

## Hanna and Kenny

Greetings! We are Kenny and Hanna. We'd like to thank you for taking the time to read our story. This is just a glimpse into our lives and what we have to offer for that lucky child who we have been praying for.

If asked to describe ourselves, we'd like to think of ourselves as loving, caring, responsible adults. These qualities are what we would want our future child(ren) to adopt so that they can grow to be the best version of themselves.

We met in 2017 while working for the school system, preschool to be exact. Both of us pursuing work as educators and having a love for children made connecting with one another like a walk in the park. We married in the Summer of 2021, and a year later we bought a lovely home. We currently have adopted a dog and three cats.

After a year of settling into our home we are ready to expand our family even more through adoption. We are both fortunate to have come from stable and loving families who have supported us throughout our lives. For us the choice of adoption was an easy decision, as Hanna has four younger adopted siblings.

We both have a lot of love to give and believe a child can never have too many people loving and supporting them. We look forward to starting our family through adoption.

We would love the opportunity to talk if you have any questions. We are more than willing to be transparent with any information regarding who we are and more on our story. We are excited for this step in Life and would love for you to join the journey.

Thank you for taking the time getting to know us.
