Our Path To Adoption

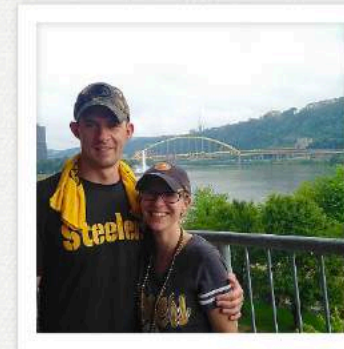

We began our marriage like most newlyweds eager to start our family. We quickly learned we would not be able to easily conceive our own child. Right from the start of our infertility journey we both knew if we could not conceive a child that we wanted to grow our family through adoption. After four years of fertility treatments and many ups and downs we both knew it was time to start down the path of adoption. As we journey down this path it has never felt more right for us and we are overjoyed to be a part of something so special.

About Us

We married in 2011 and both have always dreamed of starting a family. We enjoy being together and spending time with family & friends. Each night we make dinner together followed by taking our dogs for walks, watching our favorite TV shows or enjoying a good fire on the patio in the summer months. Sundays are filled with cheering on Steelers football. Both of us come from close knit, loving families and have four nieces and four nephews whom we adore and spend a great deal of quality time with as often as we can. We were both raised Roman Catholic and plan on raising our child to be involved with the church. Our family and friends are thrilled to help us welcome a child into our lives and will help provide a loving and supportive environment.

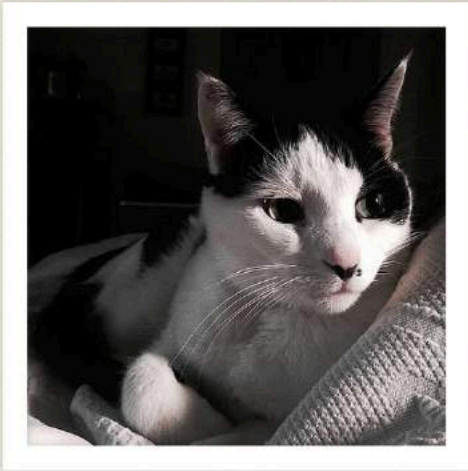

Our *family*

We've been blessed with an amazing family that we can always count on. They are a major part of our lives and we enjoy spending as much time as we can with them. Our home has become the gathering place for our families. Each holiday, birthday or special occasion our home is filled with lots of family, love and laughter. Brian is the youngest of five and Rebekah is the youngest of four. With our large families we are blessed with four nieces and four nephews who cannot wait to celebrate their newest cousin. Our families are overjoyed and anxious for us to grow our family.

Our Home

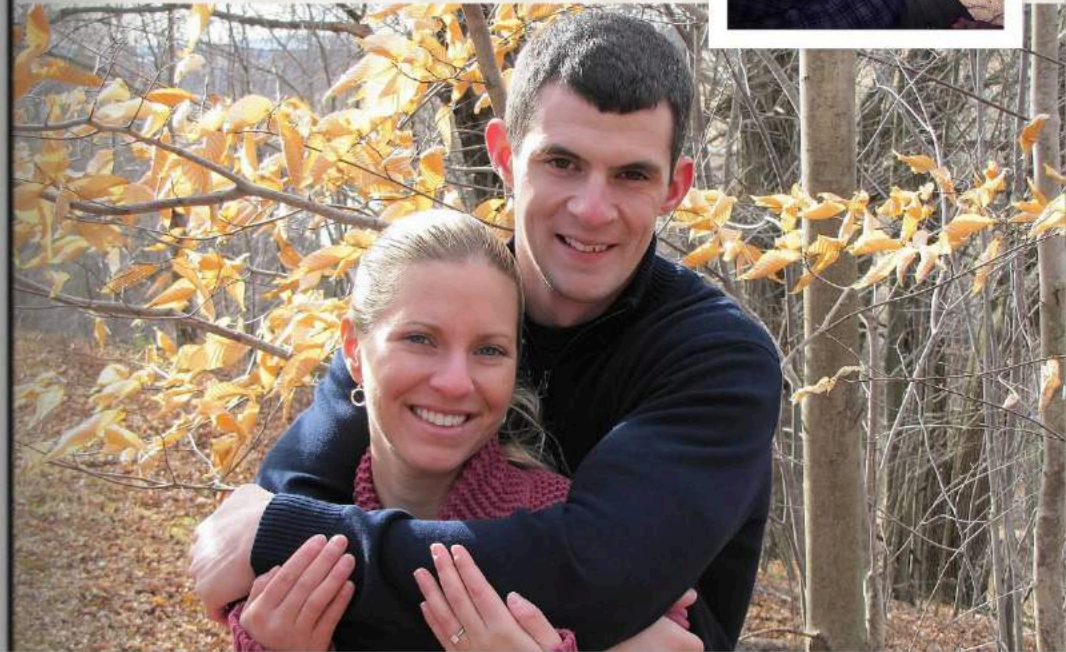

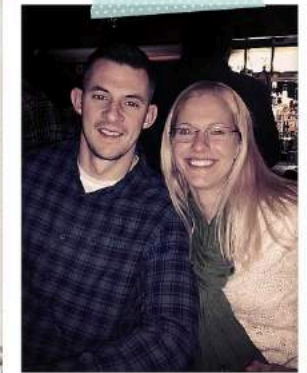

We are very fortunate to have 105 picturesque acres nestled within the beautiful Appalachian Mountains. Our land consists of a vast forest where we enjoy hiking, lush fields where we enjoy watching the spectacular wildlife, large pastures where our animals enjoy grazing and pristine ponds where we enjoy fishing, canoeing, and observing ducks & geese raising their young each year. If you were to glance out our back windows you would see a large stone patio where we often entertain our family and friends. On a warm summer evening you would see our nieces, nephews, and friends children gathered around our stone fire pit roasting smores with their parents. The view from the rocking chairs on our large front porch consists of a large historic horse barn with our horse, miniature donkeys and pony grazing in their pasture next to it. In the distance to the left you can see our three car garage and several maple trees, and to the right is a beautiful blooming apple orchard which provides us with delicious apples in the fall for making cider and pies.

Thank You

Our hope is that our profile has painted you a picture of how cherished your child will be. Your child would be our miracle from God to make our dream come true of becoming parents. He or she will be showered with love and support their entire life. In our family your child will be raised in faith and to the best of our ability. Along your journey we wish you peace and strength.

With Love,
Brian & Rebekah

UPDATE !

2017
Becoming Parents!

Waiting to meet our daughter!

July of 2017, God and our daughters birth parents made our dreams of becoming parents a reality. All the years of praying, hoping and believing that our dream would come true arrived. Words cannot express all the love and joy we feel seeing and holding our daughter.

We would like to give you a glimpse into our lives filled with love, kindness, faith, adventure and a home filled with laughter.

Maeve

Maeve is a loving, caring, energetic, and adventure loving toddler. She loves her family & pets and cannot spend enough time with them all! The outdoors is her favorite place to be; always, wanting to go out on an adventure with the dogs around our home. Watching her with our friends babies and take care of her baby dolls we feel she would be an amazing big sister.

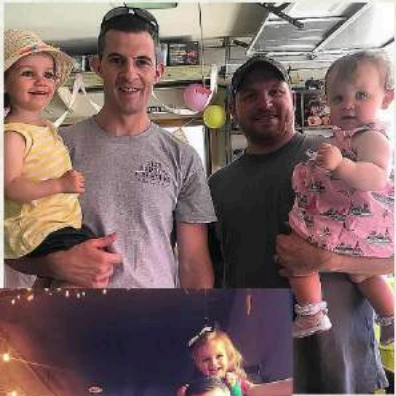

Family Love!

Maeve and her cousins are very close and love spending as much time as they can together. They are eager to share their love with another cousin!

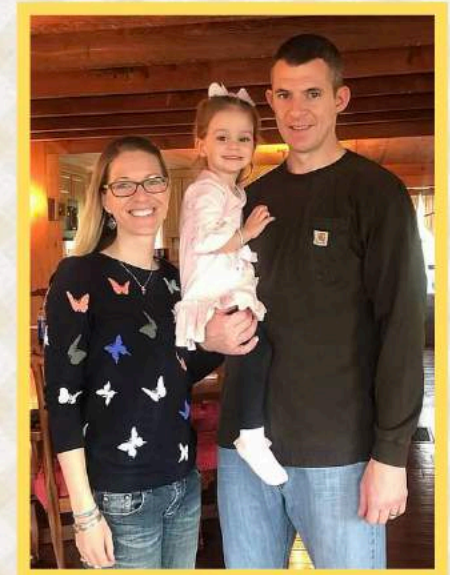

Nanny, Papa, Great-Grandma and Grandma will be overjoyed with another grandchild to love!

They say it takes a village to raise a family. We are very lucky to have a large village who love and adore our daughter and cannot wait for our family to grow.
