Hi There!

Thank you for considering us as loving parents for your child. We cannot imagine the feelings you have or will experience in your decision to plan for adoption. We admire your courage and strength and hope this profile and the photographs we share will give you an accurate image of who we are and the kind of parents we will be. We have so much love to give.

Our Beginning

We were blessed to be raised by loving and supportive parents and always had a lot of family and friends to care, guide, and encourage us as we were growing up. Brad is truly a southern gentleman and I love that about him!

Although we met later in life, we have now been together for five years. When I first met Brad, I could not get him out of my head. He was like no one else I had met before. We dated for a few weeks and then after that, we were inseparable.

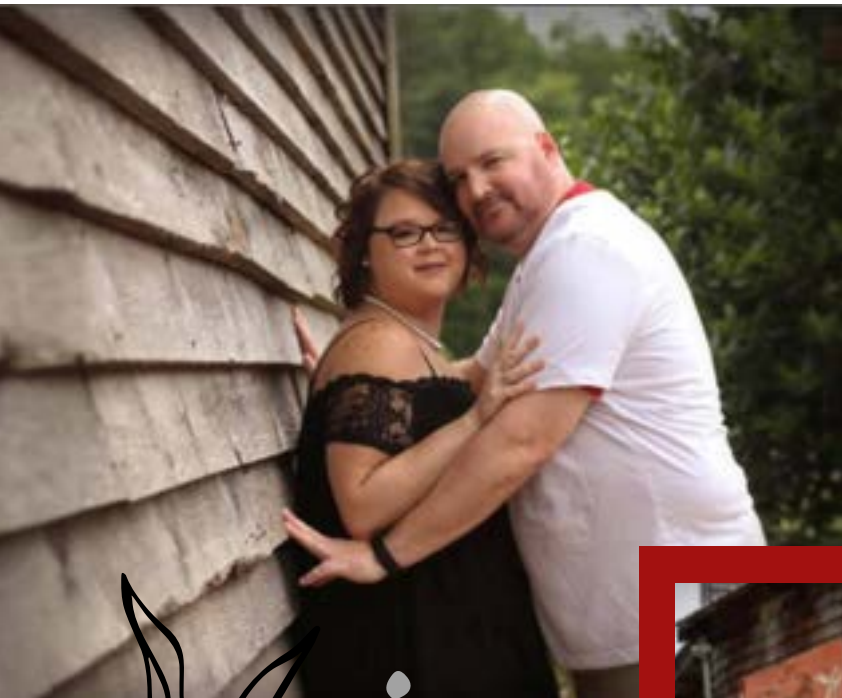

After being together for three years, Brad proposed! It was truly the most touching moment of my life up to that point! We were married in February of 2021 and were joined by our family and friends who shared in our special day.

Our Life Together

Even though we have not been married long, we have lived a very special and exciting life thus far. We are looking forward to many more years to come. Brad and I are truly best friends and can count on each other no matter what. Our communication, love, friendship, and dedication to each other is what has made our relationship successful. Our faith has also helped us through the challenges every couple faces.

**WE ARE THE
HAPPIEST
WHEN
WE ARE
TOGETHER**

The best thing about our relationship is that it doesn't matter where we are or what we are doing, as long as we are together. Whether it's hanging out with our three cats, Sadie, Amelia and Clementine, cooking dinner together, watching a UGA football game, being with family and friends, doing yard work, or even grocery shopping, we are the happiest when we are together.

ALL ABOUT Jennifer

A NOTE FROM BRAD

Jennifer is the most beautiful woman in the world in my eyes, both inside and out. Her love for people, for animals, for family, and her love for me is what makes me love her even more.

What initially attracted me to her was her genuine character and now, after many years together, I am still taken aback by her sincerity and charm. She is described by many as a "great friend" because she would do anything for anyone. Jennifer loves to read and cook. She is an amazing teacher, and she adores all of her students.

In 2019, she received Teacher of the Year, an award that was well deserved. She always has stories to tell from her day at school about the kids. I can't wait to see my wife as a mother. She will be wonderful. Jennifer has dreamed of the day that we will have our own baby. We are both incredibly anxious and excited for this journey.

ALL ABOUT

Brad

A NOTE FROM JENNIFER

Brad is truly my best friend and the love of my life. He is someone I can count on when times are tough and celebrate with when good news comes our way.

What I love most about Brad is that he is very laid back and he has an amazing sense of humor. He was born to be a dad! Kids of all ages just adore him. He knows how to make people feel special and give them the individual time they deserve.

He enjoys all kinds of sports, especially UGA football, going on adventures, grilling out, and spending time with family. God has truly blessed me with a man that has loved me for me and continues to love me in new ways every day. By bringing a child into our family, I am positive that he or she will feel that same love from Brad as I do.

Brad's
Mom &
Dad

Family is very important to both of us and we spend a lot of time with our families.

We are blessed to have both sides of the family close to us. Sadly, my mom passed away about 9 years ago. Brad's parents have been married for 50 years!!

His dad is retired from being an engineering supervisor and his mom has been a stay-at-home mom for many years. My father is a retired police officer with over thirty-five years on the force. My stepmom is a nurse. Brad has one sister close as well. She has three children whom we adore. I have one brother who has two children, and they are also very close to us.

We spoil our nieces and nephews tremendously and love them as if they were our own.

OUR Home

We have a single-story, three bedroom house that is perfect for a small family. Our kitchen and our living room is where we spend most of our time together. Both Brad and I enjoy cooking and we hope our little one will enjoy baking with me and grilling out with Brad.

We have a huge backyard which is perfect for throwing a football or having family gatherings.

Our home is a place where we hope others feel welcome.

Nursery

WE ARE CLOSE TO TWO PARKS THAT HAVE WALKING PATHS, PLAYGROUNDS, TENNIS COURTS AS WELL AS BASEBALL FIELDS AND SOCCER FIELDS.

We have spent years building our relationship and are proud of the life we have so far. We are unable to have children so Bradford and I believe that adoption is our perfect plan. We promise to love, protect and cherish your child. We hope that you are comforted in this decision. We would love to stay connected and have an openness with you in this process.

Thank you again for considering us as parents for your baby.

Thank You

WITH LOVE,
Brad & Jennifer
