How we met

Hi, we are Josh and Alexis! Thank you so much for taking the time to learn more about us. We are an open book and hope that you enjoy learning more about us as prospective parents.

We both grew up in Utah but our paths didn't overlap until we were adults. In 2010, we met through a mutual friend and hit it off right away! We spent the next few years getting our personal finances and school out of the way before we married in October 2015, on our 5 year anniversary of being together.

All About Alexis

Who is Alexis, she is fun loving, family oriented, crafty, worry wort. She love to be goofy, going for walks, and just being by the family. She's a Harry Potter fan aka a "Potter Head". Loves Disney and love playing Super Mario and other various games. She is known as a baby whisperer in the family. She also does sign language and many of the cousins ask for advice for teaching their kids. After going through infertility treatments and battling P.C.O.S. We have turned to adoption. Having the experience with Josh's adoption, our dear friend Alex's adoption and so many others we felt this was the best path.

All About Josh

Josh is the best person anyone could have in their corner. He is so fiercely loyal and would do anything for those he cares about. He has the biggest heart, especially when it comes to animals!

He is such an outdoorsman. He loves hiking, camping, gardening, fishing. He even breeds flowers. He is notorious for missing cameras at events because he wanders in nature.

His newfound joy in life is dad jokes. If you groan or roll your eyes, he is thrilled and will repeat the joke often. This really plays into his fun loving, goofy self.
