## We are Patrick & Jessica

Thank you for allowing us to introduce ourselves and tell you about our family. We are grateful you love your unborn child so much that you are choosing adoption. We hope you feel love and support during this time.

We are so excited for the opportunity to expand our family. We feel called towards adoption and providing a child with a happy and beautiful life full of love and enjoyment. We would love to provide your child with a supportive, safe, fun, and unconditionally loving environment. Our hope for our children is that they grow up to be caring, compassionate, responsible adults.

As you face this decision, know we are praying for you and your child. We are honored that you would consider us as you plan for your future. We hope that as you look through the words and pictures on these pages, you will get a glimpse into our lives and that this will be the start of a beautiful journey we can take on together.

# our story

We met through a mutual friend after highschool and were friends for a few years before dating. Patrick had a stable job as a diesel mechanic and Jessica was in college.

We were married in the summer of 2011. In 2014, Jessica graduated from Pharmacy school.

We had twins in late 2015. The boys are now 7 and excited for a sibling!

Today, Jessica is a Pharmacist at a hospital in the area and Patrick is a business owner.

Thank you for taking the time to get to know us. If we are a good fit for you and your baby, we'd love to get to know you better!

He is terrific with younger kids, such as his younger cousins Hollee, Rosie, and June. Nate likes to do things to take care of others and enjoys making others laugh. Nate says he wants to have a younger sibling and is very excited about our adoption journey! He will make a wonderful big brother!

Zane is kind and fun to be around. Zane loves to spend time with his family. Zane has expressed his desire for a little sister. He was thrilled when we told him about our decision to pursue adoption. Zane will make a fun, exciting, and protective big brother!

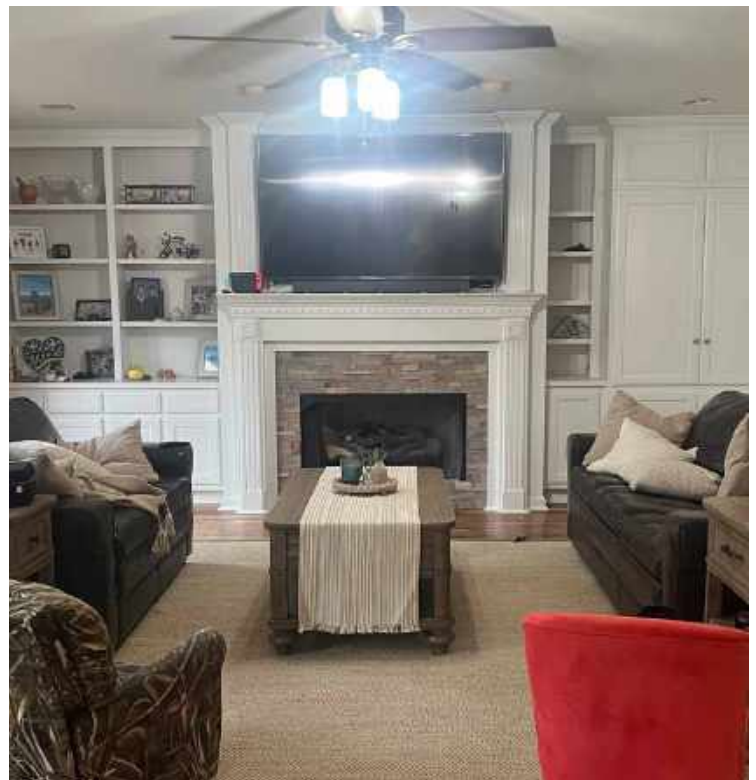

# OUR HOME

**BACK DOOR VIEW**

Our home is in Middle Tennessee on 5 acres. Our town is a perfect mixture of farmland and suburban areas. Most of our family lives within 20 minutes of us. Our house is around 2400 sq ft and two stories. The backyard is fenced with separate areas for our animals (goats, chickens). Downstairs is our living room, Master bedroom, Kitchen, Laundry Room, Dining room, and 2 bathrooms. Upstairs is our bonus room, 2 bedrooms, an additional room used as an office, and 2 bathrooms. We are located just outside our town's city limits, so we get the best of both worlds. Our location and yard size gives us privacy and plenty of space to have small farm animals. On the other hand, our location close to town provides us with the conveniences of someone living in the city.

GOATS

We love the outdoors and animals. We have a sweet Miniature Australian Shepherd, Miles. We have a cat Rose who spends most of her time in the barn catching mice. The kids love to gather eggs from our chickens each day. Our goats are very friendly and love it when someone comes out to feed them bread or animal crackers. Our animals have plenty of room to roam around our property and our fenced in back yard helps keep them safe. The kids enjoy having the animals and helping to take care of them. Recently, two of our goats had babies so we have 3 baby goats.

# Patrick's FAMILY

PATRICK + HIS SISTER JANET  
+ DAD LEONARD

Most of Patrick's family lives within 20-30 minutes of our home. His dad and stepmom Leonard and Sandra live across town about 15 minutes from us. Sandra has several grandkids of her own. They love to have get-togethers at their house around the holidays and the kids all do activities like easter egg hunts, etc. Patrick's sister Janet lives about 30 minutes away from us. Patrick's cousins are as close as siblings to him. His cousin Johnny lives about 30 minutes away from us and he and his wife have young kids also.

# Jessica's FAMILY

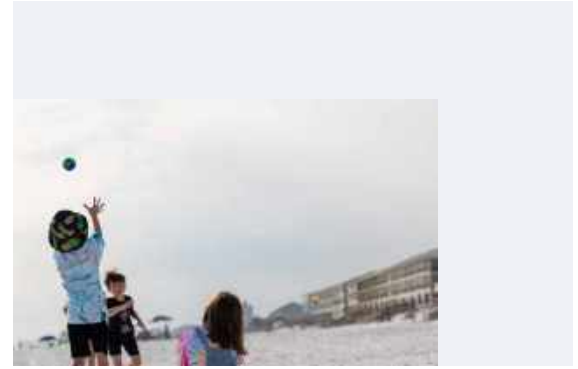

With the exception of her middle brother Austin who lives in Seattle, Jessica's family all live pretty close together. Her younger brother Joseph and his family, her older brother Matt and his family, and her parents all live about 15 minutes away from us. Our kids are close with Matt's daughters Carlee (10) Saydee (7) and Hollee (5) and Joseph's daughters Rosie (4) and June (1) and all play together wonderfully. We just returned from a beach trip with Matt's wife Kacey and their 3 daughters Carlee, Saydee and Hollee. We had a wonderful time and the kids enjoyed having lots of cousins there to play with.

# BEACH

SPRING BREAK 2023-DESTIN, FL

We headed to the beach for spring break this year. We stayed in a townhouse directly on the beach! Our sister-in-law and nieces were able to go with us. The temperature was in the upper 70s and it was sunny all week. We had such a wonderful time!

## Adventures

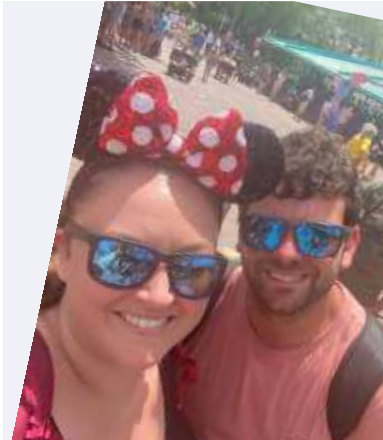

# CAMPING

Camping is one of our favorite things to do as a family. There are so many fun places to go camping together. We love hanging around our camper and playing games, fishing, or doing activities together at the campground. One of our favorite campgrounds is camp Jellystone (Yogi Bear) at Mammoth Cave, KY. They have so many fun activities to do there as a family, including fishing, trampolines, pottery painting, mini golf, and others!

# DISNEY

We went to Disney World in the Summer of 2021. We stayed in our camper at Fort Wilderness, the campground resort at Walt Disney World. Fort Wilderness was AMAZING. It was quiet and relaxing, and we could take a quick boat ride to Disney world each day. We had a blast on this trip! We hope to return to Disney in the next few years.

# GREAT LAKES

One of our favorite trips happened right before we got our own camper. We rented an RV and headed to Michigan to spend time at the Great Lakes. We went to the top of Michigan, Near Canada, and spent time on Lake Superior. The Great Lakes are so beautiful. They have waves like the Ocean and clear water. It was the best road trip ever!

# THANK YOU

We are so thankful you have taken the time to get a glimpse into our lives and our family. We are not going to assume to know what exploring your pregnancy options has been like for you. If it ever feels overwhelming, remember to take a few deep breaths and remind yourself that you are strong and amazing. We are sending you prayers for strength and that you are surrounded by the love and support you deserve as you navigate the decisions and days ahead. Thank you again for taking the time to consider us.

# Our Promise

We promise to love and cherish the precious life you have entrusted to us. We will provide a joyful, safe, and unconditionally loving home. We will share with your child our deep appreciation for you and the loving decision you have made. If you desire, we would love to meet you in person. Through all of this, we want you to know we support you.
