

Hoping to adopt!

Daniel, Aleena
Isaac, Hannah and Selah

We are the Notary family! We live in beautiful Colorado where we spend lots of time outside and with our church community, cousins and grandparents. Conceiving children is no longer a possibility for us, and we are so excited to grow our family through adoption! Thank you for considering us.

We have 3 awesome kids who are energetic, kind and excited to have another sibling. Our family loves to laugh and tries to do so even on the hard days. We are committed to honoring God in our family and giving each other our best.

About Daniel:

Being married to Daniel is the best thing I've done with my life. He is my best friend and can make me laugh in literally any situation.

Daniel works hard and is very generous with his time and energy, always prioritizing me and the kids. He is loyal and a good leader for our family, and our kids are always excited to see him after work. I admire that he perseveres and always finishes what he starts.

About Aleena:

This is my wife Aleena. She agreed to marry me over 12 years ago and it's been the most amazing time of my life. She is very smart and driven, and considerate of all those around her.

Her love and care for our kids is very special and they love her tons.

As a great mother and wife, she also takes care of us by making amazing food for us. We love her and are blessed greatly by her!

Our story

We met in 2009, dated for 2 years and then had a short engagement and married in 2012. Denver was our home until 2021. We moved to Colorado Springs and we love it here. We live close to two of our sisters and their families.

Daniel works from home as a Software QA Engineer. Aleena used to work in medical software but is very happy being a productive stay at home mom.

Aleena runs a small home bakery business, loves to garden and workout. She loves to let the kids join in these things! She is excited to teach science experiments to the kids this summer.

Daniel loves music and plays drums at our church, he also likes to workout in our home gym and loves reading to the kids. He has already read the Chronicles of Narnia and The Hobbit with Isaac.

Isaac (7) is such a sweet big brother. He looks out for his sisters and includes them in his interests, which include looking for bugs and taekwondo.

Hannah (5) loves animals and enjoys art. Hannah is sweet and sensitive and has a remarkable ability to remember SpongeBob quotes.

Selah (3) is a hilarious little girl. She keeps us laughing and loves to wrestle with her siblings.

Some of our favorite family times are spent in our backyard and neighborhood

For Hannah's 5th birthday, Daniel built her a swingset!

We love to take road trips as a family. In the past few years we have driven to South Dakota, Utah and Arizona! We've also been blessed to go to Florida and Lake Tahoe with grandparents. Our kids are always up for an adventure and we love to bring them with us.

We were so blessed to go to Lake Tahoe with Daniel's dad (Al) and his wife Christy in 2023

We also enjoyed time in Sedona with Daniel's mom (Janet) in 2024

We live on a cul-de-sac in a very family friendly neighborhood in Colorado Springs. Our home is big and has a wonderful backyard, and easy access to a bike trail!

Our kids are so excited to have another sibling, Isaac and Hannah drew some pictures to give to our new family member. Selah didn't finish her picture, but is practicing taking care of her dolls instead.

Thank you for choosing life and a family for your child. Adoption has been on our hearts for a long time, and we know this is a huge decision to be made in love. We believe this same kind of love has been shown to us by God, and we want to grow our family according to this great mercy.

We promise to love our children and give them our best. We promise to raise them in the nurture and admonition of the Lord. It's our honor to be parents, thank you for considering us in this decision.
