## *my* STORY

Hello, I am Esther, thank you for taking the time to learn about me as a prospective parent. I grew up in Africa primarily in the city but we also had a country home so I am a little of both a country and city girl. I moved to California over 20 years ago and now call it home. I work in healthcare and love helping people get better and teaching them to stay healthy.

# my HOME

I live in a beautiful and sunny part of Southern California. I have a four-bedroom two-story house. I have a small yard, but we have several playgrounds and parks nearby. We also have highly rated public and private schools in the neighborhood. I live in a diverse community outside my immediate neighbors are from all races and we are a family-oriented community.

# my FAMILY

I was raised Christian and as an adult, I have also embraced Christianity. I come from a large family with six siblings. Many of my family members live nearby, while others are out of state. Adoption is not new to my family. I have an adopted nephew. My favorite family tradition and holiday are Christmas, we all come together from different parts of the county. We had fun and games a tradition that I have carried on and I now host Christmas dinner at my place every year for all family members living in southern California.

I have a 6-year-old Scottish terrier. He was a gift from a friend when he was a puppy. He is a friendly, playful, smart, and loving little pooch. He brings a lot of joy to my life.

## THANK YOU

Thank you for taking the time to review my profile. If you would like to get to know me better and have any questions. I would love to hear from you. I acknowledge and respect the difficult and loving decision you have to make. I have always wanted to be a mother. I helped to raise my nephews. Unfortunately, motherhood did not naturally happen for me. I have made my peace with it and have accepted it. I am now open to starting this new journey of motherhood through adoption. I promise to provide your child with a family full of love and nurturing so he/she can grow to be what they are meant to be.
