

# Ronnie and Michael

Dear Potential Birth Parents,

We are Ronnie and Michael. We met 5 years ago and became great friends. That friendship grew stronger and our love story began. Our personalities compliment and balance each other well. We are constantly learning from each other and building a stronger bond through the moments that we share. We have both become better people for it.

We are surrounded by wonderful family members and amazing friends. They have been there throughout the years for guidance and support. Having children has always been something we envisioned for our lives together. We believe that building our family through adoption is part of our destined plan.

### *Ronnie...*

My wife, Ronnie, is the most kind, loving, and caring person I know. Putting others needs above her own is what I admire most about her. She is an incredible woman and everyone's friend. Ronnie has always been able to achieve her goals.

Opening her own business has allowed her to grow and become the leader she has always dreamed of being. She loves her job but looks forward to spending time at home with her family, owning her own business allows her to do just that.

Ronnie loves spending time writing in coffee shops. She is extremely bright and loves to paint. She is very creative and I know one day she will share these passions with a child.

Ronnie is an exceptional person, she is the love of my life. Her thoughtfulness, patience, and warmth is going to make her an amazing mother. I cannot wait for this next phase in our lives.

## *Michael...*

My husband, Michael, is a wonderful man. He is a successful business owner. I have always known him to be a dedicated, hard worker. He has an energy about him that makes him so special and unique.

Michael is someone who loves to be outdoors but also enjoys the peace and quite of his own home. He is an avid cross word puzzler and loves to swim. Michael has turned our home into it's own secret garden. He enjoys being outside planting flowers and creating the most beautiful landscapes.

Michael loves being around his family and friends. Our nieces and nephews loves spending time with their fun Uncle Michael! He is very sociable and gets along with everyone. I am so lucky to have him in my life and I cannot wait to raise a child with him. He is going to be an amazing father.

## *Ronnie's Family*

My parents, Margaret and Ronald, were happily married for 15 years. Unfortunately, their love was cut short but my memories of them were not. They were two of the most supportive parents and gave my sisters and I the freedom to be ourselves and ensured the best education for us.

My mom is a book keeper. She was always the best provider and always made sure we had a wonderful childhood. She is so excited for Michael and I to start a family of our own.

I am so lucky to have two sisters that I am so close to. We have always had such a special bond as kids and continue to do so as adults. My sister, Monica, runs a private practice of her own. She is so smart and a loving aunt. My sister, Nichole, is a business owner as well. She is married to Ned and they have one beautiful daughter, Aya. My family is going to love this baby beyond compare.

## Michael's Family...

I have a wonderful immediate and extended family that I have always felt so loved by. Although my parents divorced when I was young, I never felt a lack of support or involvement.

My mom, Katherine, is married to Charles. They are so much fun and adore their family. My dad, Michael, is married to Patty. We are all so lucky to live close to each other and get together for holidays and birthdays. My parents are thrilled for Ronnie and I to start a family of our own.

As I gained two bonus parents, I also gained 6 siblings. Our relationships grew over the years and I realized the bond siblings can have without actually being blood related. Our holidays are filled with love and lots of children. I could never have asked for the family I was brought in to and I wouldn't have it any other way.

We hope that in reading this letter and looking at the special times that we have shared, that you have some sense of who we are, and what a wonderful relationship we have. We know that if we are fortunate to adopt, we will love this baby unconditionally.

We live in a wonderful community and have a lot of children in our neighborhood. The schools are excellent and there are many local parks for children to enjoy. Our family and friends live nearby and they are all looking forward to being an additional support system. It is our intention to express to you that our marriage is based on trust, love, support, encouragement, and honesty.

Our family will grow with these same values. We are excited about this new phase in our journey together and look forward to bringing a child into our home. We are honored to be considered as adoptive parents and would love the opportunity to meet with you.

Warmest regards,  
Ronnie and Michael
