

STEVE *and* TREASURE

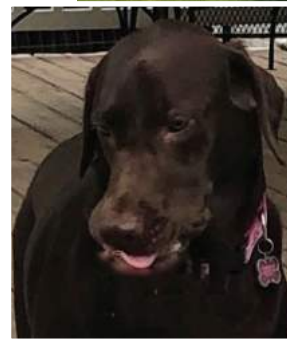

ABOUT US

Treasure is a customer service representative at a financial business. Steven works for a grocery store as a stocker and sanitize specialist. We met in 2005 at a Kenny Chesney concert, and we truly believe it was fate that brought us together: Steve accidentally bought three sets of tickets, and thankfully, he picked the row behind Treasure. It was pure chance, and since then, we've come to realize every day that we complete each other. We have been married for thirteen years. Treasure is a planner, and Steve is spontaneous. We love playing board games, and we tend to get very competitive with each other. Every year we go to the Renaissance Faire dressed like pirates. In addition, our favorite way to spend our time is through traveling and experiencing new places. We also enjoy watching movies and crafting.

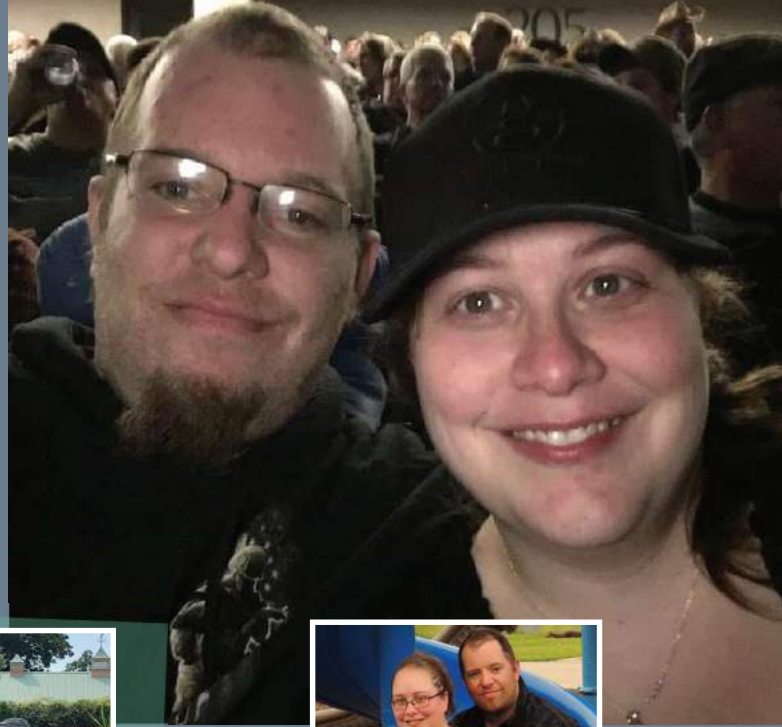

OUR HOME & PETS

We live with Treasure's mother in a four-bedroom, 3.5-bath rancher on five acres in the West Virginia mountains. We have two oversized porches that are perfect for barbecues and for a child to ride their bike. We can't wait to share the wildlife we can see from our windows and the family-friendly community our neighborhood offers. We love board games, and on most nights, we cuddle on the couch and watch movies with one another, including our two cats, Dixon and Elsa, and our two dogs, Paisley and Dakota. The animals are all cuddlebugs too. We can't wait to have a little one to laugh and play with in the park, at the local zoos, and at theme parks.

WHAT LED US TO ADOPTION

We have previously tried fertility treatments, but they did not take. We want to be parents, and we know blood doesn't make a family; love does. We have a lot of love in our hearts, and we want to share that love with a child, giving a precious baby a good home. Treasure has seen adoption firsthand as her cousin adopted her daughter; the entire family welcomed her with all of their hearts. She has given so much joy to the family. Every time we see a baby, our hearts break due to the desire of having one of our own. It is our greatest desire to have a baby of our own to raise and to finally feel like our family is complete.

OUR FAMILY *and traditions*

Our family is very supportive of our adoption journey. Treasure's mother and Steven's parents can't wait to be grandparents, with this child being the first grandchild for Treasure's mother and the second for Steven's parents. We both have older brothers, a sister-in-law, and one nephew, who is in college. Most weekends, you can find us visiting family and spending time together with barbecues or game nights. Treasure and her mom enjoy sewing, cross stitching, and going to thrift stores for good deals.

Christmas is our favorite time of year and is filled with traditions. Every Christmas Eve we visit Steven's family to spend time with loved ones. On Christmas Day, we visit Treasure's family, where we celebrate with a houseful of her family members. We can't wait to add another stocking by the fireplace, to take our child to meet Santa with their Christmas wishes, to bake cookies for Santa, and to leave carrots for the reindeer. On Christmas Eve, we watch Christmas movies together, and we look forward to the best part about Christmas as a family: waiting for our little one to go to sleep so Santa will arrive.
