Welcome to our family!

We met at a social event in 2013 and immediately hit it off. We married on our fifth-year meeting anniversary in our back yard on the Mattaponi River. We have been foster parents, providing a temporary stable and loving home to a child/children in need. Through fostering over the last couple of years, it has heightened our desire to have a family of our own through adoption.

Your child will be welcomed by our large extended family including our six nieces and five nephews that play an active role in our lives. We promise to shower your child with love, encouragement, security, laughter, and adventure.

Please know you are not alone as you go through making decisions, we are here to help you in any way we can!

Our Dog

Meet our dog, Gunner! He is an Australian Cattle Dog. We adopted him when he was just seven weeks old. He has grown up around our nieces and nephews and loves running after them in the yard. His favorite hobby is swimming. Any chance he gets he is in the water fetching his water toys. He also enjoys playing with other dogs and traveling with us.
