

Robertta and Andrew

Dear Potential Birth Parents,

We are Roberta and Andrew. We met online 7 years ago and have been married for 3 years. When I showed up for our first date, I was immediately drawn to Andrew's kind eyes and genuine smile. He remembers me turning the corner and thinking, she will be my wife one day. We had an instant connection and truly are each other's soul mates. Our friendship grew strong, and our love story began. Our personalities complement and balance each other well. We are constantly learning from each other and building a stronger bond through the moments that we share. We have both become better people for it.

Our bond deepened through shared adventures, from fishing to exploring new activities. It seemed we just loved being together, no matter what we were doing. We knew almost instantly after we started dating, that we'd end up spending our lives together. After 4 years of this magical journey, we decided to get married. It's this deep love and respect for each other that we wish to extend to our future family. We appreciate you taking the time to learn more about us...

"Love is the best language..."

Roberta...

My wife, Roberta, is the most kind, loving, and caring person I know. Putting others' needs above her own is what I admire most about her. She is an incredible woman and everyone's friend. Roberta has a rewarding career as a Speech Pathologist for elementary school children. She absolutely adores her students and looks forward to spending time with them every day.

Roberta loves spending time with our dog, Nya, cooking and being with friends and family. She is extremely bright and loves to read. Roberta is very creative, and I know one day she will share her passion for music and singing with our child. Roberta is an exceptional person, she is the love of my life. Her thoughtfulness, patience, and warmth are going to make her an amazing mother. I cannot wait for this next phase in our lives.

Andrew...

My husband, Andrew, is a wonderful man. He is a successful business owner and has always been a dedicated, hard worker.

Andrew works hard to provide for his family but has set his schedule to be home just in time for dinner. He never misses a meal with his friends and family. Andrew is an avid sports fan. Some of his favorite memories involve watching football and basketball games with his friends. He is hopeful he will share these same passions with our child.

Andrew is someone who loves to be outdoors but also enjoys the peace and quiet of his own home. He loves to go hiking with Nya and looks forward to spending time on his boat on the lake.

Andrew loves being around his family and friends. He is very sociable and gets along with everyone. I am so lucky to have him in my life and I cannot wait to raise a child with him. He is going to be an amazing father.

Our Home...

Our home is where we choose to be silly! We have been blessed to find and live in a beautiful cottage style home with a big backyard that our dog Nya loves to run around in. The property is next to a beautiful nature preserve that we (mostly Nya) get to enjoy thoroughly. We are surrounded by wonderful neighbors and great schools and libraries. We are so fortunate to have a lake front home that we love to spend time at in the summer months. The views and activities are nothing short of incredible. We have made so many beautiful memories with family and friends at this summer home and can't wait to share that with a child.

Nya...

Nya is the sweetest dog and the friend we never knew we needed. We are so grateful she is part of our little family. She is a gentle, playful and very smart pup. We have had Nya for 3.5 years. She is excellent with children. When our friend's children come over, they pull her ears, tail and try to ride on her like a horse, and she is unbelievably gentle with them. She will be a great big sister!

Robert's Family...

My parents, Robert and Dorothy, are very kind, supportive people. They provided unconditional love my entire life and supported me through both good and bad times. My dad's nickname is "the mayor" because he has so many friends. He has a successful career in sales. My mom is a nurse. She is a caring and loyal person who would do anything for the people she loves.

We love spending summer vacations with them. We rent the same house every year in Cape Cod. We go to the beach and enjoy each other's company. My mom and dad are ready to become grandparents and welcome a baby into our family traditions.

I have 2 siblings, an older brother and a much younger sister. Neither of them have children at the moment but my brother is also in the process of adopting a child. My whole family knows that we are adopting and they couldn't be more excited for us.

Andrew's Family

My parents are loving and a lot of fun. My dad can be friends with literally anyone he meets. He has worked in sales for most of his life. My mom is a warm and caring person. She works for a breast cancer Nonprofit organization.

Every year my family celebrates "Thanksmas" in Arkansas when we all get together in between Thanksgiving and Christmas. We spend quality time with the whole family including aunts and uncles. Each Thanksmas, we play fun games together as a family, enjoy delicious meals and watch games. Each Thanksmas also includes our yearly tradition opening stockings where my mom Leslie fills our stockings with personalized gifts and funny gifts. It is a week filled with love and laughter.

I have 2 siblings; both are younger sisters. Ashley is an artist and Julie is a businesswoman. We are so excited Julie is due to have her first child in June with her husband, Michael. We hope to raise our children around the same time. My entire family is thrilled that we are adopting.

We hope that in reading this letter and looking at the special times that we have shared, that you have some sense of who we are, and what a wonderful relationship we have. We know that if we are fortunate to adopt, we will love this baby unconditionally. We live in a wonderful community and have a lot of children in our neighborhood. The schools are excellent and there are many local parks for children to enjoy. Our family and friends live nearby, and they are all looking forward to being an additional support system.

It is our intention to express to you that our marriage is based on trust, love, support, encouragement, and honesty. Our family will grow with these same values. We are excited about this new phase in our journey together and look forward to bringing a child into our home. We are honored to be considered as adoptive parents and would love the opportunity to meet with you.

Warmest regards,
Roberta and Andrew
