Cynthia & Rich

Who we are...

Cynthia and Richard have always wanted to adopt, even before they met.

After getting married in 2014, they were blessed with their son Hudson who is now 6 years old.

We have a beautiful life as a family. We have fun together and laugh a lot.

Our Story...

Cynthia and Richard met in 2012 through an online dating site.

Soon after we met for sushi dinner. We both knew we were meant for each other and after a year of dating we were engaged and married in 2014.

We would describe our marriage as gentle, kind, and happy. We're feel very lucky to have found each other!

We live in New Jersey

Cynthia

Therapist

I think Cynthia is the most compassionate person I have ever met. She genuinely cares for her loved ones' wellbeing and is always available to help everyone. She is caring and a sweet woman.

She is such a beautiful mother to Hudson. He's always taken care of, loved, and safe. She teaches him, laughs with him, and grows with him.

Rich

Industrial Designer

Rich is the funniest person; he makes the whole room laugh and have fun. He is a happy guy that always looks on the bright side of things.

Hudson and Rich share a special bond. They spend much time exploring and playing together.

Rich is a great dad and is so excited to become a parent again.

♡ Hudson ♡

Our beautiful 6 year old son has a life filled with joy and laughter. He is a bright boy who loves to learn and try new things. We do our best to keep him safe and happy and provide him love at all times. He will be a great big brother and is excited to have a sibling.

*Togetherhness,
for us,
means
teamwork.*

Our Values...

We have strong values of being kind to others and providing acts of service. Richard is a volunteer EMT for our town, and previously served as a dedicated fireman. Cynthia works as a therapist and spends her days providing emotional support to others daily.

As a family, we enjoy exploring our environment, and tend to spend much of our time outdoors either traveling or enjoying our backyard. We were both raised with a Christian background and are currently seeking a congregation that speaks to us.

Family Living

Rich has grown up in the community that we currently reside in. Both Cynthia and Rich are actively involved in the community with service groups and committees.

We live in a great neighborhood and love that we have a very diverse group of friends. Cynthia actively serves in Hudson's elementary school as a class parent and lunch aid.

Our extended family is very close, and we frequently see each other. We have their complete support in adopting a child. Our entire family is and always will be actively involved in the nurturing and care of our children.

Our Community

We live on a cul de sac on a hill, with 4 houses on the street. We are very close with many of our neighbors and Hudson enjoys playing daily with many of the kids.

Our street constantly has children running around, especially in our backyard. We live on the edge of a park system so there are trails accessible through our backyard.

Our community is a small town, and it is very common to run into people we know at the park, the playground, the community club and more.

We built a patio last year to enjoy being outside with all the birds, and other wildlife that tend to frequent our backyard.

Our Adoption Plan

We would love to have an open relationship with you. We are willing to send pictures, letters, and videos to you. Our goal is to have your child feel as much love as he/she can.

Diversity is important to our family because it a critical component in everyday life.

We would like to see our family bring in more diversity overall and will make a great effort to do so in the coming years. If we are blessed to adopt outside our own race we know we have complete support from all our close family and friends.

Thank you, We hope to hear from you soon!
