

## Rose and Joe

Dear Potential Birth Parents,

We are Rose and Joe. We were introduced at a mutual friend's BBQ over 7 years ago and made an instant connection. Our friendship grew into a forever love. We are madly in love with each other and extremely dedicated to our marriage. We keep each other laughing and love to have fun.

We love every minute of our journey together. We wanted to start a family to share in the wonderful life we had created. We have always wished to have children and we have so much love to give. We want to make our family complete by bringing a child into our hearts. We have such a strong foundation and are ready to start our family. We are so excited to begin our adoption journey...

### *Rose...*

Rose is undoubtedly the hardest-working woman I know. She has a successful career in social work and spent many years earning her degree toward this. She is extremely goal oriented and can accomplish anything she puts her mind to. It truly amazes me that when she puts her mind to something she achieves it with ease.

Rose is compassionate, loving, giving, and extremely honest. She enjoys spending time with her family and entertaining with a home-cooked meal. She loves to knit and garden at home. These are a few things she looks forward to sharing with a child of her own.

Rose's thoughtfulness, patience, and warmth will make her an excellent mom. She shares so much of herself with everyone in her life. I have always known Rose to be a kind and caring person who lives life to the fullest.

We have so many wonderful people in our lives. Although, not all of our family lives nearby, we try to connect and communicate with them often. Rose's family is close and we love to celebrate holidays together.

We have so much fun learning new cultures and embracing our own as well. Everything is a celebration and we wouldn't want it any other way!

We are so excited to carry on family traditions with our child. They will learn about the different experiences we have had and we are excited to start new memories as a family of three! The best is yet to come.

## Joe...

I am so lucky to have a man like Joe in my life. Joe has a rewarding career as an engineer. It is extremely important to him to make sure his family is safe and stable. Joe is fun and loves to make people laugh. He is the most loyal, caring, and dedicated man I know.

Joe loves spending time with his family and enjoys entertaining on the weekends. He loves to grill and play baseball with his friends. The people around him know they can call on him whenever they are in need. He is everyone's best friend!

Joe has been my rock for so many years. He has a warm and loving nature, and I am so proud to have him in my life. I cannot wait to begin the journey of parenthood with him. I know he will be an incredible dad.

We hope that in reading this letter and looking at the special times that we have shared that you have some sense of who we are. We know that if we are fortunate enough to adopt, this child will be so loved because we are two generous, kind-hearted, responsible people who have so much to give. We promise to raise this baby to love others, be kind and compassionate, and always be willing to help others in need.

Our home is filled with family and laughter. We will protect and guide this baby into childhood and adulthood. We are excited about this new phase in our journey together and look forward to bringing a child into our lives. We are honored to be considered as adoptive parents and we would love the opportunity to meet with you.

Warmest regards,  
Rose and Joe
