

Hello! I'm
JESS

Hello!

It's so nice to "meet" you! As I write this letter, my heart is overflowing with excitement and emotion. Becoming a mother through adoption was always a dream of mine and I long to welcome another little one into my life. I love being a parent.

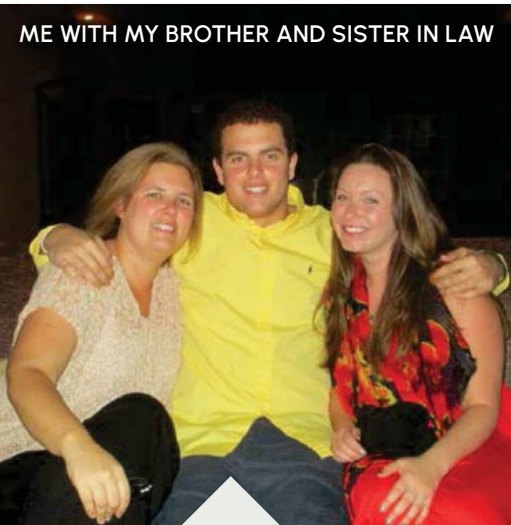

For as long as I can remember, I have always wanted to be a mother, and my dream finally came true when I adopted my daughter. Expanding my family through adoption again is another dream that we hope comes true. Fertility treatments were never something I was comfortable with. I would rather partner with an expectant mom to give a child the best life that I possibly can. I know adoption is the best choice for me, and being a parent is very important to me. I am ready to unconditionally love another child.

I want you to know how much respect I have for you. I realize you are likely in a difficult situation, and I thank you for having an open mind.

ABOUT *Me*

ME WITH MY BROTHER AND SISTER IN LAW

I was born and raised in a small town where extended family lived within a few-mile radius. A sense of family is incredibly important to me. I adopted my daughter in 2023 and I love doing activities and taking trips together as a family with her. Some of our favorite activities include walking the dogs, going to the zoo, playgrounds, library storytime, spending time with family and friends, and making meals together at home- she is the best little chef!

I have a very flexible, successful career in real estate and I truly enjoy it. I love its flexibility, as it allows me to be a completely present mom.

I make my own hours and a little one is always welcome to join me. I feel fortunate that my job allows me to be a full-time, stay-at-home mom, and when I do need a babysitter, I feel incredibly lucky because my mother lives right next door to me.

What Makes Me SPECIAL

Silly puns and jokes make me giggle and musicals make my heart sing! My daughter and I love going for walks – whether just around my neighborhood with the dogs or walking along the beach seashell searching!

I am known as the “baby whisperer” by my friends and relatives. I have that special touch that calms babies and magically gets them to sleep.

ME WITH MY
SISTER IN LAW

I am a positive and happy person. My daughter's laugh and smile are contagious. I believe in being kind and humble, and will be raising children to be the same.

A NIGHT OUT WITH FRIENDS

Meet The BIG SISTER

My daughter was born in 2023. I have an open adoption with her birth family and am so thankful for that. I am so grateful for them; my family feels their support and love. We communicate a lot.

Em is an amazing little girl, who is so sweet, caring, and inquisitive! She loves to laugh, listen to music, and sing. She brings so much happiness to my life, and to those around her. I feel incredibly blessed to be her parent. Seeing her grow, learn, and explore each day is such a joy! Em can be shy at first when meeting new people, and then her sweet and silly personality comes out. Her favorite activities are going for walks, reading books, dancing, and snuggling. She gives the best hugs and loves playing with her cousins.

SUNSET AT THE BEACH

Em has found best friends in the family dogs, who both love walking into her room each morning after she wakes, to be greeted by her smiles and laughter. She's quickly becoming an expert traveler and I can't wait to see her be a big sister with a built-in best friend.

HOME *Sweet* HOME

Our home is the perfect place to create fun and amazing memories with children. It is my happy place where I find pleasure in simple things like cooking, listening to music, walking our dogs, having friends over, watching a show on TV, and most of all, having playdates with my nieces and nephews. There is a special room filled with toys and arts and crafts, and a small table and chairs for snack time!

We live at the end of a cul-de-sac with woods across the way. There are many children in the area and they love to watch the wildlife – rabbits, squirrels, and deer! Our community has a clubhouse and a pool. The pool is our favorite place to visit in the summertime.

The town we live in has a very diverse and vibrant culture. We are within walking distance of a zoo, parks, museums with children's art classes, shows, restaurants, grocery stores, shops, and summer activities that the community offers. We are very lucky to have so many children's activities so close. We are close enough to New York City to see the Christmas tree in Rockefeller Center, the Macy's Thanksgiving Day parade, and the Bronx Zoo.

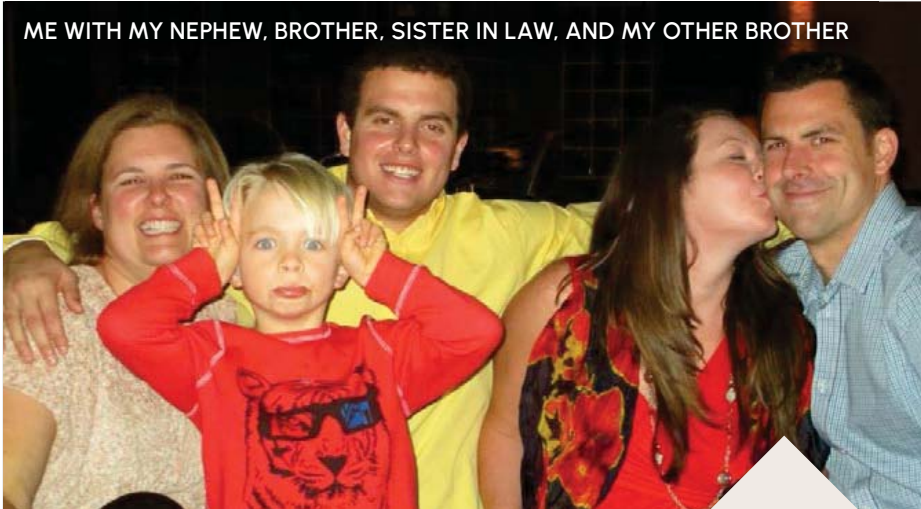

Em and I have two of the most loving and gentle dogs: Dakota who is a black Lab and Lexi who is part Lab and part Australian shepherd. The children in the neighborhood love visiting our dogs, throwing tennis balls to them and giving them treats – and the dogs love it! We love taking them for walks through the community. There is a pond close to our home with ducks, turtles, and fish that we love to visit and the dogs have their favorite spots, also.

MY NEPHEWS

I am the oldest of four children, and I enjoy every minute I spend with my family. I am very fortunate that my mom lives next door and that my family and friends, while we may all be grown now, still live nearby. My mom, dad, aunt, uncles, brothers, sisters-in-law, nieces, and nephews – they are my people. They are my support system as well as a constant source of laughter, love, joy, smiles, and adventure.
