

Hello!
We are Anna
and Drew.
Thank you for
taking the time
to learn more
about us!

We live in a quiet sub-division in Central Illinois. There are plenty of things to do in our town and even more things to do within 45 minutes to an hour away from us. We have a nursery all ready for a little one to join us whenever the time is right.

Drew is a kind, witty, and genuine person. He is always there to put a smile on your face. He loves to play the guitar, watch baseball, and go on adventures.

Anna is a loving, caring, and determined person. She never likes to leave tasks unfinished. She loves to go on trips, catch up on TV shows, organize/clean, and hang out with her family.

We have both accepted Jesus into our hearts from a very young age and attend church every Sunday. We value faith, family, and always having a strong support group of Christian friends.

Family

We were high school sweethearts who also graduated from the same university. Anna graduated with her Bachelors of General Studies with a concentration in education, and she currently works in the school system. Drew graduated with his Associates of General Studies with a concentration in ministry, and currently works at an insurance company. We got married in May of 2018 with our entire family surrounding us.

Our extended families continue to grow with new little ones all the time. Our families are always supportive and involved with any child that comes into the family.

We have been wanting to start our family for a while now, and due to some infertility issues we felt like God was calling us to adopt. We know that this is not an easy decision that you are making, and that you are doing this because you love this child so much and want the best for them. We hope you feel supported and loved no matter where you are at in your journey. We are just honored that you would consider us to raise this child. We promise to love your child and provide a safe, happy home and a life with lots of opportunities.

We enjoy going on vacations, going to different baseball stadiums, and hanging out with our families whenever we can.

We have two nieces and seven nephews that are all a huge part of our life. We regularly watch the two nephews that live close to us, which they love. They are all so excited to be adding a new cousin into the mix!

Thank you for considering us to raise the child you so dearly love. We have an approved home study, and are excited and ready to go on this journey with you.
