be an inventor. He loves all sports, mostly football and baseball. He is very caring and is looking forward to having a baby bro or sis in the house.

Rayln, we call her Ray, is our social butterfly. She loves all people and doesn't know a stranger. She loves arts and crafts, making cards for people, and dance and gymnastics. Rayln is the rockstar of the family and loves to sing and dance around the house.

Mae is our goofball. She has a hilarious sense of humor and is always getting folks to laugh! She has more energy than you can imagine. Mae loves to play dress up, house, and says she wants to be a mommy when she grows up. She loves being a big sister!

Jack, our youngest, loves to eat, laugh and get into everything! We are so happy that adoption brought him into this family. He is the sweetest little man and the best cuddler. This little guy is going to do such amazing things one day, and we are so crazy blessed we can be a part of that!

Our Home

Our home is located just outside of the city on 20 acres of land with a beautiful pond and woods to play in. We spend a lot of time outside and have playhouses, swing sets, trails in the woods, and a trampoline. In the summer, we love to swim and go fishing in the lake.

Inside, our home is very spacious with six bedrooms and five full bathrooms. The kids have a large playroom with a lot of activities for days when the weather isn't nice out.

Our city was rated as one of the top places to live and raise a family in the United States and our kids attend five-star public schools. Even living outside of the city, we are still able to be downtown in less than 10 minutes!

Our Family

Our family motto is “**Work Hard, Never Quit, and Trust in God.**” Our goal is to live this out daily regardless of what we are doing. We spend a lot of time with our large families, cousins, aunts and uncles, and grandparents as we all live in the same town together.

We love our great gpa

We love that we can get together for meals, family fun days, vacations, and sporting events. We recently added our son Jack to our wild crew through adoption and it has been beyond amazing! He is so loved by our entire family as well as his bio family. We have such a great relationship with Jack's birth family; it has truly been so wonderful to walk beside them.

We love our nana

Holidays are always a blast when we get our huge group together to enjoy food, gifts, and surround everyone with love. Our entire family is excited to welcome another beautiful child into our hearts and homes!

Our family loves to be engaged with our kids. Depending on the time of year, the kids are involved in sports and a variety of other activities that interest them. We love to spend time with our kids, find what they love to do and give them opportunities to do those things.

As a family, we love to enjoy the outdoors and all the fun activities that go along with being in nature. A few of our favorite outdoor activities include biking, hiking and kayaking. We also enjoy arts and crafts, making things for folks, and spending time with our friends. We look forward to sharing these passions and exploring whatever passions this child has!
