Hi, we're AFMC!

SELF-MATCHING ADOPTION SERVICE

Adoption For My Child (AFMC) is positioned to operate at the highest standards of care, support, and integrity by offering practical and compassionate support. We remove the barriers by allowing families to take control of their adoption journey.

AFMC is an adoption profile hosting and outreach/referral site that provides affordable tools that facilitate life changing connections.

Our platform allows families to present their adoption profile for available situations that they want to be presented to for consideration INSTANTLY.

Introduction

Eos ea officiis assentior, error iisque praesent sed id. Sea ne quando suscipit. Eos an alterum detracto, vim an adhuc laoreet. Iusto soleat tempor ne his, ad nibh mediocrem quo.

Hinc meliore ut nec, in atqui voluptatum nam, eirmod elaboraret ea vix. Partem numquam qui et. Ad hinc maiorum voluptatibus est, natum latine nec id. Qui ferri simul mediocrem ut. Cu ullam epicurei eam, velit feugait accommodare at sit.

INSTANT PROFILE SUBMISSION

Adoption For My Child is a membership community allowing families and expectant mothers to have more control over their adoption journey.

Birth/Expectant moms want to choose parent(s) based on criteria that's important to them. Traditional adoption networking has fewer opportunities for Birth/Expectant moms to find adoptive parents that fit the criteria in their immediate geographic area. Our services enable them to find and connect to home study-approved adoptive families throughout the United States that fit their specific needs.

Adoptive families want to choose which adoption opportunity (available situation) they want to be considered for. Traditional adoption networking is limited, so we've created the IPS system.

IPS - Instant Profile Submission system will instantly deliver their adoption profile, video, and/or letter to the requesting professional, and/or the expectant mother considering adoption within seconds of their instant submission, increasing their likelihood of finding the perfect match.

An available adoption situation write-up is created with all the information provided regarding the adoption situation. The information included: basic information regarding the expectant mother and her pregnancy, criteria she is looking for in a family, estimated cost of the adoption, and any additional information like drug and alcohol exposure and personal health will be included (if available). No identifying information will be released to the adoptive families in the write-up.

Our members receive situation notifications and can present their adoption profile to expectant mothers that work with different adoption professionals throughout the United States INSTANTLY for consideration. Allowing adoptive families to connect with an expectant mom FIRST before signing with an agency and/or industry professional.

HERE'S HOW IT WORKS

FAMILIES BUILD THEIR PROFILE

All adoptive families at AFMC will have a digital profile, consisting of information, pictures, and videos. AFMC offers marketing options that allow our families the unique opportunity to get directly in front of expectant mothers.

FAMILIES CONNECT WITH BIRTH MOTHERS

Adoptive families that work with AFMC can meet expectant mothers by submitting their profile for an available situation or by waiting for an expectant mother to independently contact them through their online profile.

FAMILY IS MATCHED

Once the family's profile has been accepted by the birth mother, the adoption plan is made and finalized. AFMC provides support to both parties during this entire process to ensure a smooth adoption and seamless transition for the child.

AS SEEN ON

Client Testimonial

AFMC provided more options for connections than other platforms I was viewing. I found that the profile content was very informative which gave me a better view of the family and the lifestyle they each presented. Thanks AFMC for allowing this service for all mothers considering adoption.

Much easier than dealing with an agency.

WHO I WORK WITH

Since 2005, AFMC has been assisting:

- attorneys
- agencies
- adoption professionals

As an adoption professional, you will have access to all hopeful adoptive families through our proprietary system.

WHAT YOU CAN EXPECT

Working with AFMC will provide you the ability to:

- reach families nationwide
- receive diversity in the selected family profiles
- receive profiles instantly for consideration
- receive profiles that can be viewed on any device

GET IN TOUCH

As a mother to biological twin boys and an adopted daughter, I have experienced a journey of infertility, birth, disability, loss of children (foster children) and adoption.

I am fueled by my passion for understanding the needs and desires of adoptive families, expectant mothers and professionals. Each adoption journey is unique.

Families experience different emotions during this chapter in their lives, the good, the bad, and the life changing. Having experienced many of the same emotions on my own journey, I am able to have a deeper connection and understanding of the emotional side of the adoption journey.

I will always provide families the support and compassion they need during and after their own adoption.

Amy Senior
