

Logan & Samantha

OUR
STORY

OUR STORY

Logan and I met in 2016 and are highschool sweethearts. We have been together for seven years. We have been married for four years. We have had so many great moments together from traveling to the beach, to game nights with the family, and going on our outdoor adventures. Even though we have had countless good times, we have also been through the bad ones which included the news in 2021 that we have infertility issues. We both grew up in the same small town surrounded by the ones who love and support us the most.

5 of our favorite things:
Spending quality time with the family
Going on outdoor adventures
Taking vacations to the beach
Movie and game night
Bowling with the whole family

We cannot thank you enough for taking us into consideration as we begin this adventure and add a bundle of joy to our family. As exciting as this is for us, we cannot imagine the difficulties you must be facing. We are so uplifted by your perseverance and strength. We have prayed strongly for the chance to start our own family. For the years to come, we want to be the best, most encouraging, and most loving parents. We cannot wait to watch this little one grow as they achieve their life goals. We appreciate you, support you, and would be honored to go through this journey with you.

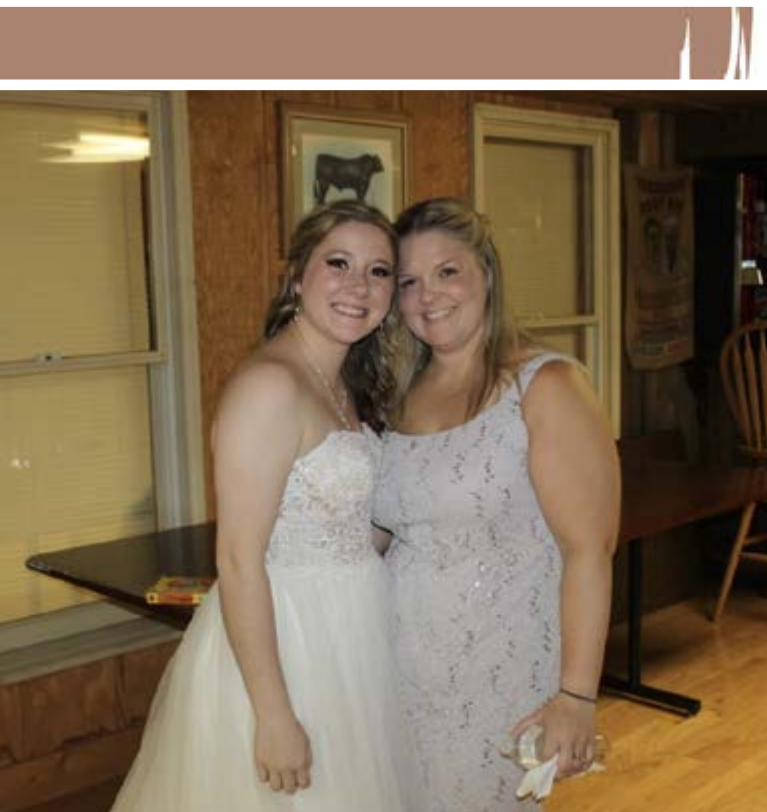

MEET SAMANTHA

Samantha has a strong heart. She radiates love and happiness.

Samantha was born to be a mother. She has the deepest, most loving heart. She is constantly so happy. Samantha enjoys spending her free time at the beach, shopping, and being with family. She is my everything, and I cannot wait to see how she will treat our future children.

Samantha grew up wanting to be a mother. When she received the news in 2021 that she was not able to have children, she was devastated. She has worked so hard her entire life to make sure everything was perfect. She never goes a day without letting me know how much she loves and appreciates me. We have been married for almost four years and I still to this day am grateful for all she does for us. She takes every life-throwing obstacle and makes the best of any situation possible.

MEET LOGAN

Where do I begin with Logan?
He always provides for our family and
is such a hard worker.

Logan enjoys spending his free time
outside and with his family. Logan will
make a wonderful father.

He is incredibly patient with everyone.
He serves as the foundation of our
family. Logan constantly goes above
and beyond to help out. I fell in love
with him partly because of his
enormous heart.

Logan has always done everything he could to provide for me and our future family. When we knew it would be much harder for us to have a child, he stepped up to make this adoption possible. Logan has never failed to keep a smile on my face. He is the most perfect husband and hopefully soon the most perfect father. He always makes sure to put his family first no matter what the situation is. Logan will make a great father because he would do anything in the world to protect a child and he will make sure they are safe and protected.

Family & Friends

Logan and I enjoy spending every chance we get with our families. It is very important to us to keep the bond we share and make new memories.

Our Wedding 2019

Family Beach Trip 2022

Easter 2023

Family Beach Trip 2023

We share a state of residence with both sides of our family. Nearly two hours separate Samantha's family from us. Logan's family lives in a nearby town. Each month, if not every weekend, we get to spend time with both sides of the family.

OUR ANIMALS

We have two dogs, Duke and Remmy. They are both so playful and are great with children. Remmy is the black and white GSP, she is super friendly and so kind to everyone she meets. Duke is the yellow lab, he lights up our world with his wonderful smile. Both of our animals are a huge part of our family.

OUR PROMISE

We promise to love this child with everything in us. Both, Logan and I promise to take this child in with full hearts and will provide for them as they grow.

THANK YOU

We appreciate you learning about us and our journey, and we thank you very much.

We believe that through sharing our love with you that you will see how huge our hearts are.
