

ROBERT  
& TABITHA

# HELLO

We recognize that this is an incredibly difficult decision, and we deeply admire your courage and strength as you navigate this journey. We would be honored to learn more about you and want you to know that, though we have never met, **we are here to support you, respecting your pace and wishes every step of the way.**

Adoption holds a very special place in our hearts because Tabitha was adopted by her father. The unshakeable bond they share means the world to her and is a testament to the beauty of adoption. **We would be very open to learning about your preferences regarding openness and would absolutely make that a top priority.**

Our hope is that through these pages, you will see the love, warmth, and dedication we have built together and how eager we are to grow our family. **Our lives are rooted in kindness, service, and creating meaningful memories.** Thank you for taking the time to learn about us.

With Gratitude and Respect,

*Robert + Tabitha*

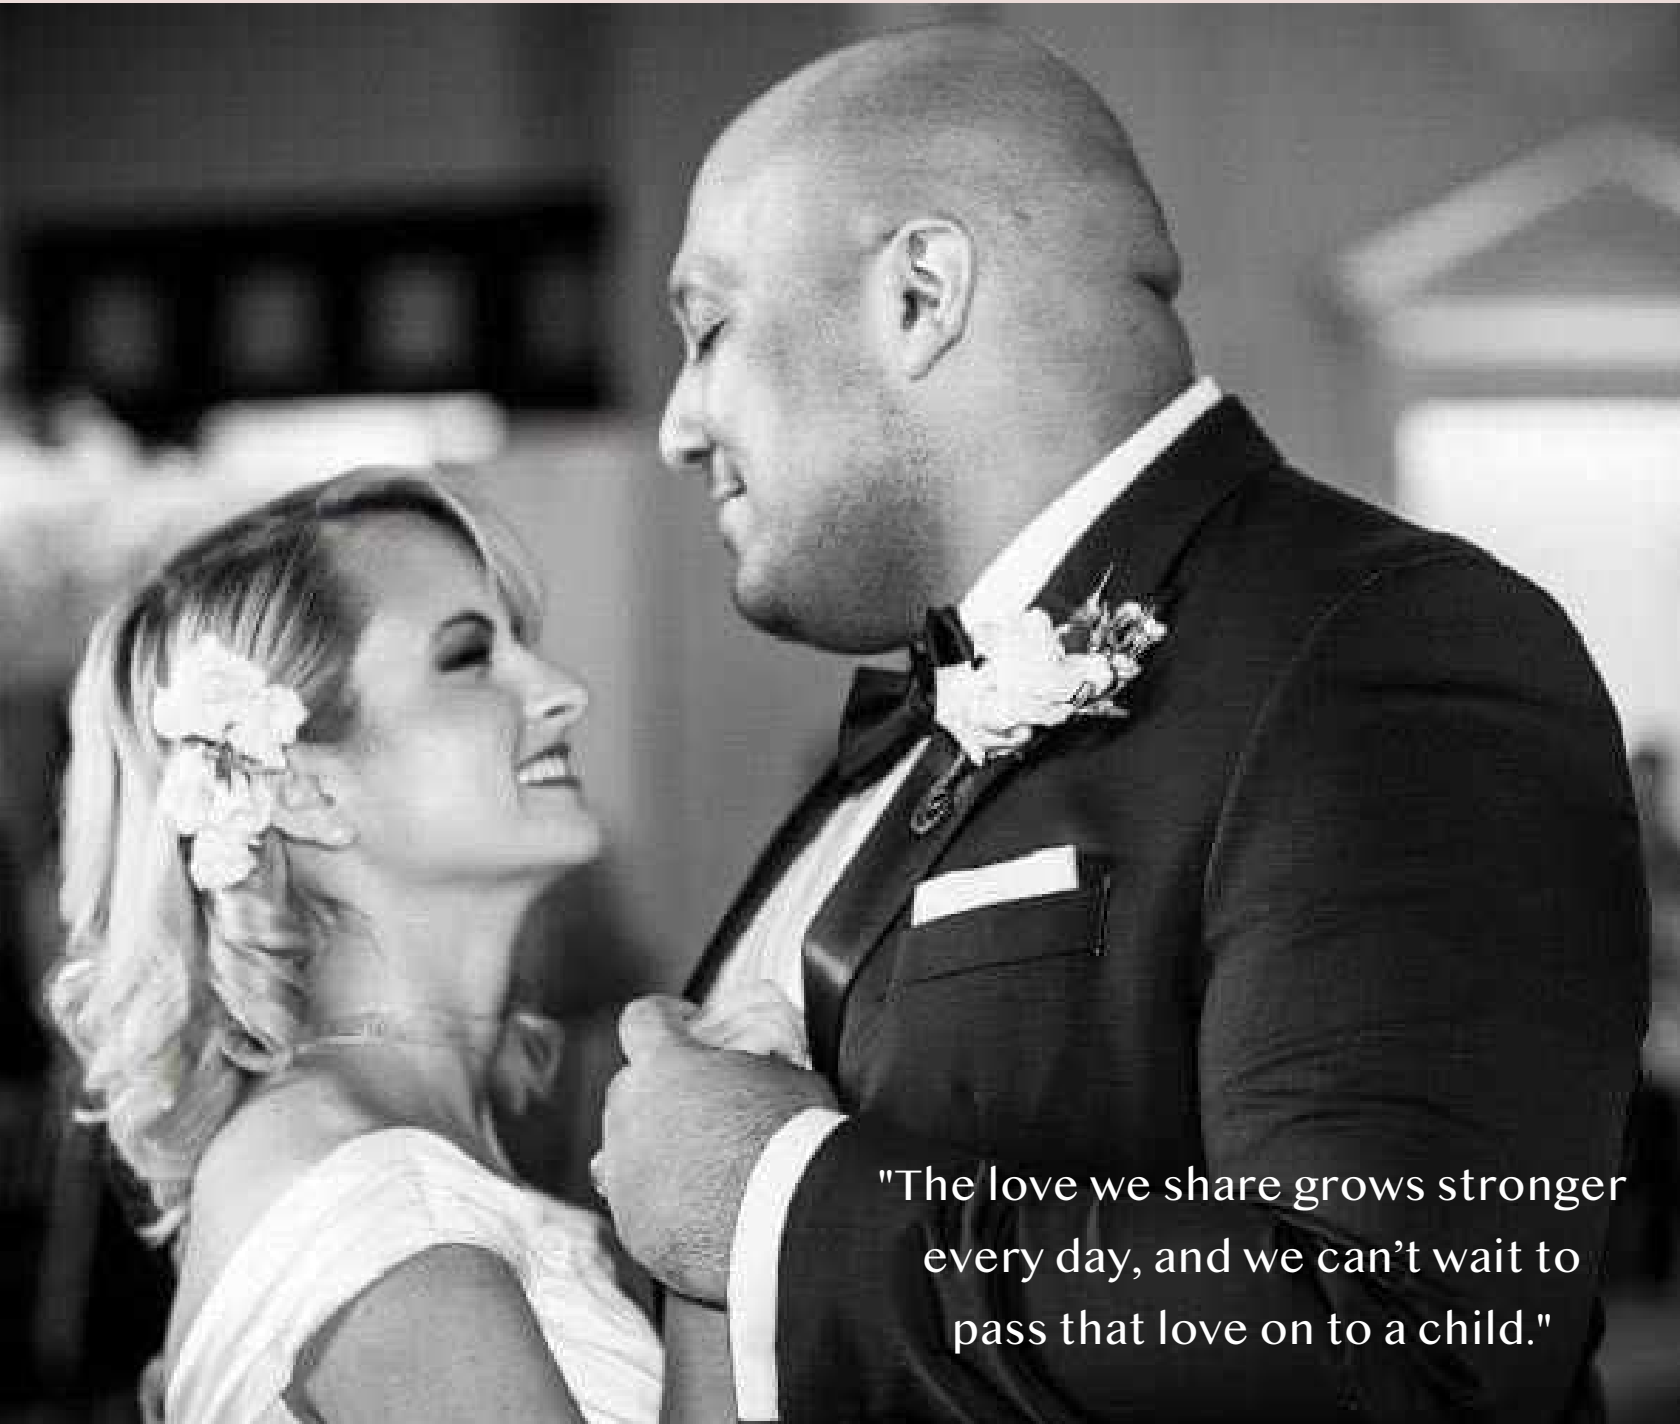

# THE LOVE WE SHARE

We met through eHarmony and connected over shared values and a love for family.

After weeks of conversations, we finally met in person. Despite a rainstorm, the date was magical. Robert surprised me with my favorite flowers, and we spent hours talking and laughing. Six months later, we were engaged, and just over a year after meeting, we were married at a beautiful hotel in Florida.

**Over the past seven years, we have built a strong foundation of communication and mutual respect.** We love traveling the world together, trying new foods, and hosting themed gatherings for our loved ones. Through life's challenges, including moving to a new state and navigating the loss of a parent, we've grown even closer. **We are thrilled to welcome a child into our lives and share all the love, adventures, and experiences we cherish. Parenthood is the greatest privilege we could imagine.**

"The love we share grows stronger every day, and we can't wait to pass that love on to a child."

# Meet ROBERT

Robert is the calm to my storm and one of the most compassionate people I know. **His ability to stay composed in stressful situations makes him an incredible doctor and partner.** Robert's charisma and charm draw people to him, and his knowledge about the world never fails to amaze me. He has a deep passion for college football (Go Gators!) and recently discovered a love for Formula 1 racing.

Robert's gentle heart and easygoing nature will make him a remarkable father. **He will be the dad cheering on the sidelines, helping with science projects, and encouraging a child to dream big.** I can't wait to see him experience fatherhood, from bedtime stories to sharing his love of sports and cooking. A child will always feel safe, supported, and cherished with Robert as their dad.

# OUR FRIENDS AND FAMILY

**We are blessed with a close-knit and supportive family eager to welcome a child.**

Tabitha's sister, Heather, can't wait for her kids to have a cousin and is looking forward to beach vacations and holiday traditions together. Robert's brother, Ronald, is excited to share his wisdom and love of running with his first niece or nephew.

Our mothers, Lucia and Lisa, are overjoyed at the thought of becoming grandmothers. They've already offered to help during the baby's early years and are excited to teach a child Spanish, cook family recipes, and pass down cherished traditions. **Our circle of friends and family comes from diverse backgrounds, and everyone is eager to celebrate a child's cultural identity, advocate for them, and ensure they always feel supported by a warm, welcoming, and loving community.**

# Our HOME

Our home is a welcoming space where love and happiness thrive. We live in a family-friendly neighborhood with a playground, community pool, and regular kid-focused events like Easter egg hunts and arts and crafts days. **We love that we live in a vibrant and inclusive community where children of all backgrounds thrive.**

Our spacious backyard is perfect for playing with our two beloved beagles, and we love baking cookies and hosting holiday celebrations.

We can't wait to share with a child - themed movie nights, board games, and quiet moments spent reading together. Our dream is for our home to be a place where a child feels safe, cherished, and inspired to dream big. From decorating a nursery to creating new family traditions, we are ready to turn our house into a loving home for our growing family.

## Meet CASHY+SARAH

We have two lovable beagles, Cashy and Sarah, who bring so much energy and joy to our home. Cashy is curious and playful, always ready for an adventure, while Sarah is sweet and gentle, happiest when curled up beside us. **They adore children and can't wait to have a little one to join them on walks, play fetch, and sneak them extra belly rubs.**

# Our FUN

We find delight in both grand adventures and simple joys. **Traveling is one of our favorite activities, and we look forward to exploring the world with a child, from the hot springs of Iceland to the art museums of Paris.** At home, we enjoy baking, walking our dogs, and hosting themed parties like pumpkin-carving contests or Friendsgiving dinners.

We also love attending sporting events, working out together, and experimenting with new recipes. **Whether it's dancing in the living room, building snowmen, or cheering for our favorite team, we can't wait to share these moments of love and laughter with a child.**
