

TERESA

Adoption Profile Book

Hello!

I am looking to grow my family!

I am so eager and hopeful to welcome a baby into my family and devote the rest of my life to this child's upbringing. I am very lucky to have the support of a close-knit family consisting of 4 generations of strong women to welcome this baby.

My story

I knew as a child my life's purpose was to care for my family. Whether that be caring for my elderly grandmother, my career as a nurse, helping to raise my niece and nephew, or taking care of my four-legged babies, I have always had a strong maternal instinct towards my loved ones.

After years of failed IVF treatments, I know that I am meant to adopt my child.

MEET

Teresa

Hello! I am Teresa from the beautiful state of Washington and I am 41 years old. I am so excited to share the incredible love that I have been so fortunate to receive from my family and friends with a little one (or more) to call my own:) I love all types of music and food and consider them both to be the soundtrack to life. I have a successful career as a nurse which suites me perfectly as I am a caregiver by nature. I am of mixed heritage, Asian-Caucasian and love that the world offers so many diverse cultures and experiences as I feel diversity makes life beautiful and interesting! I would consider myself optimistic, resilient, and just plain silly. I'm a huge animal lover and am very fond of the outdoors.

OCCUPATION:

Registered Nurse, Bachelor of Science Nursing

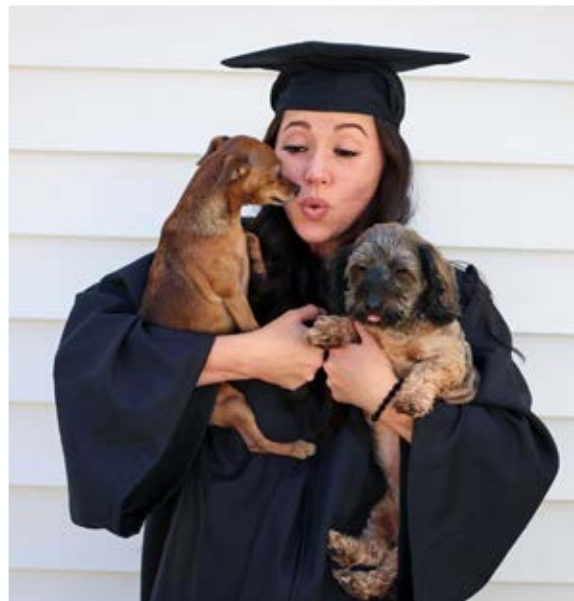

FAVORITE PLACE:

I chase the sun! Anywhere I can get some sunshine, I'll be:)

FRIENDS WOULD DESCRIBE ME AS:

Very loyal, down-to-earth, adventurous.

Thank you for getting to know me and I cant wait to meet you!

ABOUT ME

Teresa

My family and I moved to Washington from New York when I was in the 6th grade. We have since made Washington our home and I have made life long friends here. I enjoy outdoor recreations and also love DIY. I love the sense of accomplishment from being able to rely on myself for repairs, small renovations, and troubleshooting various things. I'm very much a hands on person and believe that learning is a life long process.

WHAT MAKES ME HAPPY:

Icecream, summertime, baking, family get togethers, and my dogs!

BEST ATTRIBUTE:

Very family-oriented.

FAVORITE TRADITION:

Family dinners. We often celebrate holidays, birthdays and other occasions with a big, family get together.

HOBBIES & INTERESTS:

Anything outdoors especially with family. Visiting the lake, paddleboarding, hiking, bicycling, tennis, road trips, board games, movies, and of course taking my dogs on long walks.

MEET THE *Family*

My nursing school graduation featuring my brother-in-law Jamey, my sister Terie, and my Mom.

Grandma and I cheeing for the camera!

Family Christmas from Left to right: Aunt Myong, nephew Armand, Jamey, cousin Dylan, myself, Terie, Ellie, Otto, Grandma, niece Jillian, and Mom.

The Zoo with Mom:)

Penny

Lucy

All of the girls pictured here! Myself, my Mom, my sister Terie, my Aunt Myong and I were all raised together due to our close proximity in age. My Mom and Grandma (pictured below) raised the three of us. Years later, we all still live within just a few blocks of one another.

My
Home
AND
COMMUNITY

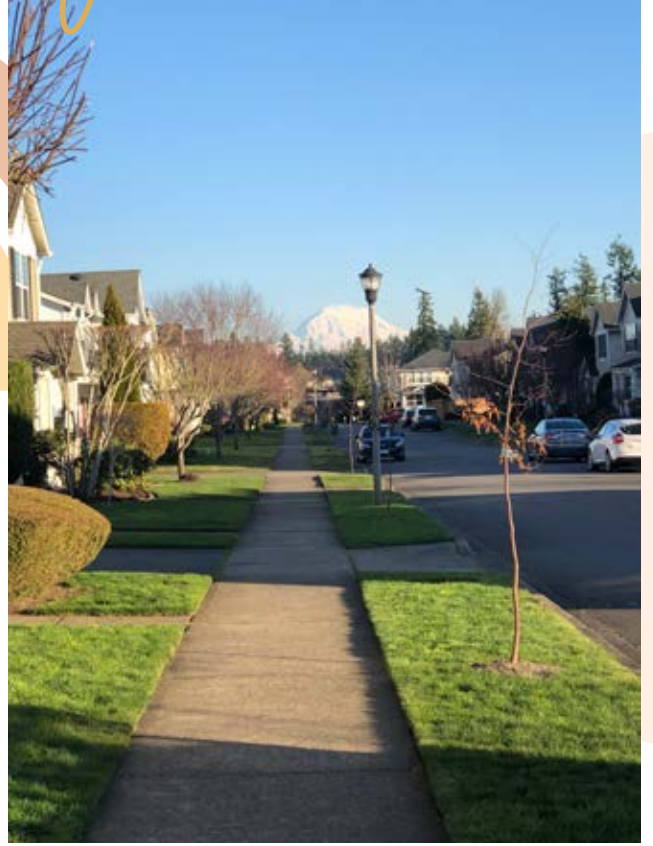

My neighborhood is one of the safest, most beautiful communities I have ever had the privilege to reside in.

A trail I frequent with my furry children. Hopefully one day I can take my baby for a stroll on sunny days :)

My Community Pics

These are some of the views in my neighborhood.

Thank You

THANK YOU for taking the time to learn about my family and for considering me as an adoptive parent.
