How we met

Engagement photo 2014

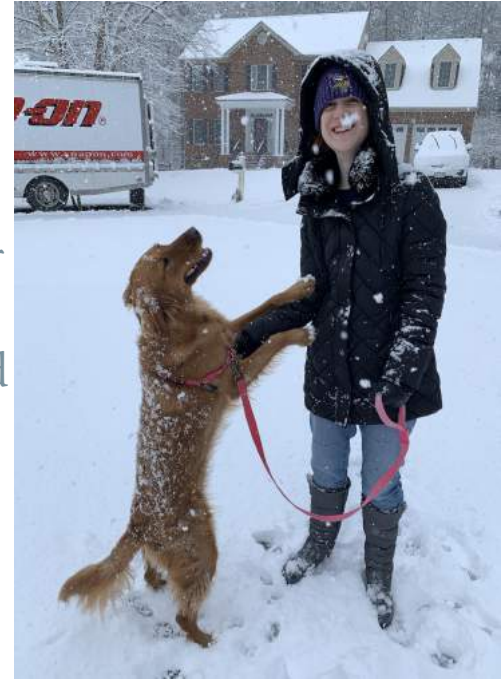

Sarah and Andrew both met through their mutual friend Stephanie. Andrew and Stephanie attended the same high school. Years later, they grabbed coffee together and reminisced about their high school band days. Coincidentally, Sarah and Andrew met online not realizing that Stephanie was a mutual friend. Sarah decided to give Andrew a chance at a first date. This date consisted of getting ice cream at the outdoor mall and finishing it off with a glass of wine. They first kissed on a roller coaster at the local theme park at Kings Dominion on their second date. Andrew and Sarah were engaged six months later.

Rosie

Rosie would love to have a little brother or sister someday. She is our furbaby and she travels with us to the beach and other fun weekend trips. Rosie can't wait to have a travel companion.

Our Adoption Journey

We were married on November 8, 2014. After four years we wanted to start trying for children. Unfortunately, we were unable to conceive. Our doctor told us that it is very unlikely that we would ever be able to conceive naturally. After three failed rounds of IVF we decided that adoption was our best option to become parents. As a couple, we have taken classes and learned the difficulty of entrusting another couple with their child. We just want you to know that your child will be loved, cared for. We plan to raise our child to obtain an empathetic understanding of the world. Both Sarah and Andrew grew up in diverse environments in the Richmond, VA area. We plan to expose our child to different cultures and customs so that they can respect people from all walks of life. We sincerely want to provide a loving home for our future child and know that they can always speak to their parents about any challenges they are facing through life.

Sarah and Andrew live in a neighborhood on a cul-de-sac. They have a spacious home with a fenced in backyard making it safe for children to play. The home is two stories and has four bedrooms.
