

Dear Expectant Parents,

Hello, we are Marty and Korey and we thank you for taking the time to learn more about our family. We know this is such an important decision that requires the utmost consideration.

We know you are looking at many profiles and it can be overwhelming. Our aim is to keep this book simple so it's not overwhelming for you but at the same time, still allowing you to get a good feel for our family!

Why Adoption?

We are choosing adoption after years of struggling with secondary infertility and experiencing multiple miscarriages. We have always felt in our hearts we were meant to have multiple children and our daughter longs for a sibling.

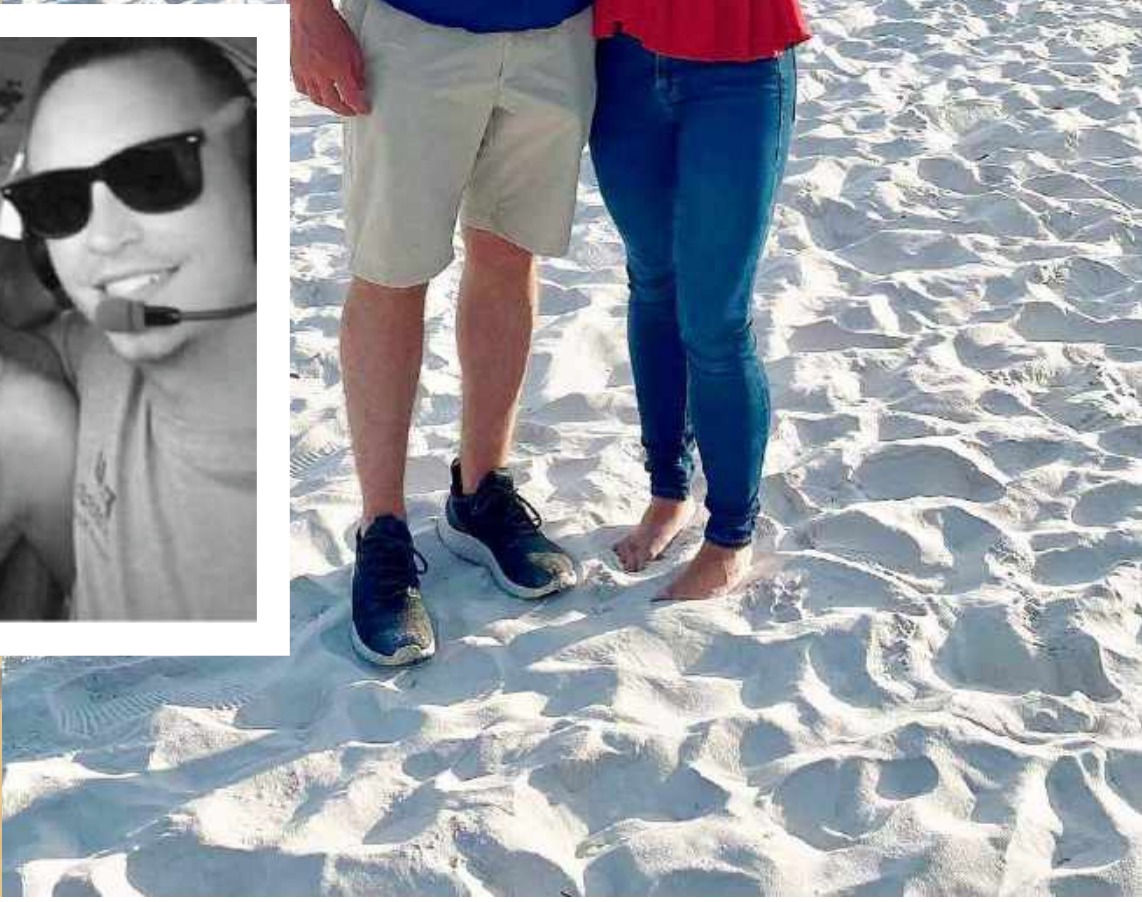

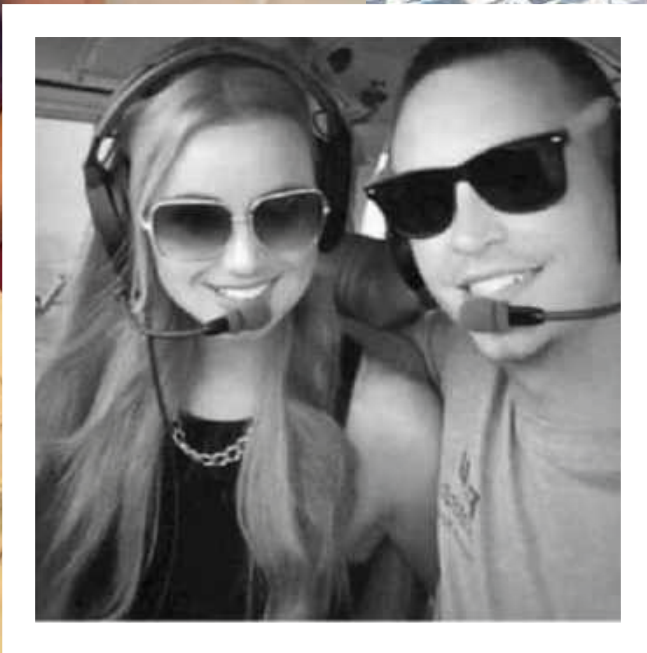

Korey is also an Adoptee and we believe adoption can be a beautiful and life changing thing.

Our Story

We met through a mutual friend group while attending college. We had our first date and the rest is history from there. We dated for three years before tying the knot in 2016. We then went on to have our daughter, McKinsey, in 2018.

We would describe our marriage as easygoing and fun. Although no marriage is without its ups and downs, we can truly say that our marriage is pretty easy. We are each other's best friend and we have a deep respect for one another. We have been through some of the toughest circumstances together and have always drawn strength from each other.

Meet McKinsey

McKinsey or "Kinsey" as we call her, is the textbook personality type you would think of when you imagine a big sister.

She is sweet, silly, loves babies and is an empathetic child. She has been described by her teachers as kind and inclusive to all of her friends in class. She also loves Taylor Swift!

She turned 5 in December and is at a great age to welcome a new sibling. Her being school age will allow for lots of one on one bonding with the baby while she is at school. We see her being a caring and protective big sister.

"I want a sister or brother because I want a best friend and I will take care of them" - McKinsey in her own words

Toby loves being outside in the spring and summer

Pets

We are huge animal lovers! We have three pets. Our dog Maverick will be 9 in March. Our two cats, Kitty and Toby are 11 and 10. They get along well with one another and are great with kids! We also have a large fish tank with an assortment of fish

Our Home

We LOVE to decorate for the holidays! Lots of Halloween and Christmas decorations. Our neighborhood has a Christmas lights competition annually.

Home sweet home

We live in a family oriented neighborhood that is safe with friendly neighbors. We also have a fun community pool. There are lots of other children to play with and we are about 5 minutes away from school. We have a fenced in backyard with a trampoline and play set as well as a patio. We also have a playroom!

Our Adventures

We are very blessed through Marty's flight benefits to be able to travel frequently. We take trips to the beach, the west coast, Alaska and Disney World. We are hoping to make some overseas trips soon as well. Since we live so close to the Smoky Mountains, we also enjoy RV camping and trips to Dollywood. We have traveled since Kinsey was a baby and we plan to do the same with our new addition. Every age is a great age to travel and see the world!

Our families are both very blended with many half related and non blood related relatives which we see as a positive thing! This baby will have a very large support system and lots of love!

Our promise to you

We are excited to be adopting and have so much love in our hearts to share for this child as we expand our family.

With Korey being an adoptee herself, she hopes that she can help your child walk in their story from a place of true understanding.

Our hope is that you will be as involved in your child's life as you wish to be and that you ALWAYS feel welcomed by us. We know first hand just how important that connection is when it comes to what's best for an adoptee. We will unconditionally love and protect this child regardless of circumstances.

We promise to tell your child about your love and selflessness for them, ensuring they know how much you care.

Thank you so much for taking time to consider our family.

Sincerely,
Marty and Korey

The woman is on the right, wearing a light-colored top. They are standing in front of a window with multiple panes. The text "We love you because the whole world helped us conspire to find you" is overlaid in a white, cursive font on the man's chest.
